1 Processed Cheese J L Kraft grew up on a dairy farm in Stevensville Ontario While working as a grocer he was struck by the amount of cheese that was wasted on wheels of cheddar when the dried rind was scraped off to get at the fresh interior He resolved to find a way to use this waste product experimenting with double boilers preservatives and cheddar Eventually he found a way of stabilizing the dairy product that has come to be known as processed cheese

2 Frozen Foods The technology to freeze food quickly and transport it to markets far away was developed in Halifax in 1928 Within a year ice fillets were being sold to fish deprived Torontonians who loved the taste and didn t seem to mind the high price tag Despite this the fishing industry and private companies lost interest and quickly mothballed the project In 1930 a feisty American Colonel Clarence Birdseye claimed responsibility for developing frozen foods and promptly made a fortune

3 Pablum Invented in 1930 by Dr Alan Brown assisted by researchers Theodore Drake and Fred Tisdall The add water baby cereal revolutionized infant nutrition and of course became synonymous with food that was bland and mushy

4 Poutine Although many claim responsibility for the crowd pleasing combination of squeaky cheese curds canned gravy and french fries it is generally agreed that the first order of this regional specialty of Quebec was served up by restaurant owner Fernand Lachance in 1957 Many variations on the original recipe exist including one deluxe version with foie gras served in Montreal s Pied de Cochon

bistro *Canadiana*, 1982 *The Canadian Year Book for ...*, 1899 *A Book of Canadian Prose and Verse* Edmund Kemper Broadus, Eleanor Hammond Broadus, 1923 Fascinating Canada John Robert Colombo, 2011-05-27 Few people have read as widely in the field of *Canadiana* as has John Robert Colombo. The curiosity of this Toronto writer, editor, and anthologist knows few if any bounds when it comes to the lore, literature, history, culture, and character of Canada. He has an inquiring mind and he seems able to find national and even international twists to subjects of interest or importance. *Fascinating Canada*, his latest book, is the product of over half a century of research, reading, writing, and thinking. Some years ago the author produced a trilogy of question and answer books: 1 000 Questions about Canada, 999 Questions about Canada, 1 000 Questions about Canada. The first two were published by Doubleday Canada; the third one in 2001 by Dundurn Press. The same format is adapted to the material in the present book, but this time the majority of the questions are short, whereas a good many of the answers are quite long, discussions of the subjects at hand, concise questions followed by considered answers. Here is a book about the Canadian past, present, and future. The information in *Fascinating Canada* is organized under four headings: People, Places, Things, Ideas, and there is a detailed Index for ready reference. This book may serve as a work of popular reference, but it has been written to stimulate inquiry and spark the sense of surprise in the minds of readers who know something about this amazing country but perhaps not as much as the author. Open this book and begin to read and match wits with author and researcher John Robert Colombo. **Bridges to Understanding** Linda M. Pavonetti, 2011-08-18 This annotated bibliography with descriptions of nearly 700 books representing more than 70 countries provides stories that will help children understand our differences while simultaneously demonstrating our common humanity. **The Book of Lists** David Wallechinsky, Amy D. Wallace, Ira Basen, Jane Farrow, 2012-11-13 A new edition of the classic bestseller from the original authors with additional material specifically prepared for Canadian readers by long time This Morning CBC producer Ira Basen and Jane Farrow, the author of *Wanted Words*. In 1977 a publishing sensation was born. *The Book of Lists*, the first and best compendium of facts weirder than fiction, was published. Filled with intriguing information and must talk about trivia, it has spawned many imitators but none as addictive or successful. For nearly three decades since the editors have been researching curious facts, unusual statistics, and the incredible stories behind them. Now the most entertaining and informative of these have been brought together in a long awaited, thoroughly up to date new edition that is also the first Canadian edition. Ira Basen and Jane Farrow have augmented the existing lists with fascinating homegrown material and compiled lists specifically of relevance to Canadian readers. So if you've always wanted to find out how porcupines really mate, how comedy can kill, and that most essential piece of knowledge, how long the longest recorded nose was, this is the book for you. With contributions from a variety of celebrities and experts including Margaret Atwood, Mike Myers, Michael Ondaatje, Dave Eggers, Phillip Pullman, and Charlotte Gray, this anthology has something for everyone and more than you ever suspected you wanted to know.
