Bailey, 2016-01-25 This multivolume resource is the most extensive reference of its kind offering a comprehensive summary of the misdeeds perpetrators and victims involved in the most memorable crime events in American history This unique reference features the most famous crimes and trials in the United States since colonial times Three comprehensive volumes focus on the most notorious and historically significant crimes that have influenced America's justice system including the life and wrongdoing of Lizzie Borden the bombing of the Sixteenth Street Baptist Church the killing spree and execution of Ted Bundy and the Columbine High School shootings Organized by case the work includes a chronology of major unlawful deeds fascinating primary source documents dozens of sidebars with case trivia and little known facts and an overview of crimes that have shaped criminal justice in the United States over several centuries Each of the 500 entries provides information about the crime the perpetrators and those affected by the misconduct along with a short bibliography to extend learning opportunities The set addresses a breadth of famous trials across American history including the Salem witch trials the conviction of Sacco and Vanzetti and the prosecution of O J Simpson **Encyclopedia of Domestic Violence** Nicky Ali Jackson, 2007-12-11 The Encyclopedia of Domestic Violence is a modern reference from the leading international scholars in domestic violence research The first ever publication of an encyclopedia of domestic violence the principal aim of this title is to provide information on a variety of traditional and breakthrough issues in this complex phenomenon Encyclopedia of Domestic Violence Nicky Ali Jackson, 2007-12-11 The Encyclopedia of Domestic Violence is a modern reference from the leading international scholars in domestic violence research This ground breaking project has created the first ever publication of an encyclopedia of domestic violence The primary goal of the Encyclopedia is to provide information on a variety of traditional as well as breakthrough issues in this complex phenomenon The coverage of the Encyclopedia is broad and diverse encompassing the entire life span from infancy to old age The entries include the traditional research areas such as battered women child abuse and dating violence However this Encyclopedia is unique in that it includes many under studied areas of domestic violence such as ritual abuse torture within families domestic violence against women with disabilities pseudo family violence and domestic violence within military families It is also unique in that it examines cross cultural perspectives of domestic violence One of the key special features in this Encyclopedia is the cross reference section at the end of each entry This allows the reader the ability to continue their research of a particular topic This book will be an easy to read reference guide on a host of topics which are alphabetically arranged Precautions have been taken to ensure that the Encyclopedia is not politically slanted rather it is hoped that it will serve as a basic guide to better understanding the myriad

issues surrounding this labyrinthine topic Topics covered include Victims of Domestic Violence Theoretical Perspectives and Correlates to Domestic Violence Cross Cultural Perspectives and Religious Perspectives Understudied Areas within Domestic Violence Research Domestic Violence and the Law and Child Abuse and Elder Abuse Female Aggression Helen Gavin, Theresa Porter, 2014-12-15 This critique explodes the stereotypical assumption that men are more prone than women to aggression A cogent and holistic assessment of the theoretical positions and research concerning female aggression Examines the treatment punishment and community response to female aggressive behavior Examines topics including sexual power serial murder and the evolution of gendered aggression Treats female aggression in its own right rather than as a counterpart to male violence *American Mass Murderers* Valrie Plaza, 2015-03-02 American Mass Murderers collects nearly 700 pages of information about the most notorious killers in America as well as some of the lesser known murderers

Engendered Death Joseph W. Laythe, 2011-12-16 Engendered Death Pennsylvania Women Who Kill is an historical and interdisciplinary study of women who kill in Pennsylvania from the 18th century to the present It is not an examination of what motivates women to kill although the reader may deduce that from the case studies included Instead it is an examination of how society perceives women who kill and how the gender lens is applied to them throughout the legal process in the media and in the courtroom What makes this work particularly unique is its combination of both scholarly analysis and narrative case studies As such it will appeal to both the scholar and the reader of true crime non fiction If we are to recognize the complex variables at play in all criminal offenses we will need to understand that the laws of a community its social values its politics economics and even geography play a factor in what laws are enforced and against whom they are enforced The decision to define and label certain behaviors and certain people was based on social political and economic considerations of each community Thus the commission of murder by a woman in Arizona may have a variety of factors associated with it that are not present in the case of a woman who murdered her husband in Maine This study in part because of the volume of cases and in part to limit the variables affecting the cases has limited its scope of women killers to the state of Pennsylvania Pennsylvania is the ideal state to study because of its long and stable legal and political traditions its historically diverse population and the large number of newspapers that will help us gauge the public's view of women and women who kill By limiting our scope to one state we know that the legal definitions are fairly consistent for all of the women during a certain period and we can more easily identify the shifts in social values regarding women and homicide

