**AND RECITATIONS** ,1918 'The Real Scriptures' of God James Platter,2012-08-14 Inside the covers of this book you will find the Real Scriptures of the Christian churches Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain washed to believe that is about the other inferior books It isnt in the canon of scripture formed of course by the early Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate but they are not affected by the changes they made to the canon of Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world So is European Christianity based in the

H. Griffith, 1920 In the dim twilight preceding the dawn of Indian literature the historical imagination can perceive the forms of Aryan warriors the first Western conquerors of Hindustan issuing from those passes in the north west through which the tide of invasion has in successive ages rolled to sweep over the plains of India The earliest poetry of this invading race whose language and culture ultimately overspread the whole continent was composed while its tribes still occupied the territories on both sides of the Indus now known as Eastern Kabulistan and the Panjab That ancient poetry has come down to us in the form of a collection of hymns called the Rigveda The cause which gathered the poems it contains into a single book was scientific and historical The number of hymns comprised in the Rigveda in the only recension which has been preserved that of the Akala school is 1017 or if the eleven supplementary hymns called Valakhilya which are inserted in the middle of the eighth book are added 1028 These hymns are grouped in ten books called mandalas or cycles which vary in length except that the tenth contains the same number of hymns as the first In bulk the hymns of the Rigveda equal it has been calculated the surviving poems of Homer      **Dramatic scenes** Walter Savage Landor, 1892      **Poems** Walter Savage Landor, 1909

*The Complete Works of Alfred, Lord Tennyson, Poet Laureate* Alfred Tennyson Baron Tennyson, 1884      **The Siva Purana Part 4** J. L. Shastri, 2017-01-01 The Purana is a class of literature that treats of ancient religion philosophy history sociology politics and other subjects It is an encyclopedia of various branches of knowledge and ancient wisdom It has been defined as a class of literature that contains material on the topics of Creation Dissolution of Manus Ages of Manus Genealogies and the History of glorious kings For dealing primarily with these subjects it has been called Pancalaksana a title that was incorporated in the Puranas themselves and had become popular by the Fifth Century A D for it was included by Amarasimha in his lexicon Amarakosa But as the process of interpolation continued the Pancalaksana definition was found inadequate The Puranic redactors adopted a Dasalaksana definition that suited the contemporary text Still the dynamic forces were at work and the process of insertion modification and abridgment went on and it was soon discovered that the Dasalaksana definition too fell short of an actual fact It was found that the puranas contained certain aspects that were not covered by any five or ten characteristics The Puranas are divided into two classes the Maha puranas and the Upapuranas Each class consists of eighteen puranas Thus the number of the Puranas is thirtysix Mahapuranas are classified into different categories Vaisnava Brahma Saiva etc Sivapurana has all the characteristics of a Mahapurana According to the ancients a Mahapurana contained five main characteristics that concerned either early religion or traditional history Sivapurana possesses the conventional characteristics of a Mahapurana in common with its other colleagues These entitle it to the status of a great Purana But its real greatness lies in expounding the philosophical background of Siva ritual The Purana conceives Siva as the eternal principle the supreme god the cosmic soul the support of all existence But the ignorant aspirant bound in

the meshes of illusion goes in quest for knowledge and imagines that his lord has a personal form possessed of attributes distinct from his self who in moments of distress responds to his prayers and bestows grace
