Louis Le Bavard:

The Delirium of Praise Eleanor Kaufman, 2003-05-01 The laudatory essay in which one author praises the work of another is frequently characterized as an unimportant even uncritical mode of writing But as Eleanor Kaufman argues in *The Delirium of Praise* this mode of exchange is serious and substantial enough to merit scholarly attention By not conforming to standard practices of critical discourse laudatory essays give new status to supposedly inferior forms of communication and states of being including chatter silence sickness imbalance and absence of work and emphasize affective states or emotions such as joy friendship and longing *The Delirium of Praise* examines a group of five twentieth century French intellectuals Georges Bataille Maurice Blanchot Michel Foucault Gilles Deleuze and Pierre Klossowski and their laudatory essays about each other Structured as a circular series of exchanges the book examines pairings of two thinkers with respect to a given theme The exchange between Bataille and Blanchot takes up the themes of chatter and silence with regard to the novelist Louis Ren des For ts the Blanchot Foucault exchange explores friendship and impersonality through the lens of Jacques Derrida the Foucault Deleuze exchange considers absence of work d soeuvrement and the obscure French philosopher Jacques Martin the Deleuze Klossowski exchange revolves around the question of the sick body and the person of Nietzsche and the final exchange between Klossowski and Bataille focuses on imbalanced economies and the writings of the Marquis de Sade Where the praise is most excessive approaching delirium Kaufman locates a powerful thought energy that pushes the laudatory essay to its limits In her conclusion she presents this unique mode of thought exchange as a form of intellectual hospitality Kaufman uncovers a suspension of subjectivity of personality even of place and time that is both articulated in the laudatory essays and enacted by them Her examination of this neglected mode as practiced by five important French thinkers offers a unique perspective on twentieth century intellectual history

Louis-René Des Forêts John T. Naughton, 1993 The work of Louis Ren des For ts exemplary in its global austerity its obsessive but lucid preoccupations its aesthetically attuned yet unpretentious manner had received only intermittent if at times privileged attention until Yves Bonnefoy s subtle and penetrating analyses appeared recently in the *Nouvelle Revue Fran aise* Des For ts poetics emerges today as at once existentially and aesthetically challenging contestatory bleak some would argue and yet recuperative resilient intuitively alert to states of being our century and even his own work can find difficult to embrace The tensions of role playing and authenticity are ever manifest and simple transitive depiction vies thus with the intransitivity of fiction Identity easily dislodges itself and the meaning of our doing is thrown into doubt and disarray Beyond but also through such dramas of man and writer Des For ts struggles however to stabilise the claims of the kingdoms of love of other of otherness the excarnate tussles with the incarnate futility stares in amazement upon simplicity childhood mystery John Naughton s study eloquent discreet yet deftly perceptive helps further to restore to
