Los Antiguos Mexicanos A Traves De Sus C:

Los antiguos mexicanos a través de sus crónicas y cantares Miguel León Portilla, 2005-01-01 Entrar en los arcanos de la historia y del pensamiento nahuatl a través de sus propias palabras es acercarnos al corazón de un pueblo que vivió la grandeza y el infortunio en carne propia para llegar hasta los más íntimos sentimientos que formaron las bases de una filosofía y de una manera de entender el mundo en mitos, relatos, anales y canciones que expresaron la manera de pensar del pueblo nahuatl. Conocedor de las fuentes históricas y de la arqueología, León Portilla nos lleva por los senderos que nos abren las múltiples esencias de las sociedades que poblaron el valle de México y nos acercan a su quehacer y a su vida cotidiana. Guide to the Hispanic American Historical Review, 1956-1975 Wilber A. Chaffee, Beecher C. Ellison, 1980 *Mestiz@ Scripts, Digital Migrations, and the Territories of Writing* D. Baca, 2008-05-26 Conventional scholarship on written communication positions the Western alphabet as a precondition for literacy. Thus, pictographic, non-verbal writing practices of Mesoamerica remain obscured by representations of lettered speech. This book examines how contemporary Mestiz scripts challenge alphabetic dominance, thereby undermining the colonized territories of writing. Strategic weavings of Aztec and European inscription systems not only promote historically grounded accounts of how recorded information is expressed across cultures but also speak to emerging studies on visual, multimodal education. Baca Espinosa argues that Mestiz literacies advance new ways of reading and writing applicable to diverse classrooms of the twenty-first century. *Evangelicals in Mexico* Dinorah B. Méndez, Dinorah Mendez, 2008 Hymns as a potential tool of theological contextualisation have never been fully explored. This study looks at this function of hymnody in relation to Mexican culture. A sample of hymnody used by evangelicals of different traditions was selected to examine its theology and to compare which kind of hymns or songs were more reliable and appropriate to communicate the evangelical faith in the Mexican context. **The Rhetorical Mediator** Nora K. Rivera, 2024-02-15 The Rhetorical Mediator reveals how and why scholars and user experience (UX) researchers can include Indigenous technical communicators and oral interpretation practices in their interdisciplinary conversations. Nora Rivera analyzes the challenges that Indigenous interpreters and translators face in Peru, Mexico, and the United States as a means of understanding their agency and examines the various ways in which technical and professional communication translation and interpreting studies and UX research can better support the practices of Indigenous interpreters and translators. In places where Indigenous language translation and interpretation are greatly needed, Indigenous language mediators often lack adequate systems to professionalize their field while withstanding Western practices that do not align with their worldviews. Through a design thinking methodology based on her work organizing and participating in an Indigenous-focused interpreter and translator conference, Rivera examines testimonios and semi-structured interviews conducted with Indigenous interpreters and translators to emphasize dialogue and desahogo (emotional release) as Indigenous communication practices. The Rhetorical Mediator advocates for Indigenous language practices that have been sidelined by Western

scholarship and systems helping to create more equitable processes to directly benefit Indigenous individuals and other underrepresented groups This book benefits specialists including UX researchers technical and professional communicators interpreters and translators and Indigenous professionals as well as academics teaching graduate and undergraduate methods Indigenous rhetoric and translation and UX courses *Mexico: From the Olmecs to the Aztecs (Eighth Edition)* Michael D.
