Love's Triumph James Robinson Planché, William Vincent Wallace, 1862

Love; a Play. In five acts [and chiefly in verse.] James Sheridan Knowles, 1840 **Shine** Michael Beal, 2022-11-24 You are so much more my child You are much more than you see You Are So Much More As an educator for twenty five years with high school aged kids I can t tell you how many times I ve had to sit down in a counseling session and somehow get that

message across to a seemingly hopeless youth who didn't see his or her value. God used me to communicate many life-giving messages. The poems in this collection called *Shine* are God-given messages of Salvation, Hope, Inspiration, Nourishment, and Encourage. S H I N E. They are born out of a love for God and people I can't generate on my own. Romans 5:5 tells us that the Holy Spirit pours out God's love in our hearts. I encourage you to pray before reading each poem for the Holy Spirit to reveal its significance to you. While many of my encounters with teens were as an advisor in relatively calm conditions, there were times these kids needed a more desperate message. Hey there, Snap out of it! Choose life over death in your mind. Hey there, Snap out of it! Don't let thinking drive you blind. Snap Out of Hopelessness. Fortunately, I didn't have to knowingly talk anyone off the ledge threatening suicide. However, there were times when desperate words had to be said to encourage kids not to overthink their current life situations, letting them know there was hope. Finally, there are personal poems designed to express this pent-up love I have toward my Father, God, hoping to inspire others to pursue this same intimate relationship with the Lover of our soul. I desire passionately to pursue Clinging to You, never letting go. My love for you consumes me. Sending longings into my soul. When I Consider My prayer is you will allow this poetry to saturate your heart and soul with love's possibilities. 2

Love's Grateful Striving M. Jamie Ferreira, 2001-06-07. Søren Kierkegaard's *Works of Love* 1847, a series of deliberations on the commandment to love one's neighbor, has often been condemned by critics. Here Ferreira seeks to rehabilitate *Works of Love* as one of Kierkegaard's most important works. He shows that Kierkegaard's deliberations on love are highly relevant to some important themes in contemporary ethics, including impartiality, duty, equality, mutuality, reciprocity, self-love, sympathy, and sacrifice. Ferreira also argues that *Works of Love* bears on issues peculiar to a religious ethic, such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation.

How to Pick a Lover Wesley Ford,2009-12 While it may be considered taboo any woman married single or otherwise should feel good about her decision to take a lover How To Pick a Lover is a groundbreaking book written to help women have meaningful and rewarding love affairs How do you choose a lover There are no time honored rules Greek chorus or yenta to tell you what qualities to look for or how to avoid potential minefields Literature is ripe with cautionary tales about bad things that happen to good women who stoop to the folly of taking a lover And traditionally a woman's sexuality has been secondary to that of a man's How To Pick a Lover takes you on a journey of self discovery exploring your right to emotional

and sexual fulfillment including the option of having a lover Many of your attitudes and beliefs about courting and being courted will be challenged throughout the pages of this book In return you will gain insights into the attributes and behaviors of men positive and negative that you must pay attention to if you are to pick a lover that is right for you The Engineer officers' navy list. Gregory Fricchione,2011-12 Reconciling the scientific principles of medicine with the love essential for meaningful care is not an easy task but it is one that Gregory L Fricchione performs masterfully in Compassion and Healing in Medicine and Society At the core of this book is a thought provoking analysis of the relationship between evolutionary science and neuroscience Fricchione theorizes that the cries for attachment made by seriously ill patients reflect an underlying evolutionary tenet called the separation challenge attachment solution process The pleadings of patients he explains are verbal expressions of the history of evolution itself By exploring the roots of a patient s attachment needs we come face to face with a critical component of natural selection and the evolutionary process Medicine engages with the separation challenge attachment solution process on many levels of scientific knowledge and human meaning and healing Fricchione applies these concepts to medical care and encourages physicians to fully understand them so they can better treat their patients Compassionate humanistic care promotes physical emotional and spiritual healing precisely because it is consonant with how life the brain and humanity have evolved It is therefore not a luxury of modern medical care but an essential part of it Fricchione advocates an attachment based medical system one in which physicians evaluate stress and resiliency and prescribe an integrative treatment plan for the whole person designed to accentuate the propensity to health There is a wisdom or perennial philosophy based on compassionate love that Fricchione stresses the medical community must take advantage of in designing future health care and society must appreciate as it faces its separation challenges **Romance**

Writing Lynne Pearce,2007-01-05 Exploring the nature of both the romance genre and the discourse of romantic love from the 17th century to the present day this book shows how in the history of literature lovers have utilised its spark to change not only themselves but also their worlds through acts of creativity and heroism **Luminescence, Volume 3** C. Barrett,Fred Barrett,2018-05-04 What is found in this series unveils an entirely different side of C K Barrett a side one might never have known about if one had knowledge only of his famous commentaries and monographs Herein lies a goodly selection of Kingsley s sermons preached largely in small and medium sized Methodist churches in the northeast of England though often elsewhere in England and around the world Fred Barrett was not the scholar his son was but on close inspection one can most definitely see the impact of the father on the son when it came to preaching It seems right to include as many sermons from both of these men as we can in this series One thing sorely lacking in much preaching these days is in depth engagement with both the biblical text and one s tradition and theology The sermons in these volumes demonstrate what such preaching can look like This third volume presents sermons from both the Old Testament and the New Testament
