Lough Derg Legendary Pilgrimage:

Lough Derg, Legendary Pilgrimage John B. Cunningham, 1984 **Lough Derg and Its Pilgrimages** Daniel O'Connor, 1879 **Visions of the Other World in Middle English** Robert Easting, 1997 This bibliography covers visions of Heaven and Hell or more usually Purgatory and Earthly Paradise in 19 medieval texts relating seven visions the vision of St Paul or the Eleven Pains of Hell St Patrick's purgatory the vision of Tundale a revelation of purgatory the revelation of the Monk of Eynsham the vision of Fursey and the vision of Edmund Leversedge *From the Supernatural to the Uncanny* Zoltán Biedermann, Stephen M. Hart, 2018-01-23 This volume is a collection of thirteen essays built around the question what is the supernatural and how and why has it changed over time It is divided into two complementary sections the first focussing on research on the discourse of the supernatural including the miraculous located in the medieval and early modern eras and the second consisting of a set of test cases involving research on the uncanny often articulated in a post Freudian sense as expressed in modern literature film and art The eclectic and prismatic approach pursued via a variety of test cases of the supernatural in this book gives rise to a clear comparative and diachronic study of the main characteristics of the supernatural **Pilgrimage in Ireland** Peter Harbison, 1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses tomb shrines Romanesque churches round towers sundials beehive huts Ogham stones and other monuments many of them dating from before the 12th century The purpose and function of these artifacts have often been the subject of much debate Peter Harbison proposes in this book a radical hypothesis that a great many of these relics can be explained in terms of ecclesiastical pilgrimage He has constructed a fascination theory about the palace of pilgrimage in the early Christian period placing it right at the center of communal life The monuments themselves make much better sense if it looked at in this light as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims He begins by searching the historical sources in detail for evidence of early pilgrimage sites By examining their monuments he projects the findings to other locations where pilgrimage has not been documented He goes on to describe monument types of every kind and to identify pilgrims in sculpture surviving from before AD 1200 The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland Indeed the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland reaching Iceland Greenland and even North America Packy Jim Ray Cashman, 2016-08-30 A brilliant testament to the ethnographer's art the deeply rooted wisdom of an ordinary person and the complex ways in which folklore figures in everyday life along the Irish border **Image and Pilgrimage in Christian Culture** Victor Witter Turner, Edith L. B. Turner, 2011 Originally published 1978 in series Lectures on the history of religions new ser no 11 With new introd *My Self, My Muse* Patricia Boyle Haberstroh, 2001-07-01 A unique look into the minds and

creative processes of contemporary Irish women poets this book focuses on the transformation of their life experiences into poetry that blends personal identity with national identity. It assembles many voices around common themes that are emerging to change Irish poetry permanently. Patricia Boyle Haberstroh whose book *Women Creating Women: Contemporary Irish Women Poets* was a Choice Outstanding Academic book in 1996 shows in this new work how nine of the most prolific Irish women writers generate their poetry broadening our understanding of the context of the poems. She pairs each author's verse with a companion and often autobiographical prose piece to illuminate the ways in which the poetry expresses the poet's personal experience. As women in a politically and religiously charged male dominated genre and country these poets feel compelled to transcend daily life by articulating against the norm. In this book they describe the issues they confronted in their growth as poets and the strategies they developed to translate life into art. In linking these poets drawn from Northern Ireland and England as well as the Republic of Ireland Haberstroh throws into relief the characteristics that define their unique individual subjects, themes and styles.

William Carleton, the Authentic Voice Gordon Brand, 2006. The William Carleton Summer School is one of the most important literary festivals on the island in that there are very few that make a point of studying an aspect of Ireland before the Great Famine. William Carleton 1794-1869 is the greatest author to have written about the Irish peasant and the Ireland of the period immediately preceding it. He enables the reader to think back past the Famine into the culture, particularly the peasant culture of that time, confused, rich, tortured, bilingual, that made him as a writer. Enjoying immense popularity during his lifetime, his popularity dwindled but a century after his death it began to revive, not least because of the influence of the Summer School. The lectures given at the School and revised for publication in *William Carleton: The Authentic Voice* provide ample evidence that he was one of the greatest entertainers of Irish literature in English.
