The Sumerians Paul Collins,2021-03-22 The Sumerians are widely believed to have created the world s earliest civilization on the fertile floodplains of southern Iraq from about 3500 to 2000 BCE They have been credited with the invention of nothing less than cities writing and the wheel and therefore hold an ancient mirror to our own urban literate world But is this picture correct Paul Collins reveals how the idea of a Sumerian people was assembled from the archaeological and textual evidence uncovered in Iraq and Syria over the last one hundred fifty years Reconstructed through the biases of those who unearthed them the Sumerians were never simply lost and found but reinvented a number of times both in antiquity and in the more recent past *The Lost Civilization Enigma* Philip Coppens,2012-10-22 An examination of archaeological controversies with arguments showing evidence of prehistoric civilizations not recorded as part of human history Are history books giving us the whole story Or is civilization far more complex and older than we have been taught Our school textbooks barely mention the 6 000 year old Sumerian civilization yet the latest archaeological findings at sites such as Jericho and most recently Gobekli Tepe in Turkey have been dated to 10 000 BC Civilization goes back at least another 10 000 years if we are willing to believe what our ancestors themselves claimed The Lost Civilization Enigma reveals the truth about Lost magnitudes to known cultures such as the Bosnian Pyramids and the civilization of Old Europe The fabled lost golden cities of South America and the Amazon which are slowly being rediscovered Fascinating examples of lost technology such as the Antikythera Device Atlantis and the fact that it was a real civilization Analyzing the historical and archaeological record best selling author Philip Coppens demonstrates that there

is substantial evidence that civilization is far older far more advanced and far more special than is currently accepted Clearly our history books have left out a great deal
