readers and scholars alike      The Winchester Powerhouse Anthony Paice,2024-11-28 Presenting portraits of the Winchester bishops down to the Norman Conquest The Winchester Power House is the first volume of a study covering the lives of some one hundred holders of the high ecclesiastical office Characterised overwhelmingly by benevolence the pre Conquest prelates were at the forefront of the reconversion of southern Britain to Christianity Beyond their spiritual role however they also helped to make Winchester rather than London or Canterbury the powerhouse of the expanding kingdom of Wessex and eventually of all England they helped ensure that it remained the most prized and prestigious diocese in England down to the Reformation As key counsellors to the Wessex kings as reformers even warriors on occasion these men exerted a strong influence on the introduction of successive Saxon legal codes and judicial process Indeed during the development of an embryonic royal chancery in the early 11th century the bishop was invariably the choice for chancellor the king s chief minister It is no accident that the last bishop Stigand was both bishop of Winchester and archbishop of Canterbury

*Landscape History and Rural Society in Southern England* Eric L. Jones,2021-03-08 This book applies an economic and environmental perspective to the history of landscape and the rural economy highlighting their inter connections through specific case studies After explaining how the author made his discoveries and when they started it analyses relations between documentary and landscape evidence It is based on exceptional first hand observation of a dozen sites and close consideration of topics in the ecological and economic history of southern England They range from reclaiming chalk down land occupying low lying heaths and reconstructing parkland to wool stapling and the manufacture of gunstocks for the African slave trade Additional themes include the tension between ecology and institutions in decisions about the location of economic activity the decay of communal farming ahead of enclosure and other interesting puzzles in rural economic history This book offers an original approach to questions in economic history through its synthesis of different types of evidence It will be of interest to a diverse range of readers because it addresses how economic change was registered in the landscape and how that change was influenced by landscape It is a book with highly original features contributing simultaneously to economic agricultural environmental and landscape history      *A Guide to the Industrial Archaeology of Wiltshire* M. C. Corfield,1978

*Reading and Mapping Hardy's Roads* Scott Rode,2006-06-23 This book examines Thomas Hardy s representations of the road and the ways the archaeological and historical record of roads inform his work Through an analysis of the uneven and often competing road signs found within three of his major novels The Return of the Native Tess of the D Urbervilles and Jude the Obscure and by mapping the road travels of his protagonists this book argues that the road as represented by Hardy provides a palimpsest that critiques the Victorian construction of social and sexual identities Balancing modern exigencies with mythic possibilities Hardy s fictive roads exist as contested spaces that channel desire for middle class assimilation even as they provide the means both to reinforce and to resist conformity to hegemonic authority

*National Union Catalog* ,1968      *Roads and Tracks for Historians* Brian Paul Hindle,2001 Many of the roads we use

today are tarmaced extensions of pre existing roads and trackways and whilst some of these early roads will have been deliberately planned and built others will have developed over time by the passage of traffic over the same route Paul Hindle s history is a revised and updated version of a book long out of print Roads Tracks and their Interpretation In it he looks at the development of roads through time though focusing largely on the Roman medieval and post medieval periods and their function in facilitating the movement of people animals agricultural produce and other goods and the military Based on documentary evidence maps and fieldwork observations this is a good guide to understanding the development of the roads and tracks that criss cross Britain      **Subject Catalog** Library of Congress,1965      *The National Union Catalogs, 1963-*,1964      **Recent Geographical Literature, Maps and Photographs (varies Slightly)** Royal Geographical Society (Great Britain),1968      **New Geographical Literature and Maps** Royal Geographical Society (Great Britain),1968      **Abstracts of Folklore Studies** ,1971      **Geography and Earth Sciences Publications, 1968-1972** ,1978
