Los Validos De Franco:

Los validos de Franco Ramón Garriga,1981 *Franco's Justice* Julius Ruiz,2005 Publisher Description *In the Shadow of the Holocaust and the Inquisition* Raanan Rein,2013-10-23 This is an analysis of the reasons for the failure of all efforts to establish diplomatic relations between Israel and Francoist Spain from the late 1940s to the mid 1970s It uncovers the political discussions and the diplomatic moves of each country *Mass Killings and Violence in Spain, 1936-1952* Peter Anderson,Miguel Ángel del Arco Blanco,2014-09-19 Historians have only recently established the scale of the violence carried out by the supporters of General Franco during and after the Spanish Civil War of 1936 1939 An estimated 88 000 unidentified victims of Francoist violence remain to be exhumed from mass graves and given a dignified burial and for decades the history of these victims has also been buried This volume brings together a range of Spanish and British specialists who offer an original and challenging overview of this violence Contributors not only examine the mass killings and incarcerations but also carefully consider how the repression carried out in the government zone during the Civil War long misrepresented in Francoist accounts seeped into everyday life A final section explores ways of facing Spain s recent violent past *El enemigo judeo-masónico en la propaganda franquista* Domínguez Arribas, Javier,2009-04-24 Aunque en la España de los primeros años del franquismo apenas habían judíos ni masones la propaganda del régimen quiso presentarlos como dos fuerzas estrechamente ligadas que conspiraban sin descanso contra los intereses patrios Cabe preguntarse por qué dos grupos tan minoritarios y tan diferentes fueron considerados conjuntamente por la propaganda oficial como el gran enemigo judeo masónico a combatir Qu' beneficio se obtiene a Qu' habrá tras esta suerte de rival imaginario El presente libro estudia la propaganda antisemita y antimasonica de los inicios del franquismo 1936 1945 Se analizan los contenidos de periódicos folletos y libros pero también los de otros medios de propaganda menos estudiados octavillas o carteles Aquí se ofrece al lector una explicación del origen del mito judeo masónico una interpretación de sus funciones y una indagación sobre la postura de Franco y el papel que desempeñó un aspecto poco conocido a Estamos ante una historia a menudo sorprendente en la que se cruzan integristas católicos periodistas masones arrepentidos pretendientes al trono oscuros escritores falangistas más o menos fanáticos españoles y falsarios de condición diversa **Fascism in Spain, 1923-1977** Stanley G. Payne,2000-01-10 Fascism in Spain 1923 1977 by celebrated historian Stanley G Payne is the most comprehensive history of Spanish fascism to appear in any language This authoritative study offers treatment of all the major doctrines personalities and defining features of the Spanish fascist movement from its beginnings until the death of General Francisco Franco in 1977 Payne describes and analyzes the development of the Falangist party both prior to and during the Spanish Civil War presenting a detailed analysis of its transformation into the state party of the Franco regime Falange Española Tradicionalista as well as its ultimate conversion into the pseudofascist Movimiento Nacional Payne devotes particular attention to the crucial years 1939 1942 when the Falangists endeavored to expand their influence and convert the Franco regime into a fully

Fascist system Fascism in Spain helps us to understand the personality of Franco the way in which he handled conflict within the regime and the reasons for the long survival of his rule Payne concludes with the first full inquiry into the process of defascistization which began with the fall of Mussolini in 1943 and extended through the Franco regime's later efforts to transform the party into a more viable political entity

A People Betrayed: A History of Corruption, Political

Incompetence and Social Division in Modern Spain Paul Preston, 2020-06-16 Nowhere does the ceaseless struggle to maintain democracy in the face of political corruption come more alive than in Paul Preston's magisterial history of modern Spain. The culmination of a half century of historical investigation *A People Betrayed* is not only a definitive history of modern Spain but also a compelling narrative that becomes a lens for understanding the challenges that virtually all democracies have faced in the modern world. Whereas so many twentieth century Spanish histories begin with Franco and the devastating Civil War, Paul Preston's magisterial work begins in the late nineteenth century with Spain's collapse as a global power especially reflected in its humiliating defeat in 1898 at the hands of the United States and its loss of colonial territory. This loss hung over Spain in the early years of the twentieth century its agrarian economic base standing in stark contrast to the emergence of England, Germany and France as industrial powers. Looking back to the years prior to 1923, Preston demonstrates how electoral corruption infiltrated almost every sector of Spanish life thus excluding the masses from organized politics and giving them a bitter choice between apathetic acceptance of a decrepit government or violent revolution. So ineffective was the Republic which had been launched in 1873 that it paved the way for a military coup and dictatorship led by Miguel Primo de Rivera in 1923 exacerbating widespread profiteering and fraud. When Rivera was forced to resign in 1930 his fall brought forth a succession of feeble governments stoking rancorous tensions that culminated in the tragic Spanish Civil War. With astonishing detail Preston describes the ravages that rent Spain in half between 1936 and 1939. Tracing the frightening rise of Francisco Franco, Preston recounts how Franco grew into Spain's most powerful military leader during the Civil War and how after the war he became a fascistic dictator who not only terrorized the Spanish population through systematic oppression and murder but also enriched corrupt officials who profited from severe economic plunder of Spain's working class. The dictatorship lasted through World War II during which Spain sided with Mussolini and Hitler and only ended decades later in 1975 when Franco's death was followed by a painful yet bloodless transition to republican democracy. Yet as Preston reveals, corruption and political incompetence continued to have a corrosive effect on social cohesion into the twenty first century as economic crises, Catalan independence struggles and financial scandals persist in dividing the country. Filled with vivid portraits of politicians and army officers, revolutionaries and reformers and written in the absorbing Economist style for which Preston is so revered, *A People Betrayed* is the first historical work to examine the continuities of political unrest and national anxiety in Spain up until the present providing a chilling reminder of just how fragile democracy remains in the twenty first century
