Matthew McMahon,2017-10-26 This book is about hearing the Word of God preached boldly plainly and faithfully It is particularly aimed at the Christian sitting in the pew who is required by God to hear the Word of God preached with spiritual profit to their soul However many pastors today would also do well to hear the contents of these chapters since their performance allows or not the ability for the Christian to accomplish the intended ends when they hear the Word preached If they are negligent in preaching the hearer can never do his commanded duty One might think that a book about preaching concerns hermeneutics or exegesis or more especially homiletics and not particularly directed towards the Christian This work however is neither about hermeneutics or homiletics per se It is primarily directed at the Christian hearer though much will be said about the minister and his pulpit ability Many good books have dealt with being called to the ministry or being faithful in study for preaching or for aid in sermon preparation Though this work may touch on all these things and much more it is really directed at what Christians ought to expect when the minister stands up to preach in the pulpit If the

minister is not fulfilling his office as it should be intended what is the final result What should the congregation see hear and expect in this regard biblically speaking Reader what do you expect **Sister Freaks** Rebecca St. James,2008-11-15
