## Los Angeles In Fiction:

Los Angeles in Fiction David M. Fine, 1984      *Imagining Los Angeles* David Fine, 2016-06-01 The literary image of Los Angeles has evolved since the 1880s from promotional literature that hyped the region as a New Eden to contemporary visions of the city as a perplexing sometimes corrupt even apocalyptic place that reflects all that is wrong with America In *Imagining Los Angeles* the first literary history of the city in more than fifty years critic David Fine traces the history and mood of the place through the work of writers as diverse as Helen Hunt Jackson Mary Austin Norman Mailer Raymond Chandler Joan Didion Carolyn See and many others His lively and engaging text focuses on the way these writers saw Los Angeles and used the image of the city as an element in their work and on how that image has changed as the city itself became ever larger more complex and more socially and ethnically diverse This is essential reading for anyone interested in the literature and changing image of Southern California      **Los Angeles** Peter Moore Smith, 2005 A beautiful neighbor's arrival and her eerie disappearance knocks Angel Veronchek's solitary reclusive life off balance and plunges him into the sinister world of Los Angeles nights a world of secrets that aren't meant to be told and people who aren't meant to be found

*Animals in Detective Fiction* Ruth Hawthorn, John Miller, 2022-12-06 This book explores the vast array of animals that populate detective fiction If the genre begins as is widely supposed with Edgar Allan Poe's Murders in the Rue Morgue 1841 then detective fiction's very first culprit is an animal Animals moreover consistently appear as victims clues and companions while the abstract conception of animality is closely tied to the idea of criminality Although it is often described as an essentially conservative form detective fiction can unsettle the binary of human and animal to intersect with developing concerns in animal studies animal agency the ethical complexities of human-animal interaction the politics and literary aesthetics of violence and animal metaphor Gathering its 14 essays into sections on ontologies ethics politics and forms *Animals in Detective Fiction* provides a compelling and nuanced analysis of the central role creatures play in this enduringly popular and continually morphing literary form
