The Mother / Daughter Plot Marianne Hirsch,1989-10-22 Mothers and daughters the female figures neglected by classic psychoanalysis and submerged in traditional narrative are at the center of this book The novels of nineteenth and twentieth century women writers from the Western European and North American traditions reveal that the story of motherhood remains the unspeakable plot of Western culture Focusing on the feminine and more controversially on the maternal this book alters our perception of both the familial structures basic to traditional narrative the Oedipus story and the narrative structures basic to traditional representations of the family Freud's family romance Confronting psychoanalytic theories of

subject formation with narrative theories Marianne Hirsch traces the emergence and transformation of female family romance patterns from Jane Austen to Marguerite Duras The Grasp That Reaches beyond the Grave Venetria K. Patton, 2013-06-20 The Grasp That Reaches beyond the Grave investigates the treatment of the ancestor figure in Toni Cade Bambara s The Salt Eaters Paule Marshall s Praisesong for the Widow Phyllis Alesia Perry s Stigmata and A Sunday in June Toni Morrison's Beloved Tananarive Due's The Between and Julie Dash's film Daughters of the Dust in order to understand how they draw on African cosmology and the interrelationship of ancestors elders and children to promote healing within the African American community Venetria K Patton suggests that the experience of slavery with its concomitant view of black women as natally dead has impacted African American women writers emphasis on elders and ancestors as they seek means to counteract notions of black women as somehow disconnected from the progeny of their wombs This misperception is in part addressed via a rich kinship system which includes the living and the dead Patton notes an uncanny connection between depictions of elder ancestor and child figures in these texts and Kongo cosmology These references suggest that these works are examples of Africanisms or African retentions which continue to impact African American culture Women of Color Elizabeth Brown-Guillory, 2010-06-28 Interest in the mother daughter relationship has never been greater yet there are few books specifically devoted to the relationships between daughters and mothers of color To fill that gap this collection of original essays explores the mother daughter relationship as it appears in the works of African African American Asian American Mexican American Native American Indian and Australian Aboriginal women writers Prominent among the writers considered here are Toni Morrison Alice Walker Maxine Hong Kingston Cherrie Moraga Leslie Marmon Silko and Amy Tan Elizabeth Brown Guillory and the other essayists examine the myths and reality surrounding the mother daughter relationship in these writers works They show how women writers of color often portray the mother daughter dyad as a love hate relationship in which the mother painstakingly tries to convey knowledge of how to survive in a racist sexist and classist world while the daughter rejects her mother s experiences as invalid in changing social times This book represents a further opening of the literary canon to twentieth century women of color Like the writings it surveys it celebrates the joys of breaking silence and moving toward reconciliation and growth Male Poets and the Agon of the Mother Hannah Baker Saltmarsh, 2019-04-23 A thoughtful exploration of male poets contributions to the literature of motherhood In the late 1950s the notion of a mother poem emerged during a confessional literary movement that freed poets to use personal psychosexual material about intimate topics such as parents childhood failed marriages children infidelity and mental illness In Male Poets and the Agon of the Mother Hannah Baker Saltmarsh argues that male poets have contributed to what we think of as the literature of motherhood that confessional and postconfessional modes have been formative in the way male poets have grappled with the stories of their mothers and how those stories reflect on the writers and their artistic identities Through careful readings of formative elegies and homages written by male poets of this time Saltmarsh explores how they engaged

