Lord Who Are You The Names Of Christ:

Lord, who are You? Jorge Medina Estévez, 2004 The names of Christ are certain words or titles that are used in Sacred Scripture to refer to Christ One of them Jesus is a name in the sense in which we commonly use this word today The others which are quite numerous and which are used with varying frequency denote the nature or essence of Jesus as for example Son or Word or some characteristic of his action for instance the fact that he is Shepherd or Master Sometimes these names do not designate Jesus exclusively as is the case with shepherd and son of God although they are applied to him in a very special way There are other names that pertain only to Christ such as Lamb of God and Bread of Life The purpose of this little book is simply to reflect about and meditate on the names of Christ in order to draw near to him with humility so we may know who he is and what sort of blessings the Father imparts to us through him The fruit of such reflection should be the praise of God for his love and for the wonders he has done and continues to do for us gratitude for all his boundless gifts and as a consequence love for him who loved us first There is not one logical order for the names of Christ one presupposes the other and they are intertwined like flashes of light reflected from the various facets of a cut diamond Thus the reader as he becomes acquainted with this subject will discover little by little a rich and limitless prospect for learning about Christ through the Scriptures he will see the unsearchable riches of Christ Eph 3 8 and in these riches find joy peace and a pattern of life Book jacket [A Concordance of the Proper Names in the Holy Scriptures](#) Thomas David Williams, 1923 **The Hebrew Names of God** Sipporah Y. 'The Real Scriptures' of God James Platter, 2012-08-14 Inside the covers of this book you will find the Real Scriptures of the Christian churches Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain washed to believe that is about the other inferior books It isn't in the canon of scripture formed of course by the early Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate but they are not affected by the changes they made to the canon of Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world So is European Christianity based in the Vatican City right about all its holy scriptures while everyone else's church scriptures are false scriptures Ethiopia it seems got most books of scripture right even with their translation into an ancient language
