**The Lost Revolution: Vietnam, 1945-1965. [With an Endpaper Map.]** Robert Shaplen, 1966 *The Lost Revolution* Robert Shaplen, 1966 Vietnam's Lost Revolution Geoffrey C. Stewart, 2017-03-24 Vietnam's Lost Revolution employs newly released archival material from Vietnam to examine the rise and fall of the Special Commissariat for Civic Action in the First Republic of Vietnam and in so doing reassesses the origins of the Vietnam War. A cornerstone of Ngô Đình Diệm's presidency, Civic Action was intended to transform Vietnam into a thriving modern independent noncommunist Southeast Asian nation. Geoffrey Stewart juxtaposes Diệm's revolutionary plan with the conflicting and competing visions of Vietnam's postcolonial future held by other indigenous groups. He shows how the government failed to gain legitimacy within the peasantry, ceding the advantage to the communist-led opposition and paving the way for the American military intervention in the mid 1960s. This book provides a richer and more nuanced analysis of the origins of the Vietnam War in which internal struggles over national identity, self-determination, and even modernity itself are central. *Vietnam 1945* David G. Marr, 2023-09-01 1945 the most significant year in the modern history of Vietnam. One thousand years of dynastic politics and monarchist ideology came to an end. Eight decades of French rule lay shattered. Five years of Japanese military occupation ceased. Allied leaders determined that Chinese troops in the north of Indochina and British troops in the South would receive the Japanese surrender. Ho Chi Minh proclaimed the Democratic Republic of Vietnam with himself as president. Drawing on extensive archival research, interviews, and an examination of published memoirs and documents, David G. Marr has written a richly detailed and descriptive analysis of this crucial moment in Vietnamese history. He shows how Vietnam became a vortex of intense international and domestic competition for power and how actions in Washington and Paris as well as Saigon, Hanoi, and Ho Chi Minh's mountain headquarters interacted and clashed, often with surprising results. Marr's book probes the ways in which war and revolution sustain each other, tracing a process that will interest political scientists and sociologists as well as historians and Southeast Asia specialists. 1945 the most significant year in the modern history of Vietnam. One thousand years of dynastic politics and monarchist ideology came to an end. Eight decades of French rule lay shattered. Five years of Japanese military occupation ceased. Allied leaders **Routledge Library Editions: Revolution in Vietnam** Various, 2022-07-30 This 7 volume set of previously out of print titles examines both the war for liberation in Vietnam and its political and economic aftermath. The economic reforms that began to transform Vietnam from a planned economy to a partially market one are focused on in particular, as are the early days of revolutionary conflict. The Vietnam War from the Other Side Cheng Guan Ang, 2013-07-04 Existing studies of the Vietnam War have been written mostly from an American perspective, using western sources and viewing the conflict through western eyes. This book, based on extensive original research including Vietnamese, Chinese, and former Soviet sources, presents a history of the war from the perspective of the Vietnamese communists. It charts relations with Moscow and Beijing, showing how the involvement of the two major

communist powers changed over time and how the Vietnamese despite their huge dependence on the Chinese and the Soviets were most definitely in charge of their own decision making Overall it provides an important corrective to the many one sided studies of the war and presents a very interesting new perspective *Taiwan, the United States, and the Hidden History of the Cold War in Asia* Hsiao-Ting Lin, 2022-04-28 This book explores the challenges which faced the United States and Taiwanese alliance during the Cold War addressing a wide range of events and influences of the period between the 1950s and 1970s Tackling seven main topics to outline the fluctuations of the U S Taiwan relationship this volume highlights the impact of the mainland counteroffensive the offshore islands Tibet Taiwan s secret operations in Asia Taiwan s Soviet and nuclear gambits Chinese representation in the United Nations and the Vietnam War Utilizing multinational archival research particularly the newly available materials from Taiwan and the United States to reevaluate Taiwan s foreign policy during the Cold War revealing a pragmatic and opportunistic foreign policy disguised in nationalistic rhetoric Moreover this study represents a departure from previous scholarship emphasizing the dictatorial and incompetent nature of the Chinese Nationalist regime to provide fresh insights into the nature of U S Taiwan relations Presenting a revisionist view of one of the strongest bilateral relationships of the Cold War this will be an insightful resource for scholars and students of Chinese and East Asia History Cold War History Asian Studies and International Relations War and Aftermath in Vietnam T. Louise Brown, 2021-12-27 This book first published in 1991 attempts to combine a broad understanding of the background to the conflict in Vietnamese and world history with detailed material on US military tactics and the failure of pacification There are chapters on the US presidential administrations of Johnson Kennedy and Nixon religion culture and society in North and South Vietnam and the nature of the People s Revolutionary War **Vietnam's High Ground** J. P. Harris, 2016-09-12 During its struggle for survival from 1954 to 1975 the region known as the Central Highlands was the strategically vital high ground for the South Vietnamese state Successive South Vietnamese governments their American allies and their Communist enemies all realized early on the fundamental importance of this region Paul Harris s new book based on research in American archives and the use of Vietnamese Communist literature on a very large scale examines the struggle for this region from the mid 1950s tracing its evolution from subversion through insurgency and counterinsurgency to the bigger battles of 1965 The rugged mountains high plateaus and dense jungles of the Central Highlands seemed as forbidding to most Vietnamese as it did to most Americans During 1954 to 1965 the great majority of its inhabitants were not ethnic Vietnamese Ngo Dinh Diem s regime initially supported an American counterinsurgency alliance with the Highlanders only to turn dramatically against it As the war progressed however the Central Highlands became increasingly important It was the area through which most branches of the Ho Chi Minh Trail passed With its rugged jungle clad terrain it also seemed to the North Vietnamese the best place to destroy the elite of South Vietnam s armed forces and to fight initial battles with the Americans For many North Vietnamese however the Central Highlands became a living hell of starvation and disease Even