with femininity and feminine voices in the 1950s and 60s and sheds light on the inheritance of confessional motifs of gender and language as demonstrated by postconfessional writers responding to the rich subject matter of motherhood within the contexts of history myth and literature A foreword is provided by Jo Gill professor of twentieth century and American literature in the Department of English and associate dean for education at the University of Exeter Companion to Motherhood Lynn O'Brien Hallstein, Andrea O'Reilly, Melinda Giles, 2019-11-04 Interdisciplinary and intersectional in emphasis the Routledge Companion to Motherhood brings together essays on current intellectual themes issues and debates while also creating a foundation for future scholarship and study as the field of Motherhood Studies continues to develop globally This Routledge Companion is the first extensive collection on the wide ranging topics themes issues and debates that ground the intellectual work being done on motherhood Global in scope and including a range of disciplinary perspectives including anthropology literature communication studies sociology women s and gender studies history and economics this volume introduces the foundational topics and ideas in motherhood delineates the diversity and complexity of mothering and also stimulates dialogue among scholars and students approaching from divergent backgrounds and intellectual perspectives This will become a foundational text for academics in Women's and Gender Studies and interdisciplinary researchers interested in this important complex and rapidly growing topic Scholars of psychology sociology or public policy and activists in both university and workplace settings interested in motherhood and mothering will find it an invaluable guide Anchor of My Life Linda W. Rosenzweig, 1994-10 Relying on women s own words in letters and journals Rosenzweig refutes the prescriptive literature of the times with its dire predictions of inevitable rifts between Victorian mothers and their daughters the new women of the twentieth century Instead Rosenzweig shows us mothers who rejoiced in their daughters educational successes and while they did not always comprehend the nature of the changes taking place were only too happy to see their daughters escape some of their own restrictions and grief Extremely useful to scholars and teachers of women s history and family history The Anchor of My Life should also be fascinating to the general public for the accurate window that it provides on these complicated family relationship in our history Laurie Crumpacker Department of History Simmons College Drawing on a broad array of historical sources The Anchor of My Lifechallenges the common assumption that mother daughter relationships invariably are characterized by tensions and conflicts This lively and moving book deserves a wide audience Emily K Abel author of Circles of Care Work and Identity in Women's Lives The relationship between mothers and daughters has been the subject of much research and study in such fields as psychoanalysis sociology and women's studies But rarely has the history and evolution of this relationship been examined In The Anchor of My Life Linda W Rosenzweig draws on a wide range of primary sources letters diaries autobiographies prescriptive advice or self help literature and fiction to reveal the historical nuances of this pivotal relationship Rosenzweig's distinctive approach focuses on the interaction between mothers and daughters of the American middle class at the turn of the century revealing

that mothers and daughters managed to sustain close nurturing relationships in an era marked by a major female generation gap in terms of aspirations and opportunities Illustrated with photographs and portraits of the time The Anchor of My Life provocatively challenges the facile late twentieth century assumption that the mother daughter relationship is necessarily defined by hostility guilt and antagonism Feminism in the Worlds of Neil Gaiman Tara Prescott, Aaron Drucker.2012-10-06 This collection of new essays looks carefully at the broad spectrum of Neil Gaiman s work and how he interacts with feminism Sixteen diverse essays from Gaiman scholars examine highlights from Gaiman s graphic novels short stories novels poems and screenplays and confront the difficult issues he raises including femininity the male gaze issues of age discrimination rape and feminine agency Altogether the essays probe the difficult and complex representation of women and issues of femininity in the worlds of Neil Gaiman From Motherhood to Mothering Andrea O'Reilly, 2004-10-14 Explores how Rich s work has influenced feminist scholarship on motherhood Maternal Pasts, Feminist Futures Lynne Huffer, 1998 This book examines the relations among nostalgia gender and foundational philosophies through a critique of the lost mother as a ground for thinking about sexual difference More specifically the author critiques the nostalgic tendencies of feminist theory arguing that an emancipatory system of thought must move beyond a maternally oriented structure Through close readings of works by Maurice Blanchot Luce Irigaray Julia Kristeva and Nicole Brossard the book elucidates the many dimensions of nostalgic paradigms literary psychoanalytic epistemological ontological and sociopolitical This critique ultimately confronts postmodernism and especially the burgeoning field of performative theory as an intellectual paradigm that claims to subvert systems of meaning Analyzing the writings of J L Austin Judith Butler and Irigaray the author argues that despite its antinostalgic structure performative theory provides an inadequate model for understanding the connections among language identity and the social bonds that constitute the ethical and political sphere Asserting through the example of performative theory that a critique is not enough the book examines the possibility of a constructive model that is both non nostalgic and informed by ethical constraints One such model is offered through a reading of the Quebecois writer Nicole Brossard which explores her work in relation to the question of lesbian writing Demystifying nostalgia Brossard not only uncovers and subverts the structures through which a concept of origins is produced but also provides a different visionary way of thinking about the relationship between subjectivity and language Finally the book argues for further feminist work on the relationship between narrative and ethics a field whose future lies in the elaboration of a bridge between the moral commitments of ethical theory and the fractured realities that find their expression in literary forms