Cultural Shaping of Violence Myrdene Anderson, 2004 Violence and increasing public awareness of violence mark society's contemporary condition Sept 11 2001 made this condition even more indelible Cultural Shaping of Violence proposes that violence cannot be described let alone understood or addressed unless tied to the cultural settings that influence it The book's 27 chapters researched and written by 28 scholars of seven nationalities document violence in 22 distinct cultural settings in 17 nation states on five continents Internal to each society a number of sites of violence may thrive from the domestic

sphere to social institutions and political arenas In whatever site or guise violence reverberates throughout the social fabric and beyond Infanticide in Early Modern England Mary Della Heckmann,2002 *Parents Killing Children* Janice Sim,2018-10-04 *Parents Killing Children Crossing the Invisible Line* explores hidden forms of violence within the family This socio legal study addresses the interactions between the family and the state focusing on six parent perpetrators and the ways in which child endangerment is concealed within society Drawing on symbolic interactionism mythology and a modelling of case study data this book puts forward a unique conceptualisation of representation and risk both on familial and state levels The failure of the state to intervene and neutralise volatile perpetrators also sheds light on the socio legal status of children society s most vulnerable and the book concludes by discussing means by which the underlying social conditions and maladies symptomatic of child abuse and killing should be addressed *Lost Innocence* Levi Thompson, *Lost Innocence The Harrowing Stories of Juvenile Murderers* delves into the chilling realities of child killers offering a powerful and unsettling exploration of the factors that drive young people to commit acts of unspeakable violence From the tragic cases of Columbine and Lionel Tate to the devastating impact of school shootings bullying and gang violence this book unveils the dark underbelly of a society grappling with the shadows of youth crime With chilling detail and insightful analysis this book examines the psychological and sociological factors that contribute to the rise of juvenile murderers including the impact of abuse neglect mental illness and social pressures It delves into the struggles of the juvenile justice system exploring the ethical complexities of sentencing the challenges of rehabilitation and the long term consequences of these crimes Prepare to confront the unsettling truth about the dark side of innocence and the enduring impact of violence on young lives This book is a must read for anyone seeking to understand the complexities of youth crime and the urgent need for effective prevention and intervention strategies **Killing Infants** Brigitte Bechtold,Donna Cooper Graves,2006 Contains a collection of twelve essays about the practice of infanticide in different parts of the world This book includes a multidisciplinary bibliography of the infanticide literature *The Functions of Unnatural Death in Stephen King* Rebecca Frost,2022-03-02 *The Functions of Unnatural Death in Stephen King Murder Sickness and Plots* examines over thirty of King s works and looks at the character deaths within them placing them first within the chronology of the plot and then assigning them a function Death is horrific and perhaps the only universal horror because it comes to us all Stephen King known as the Master of Horror rarely writes without including death in his works However he keeps death from being repetitious or fully expected because of the ways in which he plays with the subject maintaining what he himself has called a childlike approach to death Although character deaths are a constant the narrative function of those deaths changes depending on their placement within the plot By separating out the purposes of early deaths from those that come during the rising action or during the climax this book examines the myriad ways character deaths in King can affect surviving characters and therefore the plot Even though character deaths are frequent and hardly ever occur only once in a book King s varying approaches to

and uses of these deaths show how he continues to play with both the subject and its facets of horror throughout his work

