**Taylor Swift for Adults** Kev Nickells, 2024-07-30 **Taylor Swift for Adults** is a tantalizing opening salvo in Swiftology the study of the work of Taylor Swift While Swift's private life has been covered to death her talent as a lyricist has rarely been analyzed Until now Swifties are well aware that she's a lyricist par excellence but this book makes that case to the unbelievers Swift's gift as a songwriter is not merely sentimentality and circumstance and this book takes a deep look at her 10 albums to isolate what makes her a beloved lyricist for millions Any serious study of a lyricist or poet needs to establish what are the tropes the patterns and the style of that artist and this book does precisely that With careful attention to poetic detail the scansion flow and form of her writing this brings out those details that pass by in a flash on the radio bringing them fully into focus Many have made the argument that Swift is a gifted lyricist in online forums and YouTube comments but this is the first time in writing those arguments have been given shape and serious attention It's a book aimed at adults but not puffed bores taking a subject seriously can also mean laughing at swearwords and sex metaphors Rather than puffed and straitened this is a lightly witty book expressing at its core a deep

affection for this generation's favorite songwriter      Legal Language and Business Communication Anurag K. Agarwal, 2019-04-23 This book discusses the proper use of legal language in business communication While communicating a business leader has to bear in mind the relevant legal framework and be sure to never violate it However legal language in itself can be so complex and difficult that it is often unclear as to what meaning can be ascribed to different words and phrases used in a particular context Also while it's easy to say that there are certain limits to the law those limits are not readily visible to the uninitiated occasionally even experts flounder Exploring precisely these topics the book will be of interest to students of business law and business communication managers lawyers researchers practitioners and general readers alike      Seven Things God Hates Dr. Clarence Talley Sr., 2018-05-30 In Seven Things God Hates you will discover that God is not only a God who loves but also a God who hates Just as divine love permeates the pages of scripture so does divine hatred for evil and evildoers who act contrary to the will of God The Bible emphatically states that God is love 1 John 4:8 However he is also a God who has a holy abhorrence for both sin and specific sinners whose sins are an abomination in His sight The whole thrust of the Old and New Testament hinges on the love of God for man and His disdain for sin The epitome of God's love for man is seen in the person of Jesus Christ the gift of God to mankind God's hatred for evil and wickedness is also evident It is an often ignored characteristic of the Lord but a divine characteristic nonetheless This study examines seven particular things God hates that are expressed in Proverbs 6:16-19 and further expounded on throughout scripture Get inspired by Dr Talley's teachings on the seven things God hates His teachings will give you a better understanding of the mind of God and enlighten your perspective about the love of God and His disgust for sin      *No Nonsense: Attract New Customers* Jerry R. Bostic,Jim Bostic Th. Ds.,2012-12 Life for many people does not offer much to be celebrated Finances are tight relationships have gone badly health concerns have risen children are becoming unmanageable and it has caused many people to feel defeated The Daily Words of Encouragement will lift the broken hearted give hope to the hopeless and bring healing for your soul *A Game with the Mind* John A. Fosse,2022-08-01 A Game with the Mind to See What You Can Find reveals what is truly in the mind and heart of the reader Through the exercises and examples carefully sequenced for progressive learning one will experience both the why and how of the personal poetic experience The instructive flow of A Game with the Mind leads the reader through the process of learning about one s innermost self One will find the advantage of dealing with one s own adversities emotions or even successes in a way that will lead to solutions understandings and even revelations about oneself The greatest difficulty about understanding the value of poetry lies in its most valued use It is not to beautify speech as much as it is to learn of one s innermost thoughts pertaining to any situation that is emotionally spiritually or physically felt The beauty of poetry comes through the illuminating voice of the inner self This book leads one to this objective The how

of poetry seems to be the most elusive for the beginner How or where does one begin and how does one continue This book teaches a simple methodology for the beginner It points the way to extract feelings from your mind and heart that you are unaware of It creates an aha for the soul in seeing solutions to problems or finding peace through new understanding In essence this book is either a self help book or an English teacher s textbook for poetry The book progressively works through assignments from the simple basic poetry on toward most styles of poetry of the last two to three hundred years It shows how these can be used today to express our varied feelings and emotions      *Proverbs (Baker Commentary on the Old Testament Wisdom and Psalms)* Tremper III Longman,2006-06-01 With Proverbs veteran Old Testament scholar Tremper Longman III offers an accessible commentary on one of Scripture s most frequently quoted and visited books With his deft exegetical and expositional skill the resulting work is full of fresh insight into the meaning of the text In addition to the helpful translation and commentary Proverbs considers theological implications of these wisdom texts as well as their literary historical and grammatical dimensions Footnotes deal with many of the technical matters allowing readers of varying interest and training levels to read and profit from the commentary and to engage the biblical text at an appropriate level This built in versatility has application for both pastors and teachers This is the second volume in the Baker Commentary on the Old Testament Wisdom and Psalms series      Vamped David Sosnowski,2004-08-04 Martin Kowalski is an eighty year old man stuck in a twenty year old body He works the graveyard shift He has a poster of Bela Lugosi on his wall and a box of uneaten Count Chocula in his pantry He drinks stem cell derived blood from cleverly packaged and marketed juice boxes He is in short a vampire But since his wildly successful scheme to turn as many mortals as possible into vampires vamp them rather than kill them resulted in a new immortal majority Marty finds little of interest to fill his countless days From the deeply imaginative mind of David Sosnowski who gave us the critically acclaimed junkie angel classic Rapture bursts this neo vampire novel studded with pint size vampires known as screamers children who were vamped and are none too happy about it priest vampires who helped convert their flock into lifetime members of the Church stripper vampires who lap danced their way into customers veins and one very small very outspoken human girl When Marty decides to end his endless life of soul crushing ennui call it vampire affluenza a three foot blond obstacle is thrown in his path Isuzu Trooper Cassidy a refugee from a human hunting preserve At first he thinks midnight snack but before the sun comes up Isuzu is the one snacking on his prized cereal collection as she charms him into staying undead long enough to raise her in a world rife with danger and almost entirely populated by vampires yearning for the taste of real human blood The critics applauded David Sosnowski when Rapture was published saying he staked out a patch of turf somewhere between Franz Kafka and Douglas Adams Now with Vamped Sosnowski takes on a time honored genre and breathes new life into it by turning Martin Kowalski s vampire world upside down and telling his story with rich masterful and frequently hilarious prose      **#Tbh** Regan Blanton King,2018-04-04 Millennials are an odd breed They often feel misunderstood and others admit to finding them hard to
