Los Angeles Biography Of A City:

Los Angeles John Walton Caughey, Laree Caughey, 1977 **Los Angeles** John Caughey, Laree Caughey, 1977

Material Dreams Kevin Starr, 1990-04-12 Kevin Starr is the foremost chronicler of the California dream and indeed one of the finest narrative historians writing today on any subject The first two installments of his monumental cultural history *Americans and the California Dream* have been hailed as mature well proportioned and marvelously diverse and diverting The New York Times Book Review and rich in details and alive with interesting and sometimes incredible people Los Angeles Times Now in *Material Dreams* Starr turns to one of the most vibrant decades in the Golden State's history the 1920s when some two million Americans migrated to California the vast majority settling in or around Los Angeles In a lively and eminently readable narrative Starr reveals how Los Angeles arose almost defiantly on a site lacking many of the advantages required for urban development creating itself out of sheer will the Great Gatsby of American cities He describes how William Ellsworth Smyth the Peter the Hermit of the Irrigation Crusade the self educated Irish engineer William Mulholland who built the main aqueducts to Los Angeles and George Chaffey who diverted the Colorado River transforming desert into the lush Imperial Valley brought life supporting water to the arid South He examines the discovery of oil the boosters and land developers the evangelists such as Bob Shuler the Methodist Savanarola of Los Angeles and Aimee Semple McPherson and countless other colorful figures of the period There are also fascinating sections on the city's architecture the impact of the automobile on city planning the Hollywood film community the L A literati and much more By the end of the decade Los Angeles had tripled in population and become the fifth largest city in the nation In *Material Dreams* Starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose **LA Sports**

Wayne Wilson, David K. Wiggins, 2018-02-15 *LA Sports* brings together sixteen essays covering various aspects of the development and changing nature of sport in one of America's most fascinating and famous cities The writers cover a range of topics including the history of car racing and ice skating the development of sport venues the power of the Mexican fan base in American soccer leagues the intersecting life stories of Jackie and Mack Robinson the importance of the Showtime Lakers the origins of Muscle Beach and surfing sport in Hollywood films and more **The Very Hungry City** Austin

Troy, 2012-01-01 This book explores how cities around the world consume energy assesses innovative ideas for reducing urban energy consumption and discusses why energy efficiency will determine which cities thrive economically in the future Provided by publisher **History of California** , **L. A. Freeway** David Brodsky, 1983-01-01 **Los Angeles From the Mountains to the Sea** John Steven McGroarty, 2015-07-07 Excerpt from *Los Angeles From the Mountains to the Sea* With Selected Biography of Actors It seems that as a general custom centuries old a book must have what is known as a Preface In former times when a book was nothing if not ponderous the Preface was a thing to daunt the reader at the very start it was so big and so heavy and it had such a serious countenance For my part I could never quite see the use of a Preface at all If a

man is to tell a story and every book especially a narrative of history is a story why not begin at once with it without any hems or haws as the saying is Still there are times and instances when a Preface may well serve a good purpose and it may be that this story of the Wonder City of Los Angeles is a case in point Anyway the publishers eager and anxious that nothing should be left undone have a serious conviction that there should be a Preface to this book no matter What argument there might be as to any other So we must have a Preface to the Book of the Wonder City But it will be a short Preface it will be brief and with as little waste of words and time as possible because no matter into whose hands whatever this book falls he will be keen to get at it and with as few by paths as possible to travel And what I have to say therefore prefatory to the book is that it is the true story of a great City that was founded by order of the King in the old days when the Western World was new It is the story of a City that for a century of time after its birth showed few signs of promise but which has now come to be the Greatest City of Western America and the metropolis of California the Land O Heart s Desire About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Building Art Paul Goldberger, 2017-11-14 From Pulitzer Prize winning critic Paul Goldberger a full fledged critical biography of Frank Gehry undoubtedly the most famous architect of our time Fascinating An informative startling journey into the inner sanctums of modern architecture s power structure The New York Times Book Review Riveting Full of little known facts about the Pritzker Prize winner that will surprise the most knowledgable Gehry philes Architectural Digest Goldberger follows Gehry from his humble origins the son of working class Jewish immigrants in Toronto to the heights of his extraordinary career He explores Gehry s relationship to Los Angeles a city that welcomed outsider artists and profoundly shaped him in his formative years He surveys the full range of his work from the Bilbao Guggenheim to the Walt Disney Concert Hall in L A to the architect s own home in Santa Monica which galvanized his neighbors and astonished the world He analyzes his carefully crafted persona in which an amiable surface masks a driving ambition And he discusses his use of technology not just to change the way a building looks but to revolutionize the very practice of the field Comprehensive and incisive Building Art is a sweeping view of a singular artist and an essential story of architecture s modern era *It Happened in the Old West* Erin H. Turner, 2017-06-01 These are the stories of what happened in the West as the trickle then flood of Easterners and immigrants first began to flow into the plains deserts and mountains between the Pacific Ocean and the Mississippi River and finally far north into The Last Frontier While some events would have happened regardless who was there earthquakes storms droughts and other natural disasters it was because of this influx of humanity that those

