Empires of Entertainment integrates legal regulatory industrial and political histories to chronicle the dramatic transformation within the media between 1980 and 1996 As film broadcast and cable grew from fundamentally separate industries to interconnected synergistic components of global media conglomerates the concepts of vertical and horizontal integration were redesigned The parameters and boundaries of market concentration consolidation and government scrutiny began to shift as America's politics changed under the Reagan administration Through the use of case studies that highlight key moments in this transformation Jennifer Holt explores the politics of deregulation the reinterpretation of antitrust law and lasting modifications in the media landscape Holt skillfully expands the conventional models and boundaries of media history A fundamental part of her argument is that these media industries have been intertwined for decades and as such cannot be considered separately Instead film cable and broadcast must be understood in relation to one another as critical components of a common history Empires of Entertainment is a unique account of deregulation and its impact on political economy industrial strategies and media culture at the end of the twentieth century Veblens America Sidney

Plotkin,2018-12-28 Donald Trump's astonishing rise to the US presidency challenges conventional understandings of American politics yet he is distinctively American His biography and family lineage reflect American traditions such as real estate hucksterism and buccaneering salesmanship But Trump's pugnacity also reflects the shadow of other darker American traditions of misogyny racism and xenophobia patterns that formed what Thorstein Veblen called a sclerosis of the American soul Using Veblen's theory of American development to explore the nation's curious fusion of barbarism and liberal democracy Veblen's America taps the rich vein of the sociologist's early twentieth century insights to shed light on the Trump phenomenon that has overwhelmed and threatened early twenty first century American democracy *The Strange Case of Donald J. Trump* Dan P. McAdams,2020 The Strange Case of Donald J Trump provides a coherent and nuanced psychological portrait of the 45th president of the United States Drawing on biographical events in Trump's life and on contemporary research and theory in personality social and developmental psychology the book explores the personality traits and psychological dynamics that have shaped Trump's life with an emphasis on the strangeness of the case how Trump again and again defies psychological expectations regarding what it means to be a human being The book's central thesis is that Donald Trump is the episodic man He lives in the moment outside of time without an internal story to connect the discrete scenes in his life As such Trump perceives himself to be more like a superhero or a primal force supernatural and timeless rather than a flesh and blood human being with an inner life a remembered past and an imagined future Trump's psychological status as the episodic man helps us understand both Trump's appeal in the minds of millions and his failings The book's interpretation

**News: The Media Marketplace and the Public Interest** Steve M. Barkin, 2016-09-16 This concise history of the news broadcasting industry will appeal to both students and general readers Stretching from the radio days of the 1920s and 1930s and the early era of television after World War II through to the present the book shows how commercial interests regulatory matters and financial considerations have long shaped the broadcasting business The network dominance of the 1950s ushered in the new prominence of the anchorman a distinctly American development and gave birth to the golden age of TV broadcasting which featured hard hitting news and documentaries epitomized by the reports by CBS's Edward R. Murrow Financial pressures and advertising concerns in the 1960s led the networks to veer away from their commitment to serve the public interest and tabloid television celebrity gossip driven soft news and news magazines became increasingly widespread In the 1980s cable news further transformed broadcasting igniting intense competition for viewers in the media marketplace Focusing on both national and local news this stimulating volume examines the evolution of broadcast journalism It also considers how new electronic technologies will affect news delivery in the 21st century and whether television news can still both serve the public interest and maintain an audience **Tower of Lies** Barbara A.

Scott Fitzgerald frolicking in the Pulitzer Fountain or Eloise the impish young guest who pours water down the mail chute But the true stories captured in THE PLAZA also include dark hidden secrets the cold blooded murder perpetrated by the construction workers in charge of building the hotel how Donald J. **Baddest Man** Mark Kriegel,2025-06-03 From the acclaimed New York Times bestselling author whose coverage of Mike Tyson and his inner circle dates back to the 1980s a magnificent noir epic about fame race greed criminality trauma and the creation of the most feared and mesmerizing fighter in boxing history On an evening that defined the greed is good 1980s Donald Trump hosted a raft of celebrities and high rollers in a carnival town on the Jersey Shore to bask in the glow created by a twenty one year old heavyweight champion Mike Tyson knocked out Michael Spinks that night and in ninety one frenzied seconds earned more than the annual payrolls of the Los Angeles Lakers and Boston Celtics players combined It had been just eight years since Tyson a feral child from a dystopian Brooklyn neighborhood was delivered to boxing s forgotten wizard Cus D Amato who was living a self imposed exile in upstate New York Together Cus and the Kid were an irresistible

story of mutual redemption darlings to the novelists screenwriters and newspapermen long charmed by D Amato and perfect for the nascent industry of cable television Way before anyone heard of Tony Soprano Mike Tyson was HBO s leading man It was the greatest sales job in the sport s history and the most lucrative But the business of Tyson concealed truths that were darker and more nuanced than the script would allow The intervening decades have seen Tyson villainized lionized and fetishized but never until now fully humanized Mark Kriegel an acclaimed biographer regarded as the finest boxing writer in America was a young cityside reporter at the New York Daily News when he was first swept up in the Tyson media hurricane but here he measures his subject not by whom he knocked out but by what he survived Though Tyson was billed as a modern day Jack Dempsey in truth he was closer to Sonny Liston Tyson was Black feared and born to die young What made Liston a pariah though would make Tyson in a way his own handlers could never understand a touchstone for a generation raised on a soundtrack of hip hop and gunfire What Peter Guralnick did for Elvis in Last Train to Memphis and James Kaplan for Sinatra in Frank Kriegel does for Tyson It s not just the dizzying ascent that he captures but also Tyson s place in the American psyche