Mother, She Wrote Yi-Lin Yu,2005 In this enjoyable and insightful book Yi Lin Yu takes the heated and ongoing feminist debate over motherhood and maternal subjectivity onto a new plane in search of a new synthesis With its specific focus on the three tiered matrilineal narratives Mother She Wrote is distinguished by its complex and innovative deployment of psychoanalytic subject relations theories and a meticulous and detailed discussion of various literary texts which calls forth a

powerful reformulation of these narratives One of the main strengths of this book is this simultaneous and tactful command of theory and literary practice Apart from advocating the burgeoning development of women s writing of matrilineal narratives the author also sheds new light on further research in the area of feminist motherhood and mothering Publisher's The Awkward Age in Women's Popular Fiction, 1850-1900 Sarah Bilston, 2004-07-22 This book demonstrates that the awkward age formed a fault line in Victorian female experience an unusual phase in which restlessness self interest and rebellion were possible Tracing evolving treatments of female adolescence though a host of long forgotten women's fictions the book reveals that representations of the girl in popular women's literature importantly anticipated depictions of the feminist in the fin de si cle New Woman writing conservative portrayals of girls hopes dreams and subsequent frustrations helped clear a literary and cultural space for the New Woman's awakening to disaffected consciousness The book thus both historicises the evolution and mythic appeal of the female adolescent and works to receive suggestive exchanges between apparently diverse female literary traditions Woman-Defined Motherhood Jane Price Knowles, Ellen Cole, 2014-02-04 Finally here is an enlightening and empowering book that defines motherhood from a feminist perspective and then explores the implications of that definition Feminist authors examine some of women's full rich and varied thoughts and experiences about motherhood In contrast to the too often accepted male notions of what constitutes a good mother or a normal family this important book presents a comprehensive and balanced view of motherhood as women have observed and experienced it The major issues surrounding motherhood today are closely examined the pervasive problem of mother blaming and mother hating and solutions to overcome it ageism sexism and motherhood relationships between mothers and daughters relationships between stepmothers and stepchildren motherhood and sex roles within the family adoption infertility and childlessness Special insight is also provided into the concerns of women who are mothers lesbians women of color mothers of biracial children and adoptive mothers of children from different cultures Woman Defined Motherhood is must reading for women including both mothers and daughters for therapists and other professionals supporting women and for anyone interested in mothering **American Indian Women** Gretchen M. Bataille, Kathleen M. Sands, 1987-01-01 Provides a critical analysis of the autobiographies of Indian women

You Never Call! You Never Write! Joyce Antler,2007-04-02 In You Never Call You Never Write Joyce Antler provides an illuminating and often amusing history of one of the best known figures in popular culture the Jewish Mother Whether drawn as self sacrificing or manipulative in countless films novels radio and television programs stand up comedy and psychological and historical studies she appears as a colossal figure intensely involved in the lives of her children Antler traces the odyssey of this compelling personality through decades of American culture She reminds us of a time when Jewish mothers were admired for their tenacity and nurturance as in the early twentieth century image of the Yiddishe Mama a sentimental figure popularized by entertainers such as George Jessel Al Jolson and Sophie Tucker and especially by Gertrude Berg whose

amazingly successful Molly Goldberg ruled American radio and television for over 25 years Antler explains the transformation of this Jewish Mother into a brassy voiced smothering and shrewish scourge in Irving Howe s words detailing many variations on this negative theme from Philip Roth s Portnoy s Complaint and Woody Allen s Oedipus Wrecks to television shows such as The Nanny Seinfeld and Will and Grace But she also uncovers a new counter narrative leading feminist scholars and stand up comediennes to see the Jewish Mother in positive terms Continually revised and reinvented the Jewish Mother becomes in Antler s expert hands a unique lens with which to examine vital concerns of American Jews and the culture at large A joy to read You Never Call You Never Write will delight anyone who has ever known or been nurtured by a Jewish Mother and it will be a special source of insight for modern parents As Antler suggests in many ways we are all Jewish Mothers today
