Lost Butler:

Lost Providence David Brussat, 2017 Dave Brussat has made a significant contribution to the history of Providence For those interested in that history Lost Providence is a real find Providence Journal Providence has one of the nation s most intact historic downtowns and is one of America s most beautiful cities The history of architectural change in the city is one of lost buildings urban renewal plans and challenges to preservation The Narragansett Hotel a lost city icon hosted many famous guests and was demolished in 1960 The American classical renaissance expressed itself in the Providence National Bank tragically demolished in 2005 Urban renewal plans such as the Downtown Providence plan and the College Hill plan threatened the city in the mid twentieth century Providence eventually embraced its heritage through plans like the River Relocation Project that revitalized the city s waterfront and the DOWNCITY Plan that revitalized its downtown Author David Brussat chronicles the trials and triumphs of Providence s urban development

Wayne County's Lost River Settlements Cletis R. Ellinghouse, 2008-07-23 Wayne Countys Lost River Settlements is a history of six hamlets in southeastern Missouri that were destroyed by the government to clear the landscape for development of Lake Wappapello on the St Francis River in the late 1930s Several of the profitable river bottom homesteads had been in the families for well over 100 years but with nothing else to do the evicted farmers moved on reluctantly in what became the greatest upheaval in the history of the county With so much of Wayne Countys assessed valuation lost in the government buyout it was feared remaining tax revenues would be inadequate to support essential services and that the countys various parts by necessity soon would be attached to adjoining counties That didnt happen but citizens at the doomed county seat Greenville struggled through an ordeal of pain and uncertainty that went on for several months before finally coming to an agreement to build a new town outside the flood plain Greenvilles turmoil and fight for survival is covered in the concluding segment of the book It lives on as the county seat in its new location but little is known today of the lost settlements Chaonia Taskee Ojibway Bethel Center Ridge and Kime each near the other and all at the time of their destruction closely aligned by blood and marriage which gives added significance to the discovery of the papers of Henry Yeakley Mabrey 1836 1915 who spent his childhood at Kime and for the greater part of the rest of his life resided a few miles to the south at Center Ridge which was just north of Chaonia whose birth he witnessed in 1888 Chaonia a railroad town became the trading center for one of the richest farming areas in the southeastern part of the state Much of what is known of the settlements formative years is based on information gleaned from the Mabrey papers which include school church governmental and Civil War journals as well as diaries letters and personal notes Mr Mabrey a teacher served in a number of political posts including two terms as commissioner of public schools and two terms as probate judge of Wayne County The author brings a unique perspective to the story since he has lived with it since early childhood As he states in the preface of the book My involvement my yen to write about these people was possibly ordained for I had heard much chatter about many of the families and of course the lost settlements while

growing up at Greenville It is his hope his work brings a measure of honor if not appreciation to the families in the lost settlements whose sacrifices for the common good were for the most part made without fanfare or public notice *Lost Freedmen's Town of Hamburg, South Carolina, The* Michael S. Smith,2021 Hamburg is perhaps South Carolina s most famous ghost town Founded in 1821 it grew to four thousand residents before transportation advances led to decline During Reconstruction recently freed slaves reshaped Hamburg into a freedmen s village where residents held local county and state offices These gains were wiped away after the Hamburg Massacre in 1876 a watershed event that left seven African Americans dead most of them executed in cold blood Yet more than a century after Hamburg the one white supremacist killed in the melee is canonized by the racially divisive Meriwether Monument in downtown North Augusta Author Michael Smith details the amazing events that created this unique community with a lasting legacy From back cover *Lost Circuses of Ohio* Conrade C. Hinds,2019-03-18 The nineteenth century was the golden age of the circus in Ohio Before the Ringling brothers became synonymous with the American circus Cincinnati s John Robinson and the Sells brothers of Columbus wowed audiences with stunning equestrian feats and aerial exploits For good measure the Sells brothers threw in a sharpshooting show with a young Ohio woman by the name of Annie Oakley The Walter L Main Circus of Geneva and a number of smaller shows presented their own unique spectacles with exotic animals and daring acrobats But for all the fun and games Ohio s circus industry was serious business As competition intensified advertising wars erupted and acquisitions began Eventually Ringling Brothers swallowed many of these circuses one by one and they dropped out of memory Author Conrade C Hinds brings this fascinating piece of Ohio show business back into the spotlight **Officers and Enlisted Men of the United States Navy who Lost Their Lives During the World War, from April 6, 1917, to November 11, 1918** United States. Bureau of Naval Personnel,1920 *Children Lost in the Mountains* Timothy A. Hupp,2008-02 Over the years 1870 2006 there have been some cases of children that were lost in the mountains for days Searchers persevered beyond hope and in most cases the child was found alive A few were not There are three chapters of individual searches separated by decades that inspired this book plus two of several more lost individuals This is followed by an analysis chapter one of search and rescue today and one of avoiding or surviving getting lost *The Hidden History of Chester County: Lost Tales from the Delaware and Brandywine Valleys* Mark E. Dixon,2011-03-18 On an Oxford bound train in 1866 Mary Miles refused to move to the blacks only section eighty nine years before Rosa Parks famous ride Eight years later in a West Chester courtroom photographic evidence was used for the first time Soon after that the hills of Westtown became the testing grounds for the Flexible Flyer America s original steerable sled These are among the extraordinary stories too often lost to Chester County s history From the humorous tale of the goat that ate a stick of dynamite to Ann Preston M D leading her female medical students through a mob of enraged men author Mark Dixon is sure to please with this beguiling collection of vignettes