events were recorded and have become part of America's history. Amid tales of loss and horror are accounts of survival and success. And among the countless adventurers who found the lure of wide open spaces and untapped resources to be as strong as the Sirens song to Odysseus, many found the determination to thrive in the West. And thrive they did even better for what they lacked in resources they made up in resourcefulness becoming inventors, entrepreneurs, scientists, activists, explorers, and more.

Encyclopedia of Immigration and Migration in the American West Gordon Morris Bakken, Alexandra Kindell, 2006-02-24 Through sweeping entries focused on biographies, community histories, economic enterprise analysis, and demographic studies, this Encyclopedia presents the tapestry of the West and its population during various periods of migration. Examines the settling of the West and includes coverage of movements of American Indians, African Americans, and the often forgotten role of women in the West's development.

HISTORICAL & BIOGRAPHICAL RECO James Miller 1834-1918 Guinn, 2016-08-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps, as most of these works have been housed in our most important libraries around the world and other notations in the work. This work is in the public domain in the United States of America and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity, individual, or corporate has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant.

The National Cyclopædia of American Biography, 1906

World Cities, City Worlds William Solesbury, 2018-12-17 When living and working in cities, we need to make sense of them in order to get by. We must delve below their surface to understand what makes them tick and how we can best engage with them. This book argues that three tropes can help us: namely, metaphors, icons, and perspectives. Metaphorically, we can see the city as a community, a battleground, a marketplace, a machine, or an organism. Some cities are iconic; they present us with characteristics that are more generally true of cities and city life, such as Venice, Mumbai, New York, Tokyo, Paris, and Los Angeles. Cities can also be viewed from different perspectives: those of artists, analysts, rulers, and citizens. This book explores these ways of understanding cities, drawing on rich accounts of cities across the world and through time.

Houses and Homes Barbara Howe, 1997 This volume in the Nearby History series helps the reader document the history of a home. The reader will learn to examine written records, oral testimonies, visual sources, and the house's surroundings. The author covers American housing patterns, the individual characteristics of houses in different regions, construction techniques and materials, household technology, and family life styles. *Houses and Homes* is Volume 2 in The Nearby History Series.

Embattled Dreams Kevin

Starr,2002-05-23 The State Librarian of California presents the sixth volume in Americans and the California Dream one of the great ongoing works of American cultural history 38 halftones **Regional Connector Transit Corridor Project** ,2012

The Twentieth-Century American City Jon C. Teaford,2016-09-15 Touching on aging central cities technoburbs and the ongoing conflict between inner city poverty and urban boosterism The Twentieth Century American City offers a broad accessible overview of America s persistent struggle for a better city *American Biography* ,1928 **Japanese American Relocation in World War II** Roger W. Lotchin,2018-05-03 In this revisionist history of the United States government relocation of Japanese American citizens during World War II Roger W Lotchin challenges the prevailing notion that racism was the cause of the creation of these centers After unpacking the origins and meanings of American attitudes toward the Japanese Americans Lotchin then shows that Japanese relocation was a consequence of nationalism rather than racism Lotchin also explores the conditions in the relocation centers and the experiences of those who lived there with discussions on health religion recreation economics consumerism and theater He honors those affected by uncovering the complexity of how and why their relocation happened and makes it clear that most Japanese Americans never went to a relocation center Written by a specialist in US home front studies this book will be required reading for scholars and students of the American home front during World War II Japanese relocation and the history of Japanese immigrants in America
