**Women in Love** D. H. Lawrence,1987-05-21 Seen by Lawrence as his most accomplished book but subject to the initial prudery and incomprehension that met most of his fiction Women in Love examines the regenerative and destructive aspects of human passion as illustrated by its depiction of Ursula and Gudrun Brangwen who first appeared in The Rainbow and their relationships with Gerald Crich and Rupert Birkin Set against the backdrop of a world consuming itself in war the novel creates an instructive vision of humanity s dance with life and death This text is the famous first Women in Love the unexpurgated version preferred by Lawrence himself which was rejected by every publisher because of the banning of The Rainbow in 1915 More positive in tone than the revised version published in his lifetime with different central relationships and a radically different ending it is now viewed by many as Lawrence s masterpiece BOOK JACKET *If Only Love* Jalene Haines,2021-07-30 Child abuse was once a taboo subject which families neighbors schools church staff and membership worked diligently to maintain secrecy Passage of the Child Abuse Prevention and Treatment Act CAPTA in 1974 marked the nation s first major step forward in addressing issues related to child abuse Following this states had mandatory reporting laws for persons aware of such abuse This book covers the subject of child abuse prior to CAPTA Even though members of a

family and community may have been aware of such abuse they chose not to be involved Occasionally someone might speak up about such abuse but without agencies to intervene the child's abuse routinely increased in severity For individuals like Jalene the victim of child abuse and domestic violence there were no agencies to assist her pleas for help In 1982 the Domestic Protection Act came into place when it came to protect individuals from domestic violence However domestic violence in the church remained strong and without resources According to statistics in 2017 in the Christian community one in every four women experiences family violence As the awareness and incidence of domestic violence increases many pastors still adhere to the philosophy that spouses are to remain married because they took a vow before God Some pastors find themselves ill equipped to deal with the crisis of domestic violence There is very little if any training provided in the majority of seminaries on family violence This book also discusses the topic of parental alienation syndrome PAS which added another layer of sorrow to the author of this book PAS is a term to describe psychological manipulation or undue influence of a child by a parent against the other parent preventing an ongoing relationship between the victimized parent and their child