GRAB YOUR COPY NOW **The Oxford Handbook of Restoration Literature** Matthew C. Augustine, Steven N. Zwicker, 2024-11-06 The Oxford Handbook of Restoration Literature begins by asking if there was a distinctive literature of the Restoration For a long time the answer seemed obvious heroic drama libertine comedy scandalous lyrics and the short but brilliant career of John Wilmot earl of Rochester Could there be an age when the coincidence of literary culture and political rule were any more obvious But as this Handbook will remind us some of the most wonderful literature of this Restoration came from writers who had lived across the decades of turbulence and into an age when the Stuart kings returned when the Church and House of Lords were restored a world made safe for bishops and for the memory of divine right rule Of course these returns and restorations did not meet with uniform celebration John Milton wrote his great epic poems not in quiet submission but in a kind of resistance to the dominant culture of the 1660s and Andrew Marvell produced his most brilliant satiric verse by holding up a looking glass to court corruption and Anglican intolerance So we begin with the most obvious conclusion Restoration literature does and does not fit to the categories that so long defined the late Stuart age This book explores and contests challenges and reimagines the experience embodied by the writing of the late Stuart world and invites readers new to this world and those who have often read its literatures to the pleasures but as well to the challenges and discomforts of its texts

The Lost Cause Edward Alfred Pollard, 1866 This book recounts the Civil War as a battle between two nations of opposite civilizations and that slavery enriched the South

Judith Butler's Precarious Politics Terrell Carver, Samuel A. Chambers, 2008-01-25 Judith Butler has been arguably the most important gender theorist of the past twenty years This edited volume draws leading international political theorists into dialogue with her political theory Each chapter is written by an acclaimed political theorist and concentrates on a particular aspect of Butler's work The book is divided into five sections which reflect the interdisciplinary nature of Butler's work and activism Butler and Philosophy explores Butler's unique relationship to the discipline of philosophy considering her work in light of its philosophical contributions Butler and Subjectivity covers the vexed question of subjectivity with which Butler has engaged throughout her published history Butler and Gender considers the most problematic area gender taken by many to be primary to Butler's work Butler and Democracy engages with Butler's significant contribution to the literature of radical democracy and to the central political issues faced by our post cold war Butler and Action focuses directly on the question of political agency and political action in Butler's work Along with its companion volume Judith Butler and Political Theory it marks an intellectual event for political theory with major implications for feminism women's studies gender studies cultural studies lesbian and gay studies queer theory and anyone with a critical interest in contemporary American great power politics

Hauntings: Psychoanalysis and Ghostly Transmissions Stephen Frosh, 2013-01-11 This book explores how the present is troubled by the past and the future It uses the idea of haunting to explore how identities beliefs intimacies and hatreds are transmitted across generations and between people and how these things structure psychosocial and

psychopolitical life A Companion to Film Comedy Andrew Horton, Joanna E. Rapf, 2012-09-07 A wide ranging survey of the subject that celebrates the variety and complexity of film comedy from the silent days to the present this authoritative guide offers an international perspective on the popular genre that explores all facets of its formative social cultural and political context A wide ranging collection of 24 essays exploring film comedy from the silent era to the present International in scope the collection embraces not just American cinema including Native American and African American but also comic films from Europe the Middle East and Korea Essays explore sub genres performers and cultural perspectives such as gender politics and history in addition to individual works Engages with different strands of comedy including slapstick romantic satirical and ironic Features original entries from a diverse group of multidisciplinary international contributors **Bisexuality and Queer Theory** Jonathan Alexander, Serena Anderlini-D'Onofrio, 2014-04-10 According to David Halperin sexuality in our time is typified by a crisis in contemporary sexual definition What is sexuality What does it mean to have a sexual identity or orientation What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other How and why are some sexual erotic and intimate practices normalized and others marginalized Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction of heterosexuality as normative in relation to its oppositional binary homosexuality At the same time bisexuality is a practice identity and orientation that challenges the binary logic around which cultural notions of sexuality are organized It is a portal to the imagination of a world of amorous expression beyond that divide This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices This volume challenges our understanding of what it means to be sexual to have a sexual identity and to practise the arts of loving This book was originally published as a special issue of the Journal of Bisexuality *The Lost Soldier* Chris J. Hartley, 2018-08-01 The Lost Soldier offers a perspective on World War II we don't always get from histories and memoirs Based on the letters home of Pete Lynn the diary of his wife Ruth and meticulous research in primary and secondary sources this book recounts the war of a married couple who represent so many married couples so many soldiers in World War II The book tells the story of this couple starting with their life in North Carolina and recounting how the war increasingly insinuated itself into the fabric of their lives until Pete Lynn was drafted after which the war became the essential fact of their life Author Chris J Hartley intricately weaves together all threads soldier and wife home front and army life combat love and loss individual and army division into an intimate engaging narrative that is at once gripping military history and engaging social history **Catalog of**
