research I experience I seek gurus I talk to my peers Yet I remember at the end of it all I am the expert of my own body We may all have the same healthy living goal longer healthier lives but it s ok for each of us to construct our own path to get there Are you ready It s time to start creating yours Carla Birnberg **How to Manage Your Home Without Losing Your Mind** Dana K. White,2016-11-08 Bring your home out of the mess it s in and learn how to keep it under control Housekeeping expert Dana K White shares reality based cleaning and organizing techniques that will help you learn what really works Do you experience heart palpitations at the sound of an unexpected doorbell Do you stare in bewilderment at your messy home wondering how in the world it got this way again You re not alone But there is hope for you and your home Managing your home isn t an all or nothing approach and Dana has broken down the most critical things that you ll need to do to keep up with the housework With understanding honesty and her trademark humor Dana shares her field tested strategies including Exactly where to start to tame the chaos Which habits deserve your focus and will make the most impact How to gain traction in your quest for a manageable home Practical tips you can implement and immediately to declutter huge amount of stuff with minimal emotional drama Cleaning your house is not a one time project it s a series of ongoing and daily decisions Start learning Dana s reality based cleaning and organizing techniques and see how they really work Praise from Readers This book lays out the hard truths of a clean house but in a way that doesn t make me feel silly for not having embraced them before Dana leads you step by step with the heart of a woman who has been there and struggled with the same issues you are currently struggling with Really this is a must read for anyone who wants to learn the secrets that all those organized types seem to know I felt like a failure already Did I really need to read yet another book full of tips and tricks that would leave me feeling worse From the first page I was put at ease Get ready to say goodbye to the stacks of dirty dishes crowding your kitchen counters conquer the never ending piles of laundry and stop tripping over clutter on your living room floor as Dana helps you discover what works for you for your unique personality and in your unique home

Losing Your Head Giuseppe Civitarese,2015-02-10 Losing Your Head Abjection Aesthetic Conflict and Psychoanalytic Criticism looks at the subject of beheading in art as a trope of the destruction of the mind This book discusses both psychoanalytic theory and art criticism It addresses critics readers and spectators interested in the keys of interpretation that psychoanalysis can offer and analysts who are curious to know if artists can help them refine the tools they use every day It asks whether artists have something to say about the concepts of reverie and negative reverie or about change as aesthetic transformation and about aesthetic experience as a paradigm of what is most true and most profound in analysis Why write about beheading Many art galleries feature paintings of heroines performing this cruel act Delilah Salome Judith Yael and others At the antithesis to this there is another theme to be found in painting that consistently garners attention namely the so called Sacred Conversation in which the Madonna holds a small child in her lap and their gazes cross The first scene depicts how a mind is destroyed the second how it is born Losing Your Head analyzes well known artwork from classical literature cinema and contemporary art to enhance psychoanalytic understanding

Passionate Work Renyi Hong, 2022-04-04 In Passionate Work Renyi Hong theorizes the notion of being passionate about your work as an affective project that encourages people to endure economically trying situations like unemployment job change repetitive and menial labor and freelancing Not simply a subject of aspiration passion has been deployed as a means to build resilience and mend disappointments with our experiences of work Tracking the rise of passion in nineteenth century management to trends like gamification coworking and unemployment insurance Hong demonstrates how passion can emerge in instances that would not typically be understood as passionate Gamification numbs crippling boredom by keeping call center workers in an unthinking suspensive state pursuing even the most banal tasks in hope of

career advancement Coworking spaces marketed toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism
