May,2003-06-19 The first two parts of this book present four detailed historical studies filled with Geertzian thick description of the encounters of Christianity and Buddhism universal religions with a high quotient of transcendence with various primal religious traditions biocosmic or immanentist of the Asian Pacific region namely Aboriginal Australia and Melanesia Christianity and Sri Lanka and Japan Buddhism In each case the encounters represented a failure of the great traditions In the third constructive and theological part of the book the author shows how an acknowledgment of these failures may

provide a back door to dialogue **Engaged Buddhism** Christopher S. Queen, Sallie B. King, 1996-03-14 This is the first comprehensive study of socially and politically engaged Buddhism in the lands of its origin. Nine accounts of contemporary movements in India, Sri Lanka, Thailand, Tibet, Taiwan, Vietnam, and Japan are framed by interpretive essays. The historical development and institutional forms of engaged Buddhism are considered in the light of traditional Buddhist conceptions of morality, interdependence, and liberation, and Western ideas of freedom, human rights, and democracy. Since the fiery self-immolation of the Vietnamese monk Thich Quang Duc on a Saigon street in 1963, engaged Buddhism has spread throughout Asia and the West. Twice in recent years the Nobel Prize for peace was awarded to Buddhists for their efforts to free their compatriots from totalitarian regimes. Engaged Buddhism presents ordained and lay Buddhist activists like Thich Nhat Hanh of Vietnam, Buddhadasa Bhikkhu and Sulak Sivaraksa of Thailand, A. T. Ariyaratne and the Sarvodaya Shramadana movement of Sri Lanka, Daisaku Ikeda and the Soka Gakkai movement of Japan, followers of the Indian Untouchable leader Dr. B. R. Ambedkar, and Buddhist women throughout Asia. These leaders have campaigned relentlessly, attracted and organized millions of new converts, faced death threats, landed in jail, founded schools and universities, and produced a massive new Buddhist literature to restore social and economic justice to their societies.

Hurting Kids Michelle Mary Lelwica, 2024-08-01 *Hurting Kids* explores religion's impact on Americans' beliefs about justice and on teenagers who get in trouble with the law. Why do many of us assume that punishment is an appropriate moral response to crime? How have diverging Christian narratives about divine punishment and God's mercy supported different responses to juvenile wrongdoing? What do these competing notions of justice imply for youth offenders today, nearly all of whom have been violated by the unjust and traumatic circumstances of their lives? Weaving together research on the juvenile justice system, theological analysis, self-examination of white privilege, and the stories and perspectives of incarcerated youth, *Hurting Kids* asks us to understand and care about the complicated humanity of a population of teenagers who are often deemed not only delinquent but dispensable. Sharing snippets of her conversations with incarcerated youth, Lelwica demonstrates that whatever harm these kids have inflicted on others is rooted in the painful experiences they have survived, experiences that are shaped by systemic injustices that benefit people with privilege. Ultimately, *Hurting Kids* challenges common assumptions about guilt and innocence while advocating for a kind of justice for youth that promotes equity, compassion, accountability, and healing for all.
