Aquí, Argentina Gabriela Borrelli, 2024-11-01 En Aqu Argentina Gabriela Borrelli Azara conjura con agilidad y astucia una serie de escenas arbitrarias de nuestro legado cultural para intentar desarmar el complejo e interesante entramado que nos define como sociedad Desde hace algunos años la frase Argentina no lo entenderás recorre las redes sociales como estandarte orgulloso de una esencia difícil de explicar Qui define la cultura argentina Qui nes participan en su creación y circulación Qui nos identifica como sociedad Qui es la batalla cultural Como llegamos hasta acá En este libro Gabriela Borrelli Azara crea constelaciones luminosas a partir de ciertos hitos de nuestra herencia literaria plástica y cinematográfica para intentar comprender nuestro presente y darle un sentido a la tensión permanente entre cultura y política Las posibles hojas de ruta para este recorrido son incontables pero Borrelli Azara propone hacerlo a partir de cinco ejes temáticos en el primer capítulo explora la violencia el horizonte de la crueldad y la mentira como extorsión En el segundo a partir de un debate en los últimos tiempos sobre las declaraciones públicas de artistas populares la relación entre la obra de arte y la militancia política Siguiendo las pistas de los territorios que abarca la batalla cultural planteada el tercer capítulo ilumina las representaciones de la diversidad sexual En el cuarto capítulo se repasan nombres e hitos del periodismo argentino que desde el pasado se abren las trampas de los esquemas periodísticos actuales Al final la relación entre cultura y Estado será el eje que permita recorrer experiencias de cooperación creativa entre ambos y también experiencias artísticas que denunciaron la censura cultural Tributario del programa que se transmite por el canal de streaming Gelatina este libro bucea en el pasado para ayudarnos a interpretar algo de nuestro presente e incluso también de nuestro futuro *La minificción en Colombia* Marco Tulio Aguilera Garramuño, Henry González Martínez, 2002 Luis Vidales Alvaro Cepeda Samudio Andrés Caicedo

The House of Rothschild in Spain, 1812-1941 Miguel A. López-Morell, 2016-03-09 Amongst the serried ranks of capitalists who drove European industrialisation in the nineteenth century the Rothschilds were amongst the most dynamic and the most successful Establishing businesses in Germany Britain France Austria and Italy the family soon became leading financiers bankrolling a host of private and government businesses ventures In so doing they played a major role in fuelling economic and industrial development across Europe providing capital for major projects particularly in the mining and railway sectors Nowhere was this more apparent than in Spain where for more than a century the House of Rothschild was one of the primary motors of Spanish economic development Yet despite the undoubted importance of the Rothschild s role questions still remain regarding the actual impact of these financial activities and the effect they had on financial sectors companies and Spanish markets It is to such questions that this book turns its attention utilising a host of archive sources in Britain France and Spain to fully analyse the investments and financial activities carried out by the Rothschild House in Spain during the nineteenth and early twentieth centuries In so doing the book tackles a variety of interrelated issues Firstly fixing the period when the main capital entries sprung from the initiatives taken by the Rothschild family how consequential they really were and the sectors they affected Secondly quantifying the importance of these investments and financial activities and the weight they had on financial sectors companies and Spanish markets as well as in foreign investment in each period Thirdly outlining the steps followed and means used by the Rothschild House in order to achieve the success in each of their businesses Finally analysing the consequences of this phenomenon in the actual growth of Spanish contemporary economy both in a general and in a partial scale By exploring these crucial questions not only do we learn much more about the working of one of the leading financial institutions and the development of the Spanish economy but a greater understanding of the broader impact of international finance and the flow of capital in the nineteenth century is achieved **Los santos**