All Kinds of Scary Jonina Anderson-Lopez, 2023-06-15 Horror fiction in literature film and television display a wealth of potential and appeal to diverse audiences The trope of the black man always dies first still however haunts the genre This book focuses on the latest cycle of diversity in horror fiction starting with the release of *Get Out* in 2017 which inspired a new speculative turn for the genre Using various critical frameworks like feminism and colonialism the book also assesses diversity gaps in horror fictions with an emphasis on marketing and storytelling methodology Reviewing the canon and definitions of horror may point to influences for future implications of diversity which has cyclically manifested in horror fictions throughout history This book studies works from literature film and television while acknowledging that each of the formats are distinct artforms that complement each other The author compares diverse representation in novels like *The Castle of Otranto* *Frankenstein* *Fledgling* *Broken Monsters* and Mexican Gothic Horror films like *Bride of Frankenstein* *It Comes at Night* *Us* and *Get Out* are also examined Lastly the author emphasizes the diverse horror fictions in television like *The Exorcist* *Fear the Walking Dead* *The Twilight Zone* and *Castle Rock* **Criminal Profiling** Richard N. Kocsis, 2007-11-03 *Criminal Profiling Principles and Practice* provides a compendium of original scientific research on constructing a criminal profile for crimes that are not readily resolvable by conventional police investigative methods Leading profiling expert Richard N Kocsis PhD utilizes a distinct approach referred to as Crime Action Profiling CAP a technique that has its foundations in the disciplinary knowledge of forensic psychology The initial four chapters examine the skills accuracy components and processes surrounding the construction of a criminal profile The next two chapters focus on CAP research the methods developed for the profiling of violent crimes and describing a systematic method for the interpretation and use of the CAP models The subsequent three chapters canvass the respective CAP studies undertaken for crimes of serial rape serial sexual murder and serial arson An explanation for how each of the models is developed is also given The final chapters of the book are devoted to the geographical analysis of crime patterns and to a discussion of the format conventions and procedural guidelines for developing a criminal profile Offering a scientifically grounded method for the construction of a criminal profile *Criminal Profiling Principles and Practice* provides law enforcement personnel forensic psychologists and psychiatrists criminologists and forensic investigators with a step by step practical guide for understanding and applying CAP techniques for the construction of a criminal profile in a systematic and replicable manner *Martyrdom, Murder, and Magic* Patricia Healy Wasyliw, 2008 *Martyrdom Murder and Magic Child Saints and Their Cults in Medieval Europe* is a comprehensive history of child saints and their cults from late Antiquity to the end of the fifteenth century The child martyrs of the persecutions including the Holy Innocents were the first child saints recognized by the Church and their cults spread throughout Europe in the early Middle Ages Alongside these cults medieval society also venerated child martyrs victims of political or domestic violence The increasing role of the papacy in the canonization process after the tenth century resulted in

the veneration of saintly child confessors in the high Middle Ages but from the end of the twelfth century most children worshipped as saints were the alleged victims of ritual murder by Jews This book considers the formation and transformation of child saints and their cults in the context of popular belief and the history of childhood

The Biopolitics of Childhood in the Long American 19th Century Lucia Hodgson, Allison Giffen, 2025-02-28 This edited collection contends that the figure of the child is foundational to the workings of biopolitical power yet remains undertheorized The study of nineteenth century biopolitics offers a theoretical framework that promises to increase our understanding of how modern democracies manage their subjects Recent scholarship has invigorated interrogations into forms of state governance that operate at the level of population a biological phenomenon defined as a group of individuals linked by racialized fictions of biological commonality This collection seeks to recognize and position critical childhood studies as essential to these interrogations The essays theorize the role of representations of children and childhood as tools of biopolitical governance in America in the long nineteenth century They variously explore how the interrelated and overlapping qualities integral to our understandings of the child and childhood are readily deployed by biopolitical power The collection is organized into three sections that illustrate how these qualities enable the sorting of human beings into populations targeted for reform exploitation and disposal The Introduction and Chapter Six of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
