The Girl Child in the Life, Lore and Literature of Bengal

Nivedita Sen, 2024-10-21 Contemporary children's literature in Bangla celebrates irreverent defiant and deviant boys whose subversive doings critique the parenting and schooling they go through while the girl child is neglected and marginalised. The rare fictional girls who show resilience and demand a normal childhood are consciously silenced or contained and assimilated within unwritten masculinist norms. This book a compilation of translated works of the author critic and academic Sibaji Bandyopadhyay focuses on gender and childhood in Bengal. The book includes a translation of his Bangla Shishusahityer Chhoto Meyera Little Girls in Bangla Children's Literature as well as a translated essay on Thakurma Jhuli Grandma's Sack a collection of Bangla folk tales and fairytales from early twentieth century that underscores the subaltern role of adolescent female characters with hardly any agency or voice in the oral legends and folklore of Bengal. The translation of the piece An Incredible Transition from Bandyopadhyay's Abar Shishushiksha On Children's Education Again applauds the role of Indian social reformers and British educationists in initiating women's education in Bengal while questioning the erasure of protagonists who are girls in the nineteenth century primers. Interrogating gendered constructions in diverse genres of literature while revisiting the subject of female education this book will be of interest to students of children's literature comparative literature popular literature gender studies translation studies culture studies and South Asian writings.

Sicker,2023-02-22 The fundamental basis of Judaism as is well known is the Torah the teachings contained in the Pentateuch the five biblical books the composition of which is traditionally attributed to Moses These teachings may be grouped in two basic categories matters between man and man individually as well as societally and matters between man and God The basic guidelines that apply in matters between man and man are referred to as mishpatim or ordinances whereas those applying to matters between man and God are referred to as statutes The fundamental distinction between the two categories is that the ordinances are subject to human judgment whereas the statutes are not the divine reason for them a mystery about which people may speculate but cannot know for certain The present work is primarily concerned with four

statutes that have direct and significant impact on the lives of those committed to compliance with them Since simply rejecting any of them is not an acceptable option over the millennia since their codification in the Torah efforts have been made to deal with them under conditions that are significantly different from those that prevailed at the beginning of their revelation Given that the statutes as set forth in the Torah cannot be tampered with issues have been raised regarding how they are to be applied in the contemporary Jewish world These reflections are not intended to propose answers to those issues but only to clarify their significance and their present treatment in the various schools of Judaic thought **Aging**
