**History of American Film Criticism** Jerry Roberts, 2010-02-19 The Complete History of American Film Criticism is a chronicle of the lives and work of the most influential film critics of the past 100 years From the first movie review in the New York Times in 1896 through the Silent Era the pre and postwar years the Film Generation of the 1960s the Golden Age of the 1970s and into the 21st century critics have educated generations of discriminating moviegoers on the differences between good films and bad They call attention to great directors cinematographers production designers screenwriters and actors and shed light on their artistic visions and storytelling sensibilities People interested in what the great film critics had to say have usually been shortchanged as to their backgrounds and just why they are qualified to sit in judgment Using mini

biographies placed within a chronological framework The Complete History of American Film Criticism is the biography of a profession whose cultural impact has left an indelible mark on the 20th century's most significant art form Final Negotiations Carolyn Ellis, 2010-08-04 A poignant memoir about what it means to be involved and in love with someone who is chronically ill *Living in Death's Shadow* Emily K. Abel, 2017-02-28 Challenging assumptions about caregiving for those dying of chronic illness What is it like to live with and love someone whose death while delayed is nevertheless foretold In *Living in Death's Shadow* Emily K. Abel an expert on the history of death and dying examines memoirs written between 1965 and 2014 by family members of people who died from chronic disease In earlier eras death generally occurred quickly from acute illnesses but as chronic disease became the major cause of mortality many people continued to live with terminal diagnoses for months and even years Illuminating the excruciatingly painful experience of coping with a family member's extended fatal illness Abel analyzes the political personal cultural and medical dimensions of these struggles The book focuses on three significant developments that transformed the experiences of those dying and their intimates the passage of Medicare and Medicaid the growing use of high tech treatments at the end of life and the rise of a movement to humanize the care of dying people It questions the exalted value placed on acceptance of mortality as well as the notion that it is always better to die at home than in an institution Ultimately *Living in Death's Shadow* emphasizes the need to shift attention from the drama of death to the entire course of a serious chronic disease The chapters follow a common narrative of life threatening disease learning the diagnosis deciding whether to enroll in a clinical trial acknowledging or struggling against the limits of medicine receiving care at home and in a hospital or nursing home and obtaining palliative and hospice care *Living in Death's Shadow* is essential reading for everyone seeking to understand what it means to live with someone suffering from a chronic fatal condition including cancer AIDS Alzheimer's and heart disease *Consuming Desires* Roger Rosenblatt, 2006-12 Consider this paradox Ecologists estimate that it would take three planets Earth to provide an American standard of living to the entire world Yet it is that standard of living to which the whole world aspires In *Consuming Desires* award winning writer and social commentator Roger Rosenblatt brings together a brilliant collection of thinkers and writers to shed light on the triumphs and tragedies of that disturbing paradox The book represents a captivating salon offering a rich and varied dialogue on the underlying roots of consumer culture and its pervasive impact on ourselves and the world around us Each author offers a unique perspective their layers of thoughts and insights building together to create a striking multifaceted picture of our society and culture Jane Smiley probes the roots of consumerism in the emancipation of women from household drudgery afforded by labor saving devices and technological innovation Alex Kotlowitz describes the mutual reinforcement of fashion trends as poor inner city kids and rich suburban kids strive to imitate each other Bill McKibben discusses the significance and the irony of defining yourself not by what you buy but by what you don't buy The essays range widely but two ideas are central to nearly all of them that consumption is driven by yearning and desire often unspoken

seemingly insatiable and that what prevents us from keeping our consumptive impulse in check is the western concept of self the solitary and restless self entitled to all it can pay for As Rosenblatt explains in his insightful introduction Individualism and desire are what makes us great and what makes us small Freedom is our dream and our enemy The essays touch on these paradoxes and while all are too nuanced and graceful to preach easy reform they give an idea of what reform means where it is possible and in some cases where it may not be as desirable as it appears **Mary Pickford** Christel

Schmidt,2012-11-01 Explains Pickford's roles as not only a talented actress but also as a philanthropist and industry leader who managed to end up her own producer Time Out In the early days of cinema when actors were unbilled and unmentioned in credits audiences immediately noticed Mary Pickford Moviegoers everywhere were riveted by her magnetic talent and appeal as she rose to become cinema's first great star In this engaging collection co published with the Library of Congress an eminent group of film historians sheds new light on this icon's incredible life and legacy Pickford emerges from the pages in vivid detail revealed as a gifted actress a philanthropist and a savvy industry leader who fought for creative control of her films and ultimately became her own producer With extensive photos and illustrations this book paints a fascinating portrait of a key figure in American cinematic history Includes over 200 photos illustrations and stills from the collections of the Library of Congress and Academy of Motion Picture Arts and Sciences Frankly, My Dear Molly Haskell,2010-02-01

Haskell keeps both novel and movie at hand moving from one to the other comparing and distinguishing what Margaret Mitchell expresses from what obsessive producer David O Selznick directors George Cukor and Victor Fleming screenplaywrights Sidney Howard and a host of fixers including Ben Hecht and Scott Fitzgerald and actors Vivien Leigh Clark Gable Hattie McDaniel and others convey She emphasizes the contributions of Selznick Leigh and in an entire chapter Mitchell drawing heavily and analytically on existing biographies the literature of women and the Civil War Civil War films especially Birth of a Nation and Jezebel and film criticism to such engaging effect as to not just revisit GWTW but to revive and intensify the enduring fascination of what Selznick dubbed the American Bible Olson Ray Copyright 2009 Booklist **All**