before the arrival of the American 1st Cavalry Division the Communists were generally unable to win the decisive victories they sought in this region Harris s study culminates with an account of the campaign in Pleiku province in October to November a campaign that led to dramatic clashes between the Americans and the North Vietnamese in the Ia Drang valley Harris s analysis overturns many of the accepted accounts about NVA US and ARVN performances Historical Dictionary of Ho Chi Minh City Justin Corfield,2014-11-01 Offering a concise overview of Ho Chi Minh City s history and development the Historical Dictionary of Ho Chi Minh City presents a comprehensive historical survey of the city in the form of an alphabetical list of keywords and names with accompanying definitions Both well researched and authoritative the volume draws upon a wide range of modern sources and contains an introductory essay about the city a chronology a list of acronyms and abbreviations photographs and appendixes of supplemental information *The Far East and Australasia 2003* Europa Publications,2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume *Empires at War* Francis Pike,2011-02-28 Asia with four billion people almost two thirds of the world s population a huge landmass and the fastest growing economies has in the past decade transformed the geopolitical global balance *Empires at War* gives a dramatic narrative account of how this Modern Asia came into being Taking the bombing of Hiroshima on 6th August 1945 as its starting point Francis Pike chronicles the modern fortunes of fourteen Asian countries The iconic figures of post World War II Asia Mao Gandhi Nehru Ho Chi Minh Kim Il Sung General MacArthur and Lord Mountbatten figure prominently but so also do a great many lesser known but pivotal figures Francis Pike weaves the dramatic events and episodes of the region the great battles between American and Soviet backed forces in Korea and Vietnam but also episodes such as Indian Partition Japan s Lost Decade Indonesia s Year of Living Dangerously and Cambodia s Killing Fields into a coherent whole which forms the essential guide to the history of modern Asia *People's War (RLE Modern East and South East Asia)* J.L.S. Girling,2017-09-19 This book first published in 1969 casts a critical eye over the problem of insurgency The author sees insurgency not just as a matter of technique military tactics or organizational skill nor as the result of force and fraud but as people s war the conditions in which the mass of the people become involved voluntarily or otherwise on either side He quotes Nasution s statement The guerrilla movement is only the result not the cause of the problem People s war brings the peasantry hitherto ignorant apathetic or rejected into the political process For war is the continuation of politics by other means In Asia this was essentially a peasant s war arising when peasant grievances interests or demands cannot be met under the existing legitimate but urban or landowner orientated system of rule It shows little understanding to blame outside intervention when peasant and nationalist unrest leads to revolt The Chinese Communists did not owe success to Soviet aid the Vietminh to Chinese assistance or the Vietcong to North Vietnamese intervention The conclusion applies to governments as to insurgents no amount of outside aid can win the war for them if they themselves are incapable and the people on whom they depend for support have no will to fight This

book based on first hand experience of the area and on study of original sources offers 1 an analysis of people s war in China Indochina and Vietnam 2 a critique of US policy in Laos and Vietnam and 3 a comparison with counter measures in Malaya the Philippines and Indonesia It is both original and constructive      **Routledge Library Editions: Modern East and South East Asia** Various Authors,2022-07-30 This 7 volume set reissues a range of classic out of print texts that cover a host of issues that have contributed to the development of modern East and South East Asia With titles covering economics politics history anthropology and security this set provides the researcher with an essential resource on the region

*Anthony Eden, Anglo-American Relations and the 1954 Indochina Crisis* Kevin Ruane,Matthew Jones,2019-07-25 In the spring of 1954 after eight years of bitter fighting the war in Vietnam between the French and the communist led Vietminh came to a head With French forces reeling the United States planned to intervene militarily to shore up the anti communist position Turning to its allies for support first and foremost Great Britain the US administration of Dwight D Eisenhower sought to create what Secretary of State John Foster Dulles called a united action coalition In the event Winston Churchill s Conservative government refused to back the plan Fearing that US led intervention could trigger a wider war in which the United Kingdom would be the first target for Soviet nuclear attack the British Foreign Secretary Anthony Eden was determined to act as Indochina peacemaker even at the cost of damage to the Anglo American special relationship In this important study Kevin Ruane and Matthew Jones revisit a Cold War episode in which British diplomacy played a vital role in settling a crucial question of international war and peace Eden s diplomatic triumph at the 1954 Geneva Conference on Indochina is often overshadowed by the 1956 Suez Crisis which led to his political downfall This book however recalls an earlier Eden a skilled and experienced international diplomatist at the height of his powers who may well have prevented a localised Cold War crisis escalating into a general Third World War      The Vietnam War on Film David Lührssen,2019-05-10 Vietnam War on Film illustrates how to employ film as a teaching tool It also stands on its own as an account of the war and the major films that have depicted it Even for many people who experienced the Vietnam War first hand memories of that conflict have often been shaped by the popular films that depicted it The Quiet American The Green Berets The Deer Hunter Coming Home Platoon Full Metal Jacket and Apocalypse Now among others Vietnam War on Film examines how the war is portrayed through a selection of ten iconic films that represent the war through dramatization and storytelling as opposed to through documentary footage The book includes an introduction to the war s history and a timeline of events followed by ten chapters each of which focuses on a specific Vietnam War movie Chapters offer a uniquely detailed level of historical context for the films weighing their depiction of events against the historical record and evaluating how well or how poorly those films reflected the truth and shaped public memory and discourse over the war A final section of resources provides a comprehensive annotated bibliography of print and electronic sources to aid students and teachers in further research
