weight loss Best selling author Marianne Williamson is about to answer that question for you in her groundbreaking book bringing you 21 spiritual lessons to help you surrender your weight forever These lessons form a holistic paradigm for weight loss addressing the spiritual emotional and psychological elements involved in what Williamson refers to as conscious weight loss If you are a food addict a compulsive eater or someone who for any reason sees food as the enemy this book is for you A Course in Weight Loss addresses the true causal root of your weight loss issues a place within you where you have forgotten your divine perfection This forgetfulness has confused not only your mind but also your body making you reach for that which cannot sustain you and reject that which does As your mind reclaims its spiritual intelligence your body will reclaim its natural intelligence as well The 21 lessons in this book will take you on a deep sacred journey One step at a time you will learn to shift your relationship with yourself and your body from one of fear to one of love And you will begin to integrate the various parts of yourself mind body and spirit to become once again and in all ways the beautiful and peaceful person you were created to be As Williamson writes When it comes to your enjoyment of eating your best days are not behind you but ahead of you So get ready to begin a new relationship with food and with yourself The Birth of a Blessing Edward G. Robinson, 2010-02-17 In The Birth of a Blessing A Fertile Spirit the author compares the Spiritual Birth process with the natural birth process He takes us on a journey step by step that demonstrates Gods work in us and through us as well as how to strengthen our faith in Him No believer man or woman is excluded from spiritual pregnancy For every believer has the right to spiritual blessings Believers must nurture the special seed that is planted within them until it is mature enough to be delivered God has prepared a special blessing for those who love and trust Him As with natural pregnancy the first trimester is the most critical During the earlier stage the enemy lurks in every corner waiting to snatch the seed of the word of God out of the believer like the seed that fell on stony ground That seed was initially received with joy just like the natural news of pregnancy However if the seed is not planted deeply the seed cannot take root as it should Moreover when trouble comes the initial enthusiasm is lost and the pregnancy is aborted This book examines the development of the believers faith and spiritual strength The full term birthing of the blessing is the most anticipated part By the time it comes to fruition believers are certain of their spiritual convictions and faith in God and have gained confidence This however does not guarantee them freedom from trials and temptation Satan is always around to put doubt in the hearts of believers no matter how strong or weak their faith is This book is filled with the Word of God and the works of God It provides clear and concise help in bringing understanding to the preparation that precedes the blessings that God has promised for our lives Not only is this book a valuable resource for every believer truly seeking to know the will of God and walk in it but it is also a powerful teaching tool that will benefit ministry groups of any size I pray that this book will aid in bringing about a supernatural revelation that will change your life forever What God has for you is for you
