**Strange Revelations** Lynn Wood Mollenauer, 2007-01-03 The Affair of the Poisons was the greatest court scandal of the seventeenth century From 1679 to 1682 the French crown investigated more than 400 people including Louis XIV's official mistress and members of the highest ranking circles at court for sensational crimes In *Strange Revelations* Lynn Mollenauer brings this bizarre story to life exposing a criminal magical underworld thriving in the heart of

the Sun King's capital The macabre details of the Affair of the Poisons read like a gothic novel In the fall of 1678 Nicolas de la Reynie head of the Paris police uncovered a plot to poison Louis XIV La Reynie's subsequent investigation unveiled a loosely knit community of sorceresses magicians and renegade priests who offered for sale an array of services and products ranging from abortions to love magic to poisons known as inheritance powders It was the inheritance powders usually made from powdered toads steeped in arsenic that lent the Affair of the Poisons its name The purchasers of the powders gave the affair its notoriety for the scandal extended into the most exalted ranks of the French court Mollenauer adroitly uses the Affair of the Poisons to uncover the hidden forms of power that men and women of all social classes invoked to achieve their goals While the exercise of state power during the ancien régime was quintessentially visible ritually displayed through public ceremonies the affair exposes the simultaneous presence of other imagined and real sources of power available to the Sun King's subjects magic poison and the manipulation of sexual passions Highly entertaining yet deeply researched *Strange Revelations* will appeal to anyone interested in the history of court society gender magic or crime in early modern Europe

Kallestrup, 2015-05-28 This book offers a comparison of lay and inquisitorial witchcraft prosecutions In most of the early modern period witchcraft jurisdiction in Italy rested with the Roman Inquisition whereas in Denmark only the secular courts raised trials Kallestrup explores the narratives of witchcraft as they were laid forward by people involved in the trials *Magic in Apuleius' 'Apologia'* Leonardo Costantini, 2019-01-14 Despite the growing interest in Apuleius' *Apologia* or *Pro se de magia* a speech he delivered in AD 158-159 to defend himself against the charge of being a magus the only comprehensive study on this speech and magic to date is that by Adam Abt 1908 The aim of this volume is to shed new light on the extent to which Apuleius' speech reveals his own knowledge of magic and on the implications of the dangerous allegations brought against Apuleius By analysing the *Apologia* sequentially the author does not only reassess Abt's analysis but proposes a new reconstruction of the prosecution's case arguing that it is heavily distorted by Apuleius Since ancient magic is the main topic of this speech an extensive discussion of the topic is provided offering a new semantic taxonomy of magus and its cognates Finally this volume also explores Apuleius' forensic techniques and the Platonic ideology underpinning his speech It is proposed that a Platonising reasoning distinguishing between higher and lower concepts lies at

the core of Apuleius rhetorical strategy and that Apuleius aims to charm the judge the audience and ultimately his readers with the irresistible power of his arguments      **Feast, Fast or Famine** Wendy Mayer, Silke Trzcionka, 2005-01-01 In recent decades there has been an increasing interest in the study of food and drink in the ancient Mediaeval and Byzantine worlds and of their supply and consumption This volume presents selected papers from the biennial conference of the Australian Association for Byzantine Studies which was held at the University of Adelaide 11 12 July 2003 The theme was food and drink in Byzantium Published selectively in the present volume the papers of the conference are augmented by contributions from international scholars While some papers address the use of food directly children s diet fasting or tangentially in love spells or discuss philosophical approaches towards food vegetarianism other papers in this volume examine the topic from another perspective the role and perception of food and drink and their consumption in society Yet others examine issues of supply military logistics and the role it played in shaping Byzantium This volume will appeal to readers interested in the history of food in late antique and Byzantine society in Byzantine rhetoric in magic in late antiquity and in the Jews in early Byzantium

fiercest through the early Middle Ages as atavistic forms of magic mutated and found sanctuary in the daily habits of the converted peoples and new paganisms entered Europe with their own forms of magic By the year 1000 she concludes many forms of magic had been tamed and were by the reckoning of the elite essentially ineffective as were the women who practiced it and the rituals that attended it *The Handless Maiden* Mary Elizabeth Perry,2013-10-24 In 1502 a decade of increasing tension between Muslims and Christians in Spain culminated in a royal decree that Muslims in Castile wanting to remain had to convert to Christianity Mary Elizabeth Perry uses this event as the starting point for a remarkable exploration of how Moriscos converted Muslims and their descendants responded to their increasing disempowerment in sixteenth and early seventeenth century Spain Stepping beyond traditional histories that have emphasized armed conflict from the view of victors *The Handless Maiden* focuses on Morisco women Perry argues that these women's lives offer vital new insights on the experiences of Moriscos in general and on how the politics of religion both empowers and oppresses Drawing on archival documents legends and literature Perry shows that the Moriscas carried out active resistance to cultural oppression through everyday rituals and acts For example they taught their children Arabic language and Islamic prayers dietary practices and the observation of Islamic holy days Thus the home not the battlefield became the major forum for Morisco Christian interaction Moriscas experiences further reveal how the Morisco presence provided a vital counter identity for a centralizing state in early modern Spain For readers of the twenty first century *The Handless Maiden* raises urgent questions of how we choose to use difference and historical memory *Spellcasting* Michael Furie,2016-02-08 You've got the basics of spellcasting down now take your magical practice to a higher level Discover how to add potency to your protective and defensive magic healing work psychic development and divination Cast successful spells for love and money Add lesser known workings to your repertoire such as sending out etheric tendrils creating a nocturnal servitor and ethically practicing weather magic With convenient at a glance correspondences and recipes for potions incense and oils *Spellcasting* offers practical tips and techniques that will forever improve your magical workings Love magic Familiars Remote viewing Scrying mirrors Merging with the elements Divination Psychic development Weather magic Healing Defensive magic Astrological influences Protection Meditation Altered states Allies and helpers Money magic Praise A comprehensive yet readily digested review of magical theory and practice together with some very useful recipes and rituals Raymond Buckland author of *Buckland's Complete Book of Witchcraft* *A Cheerful and Comfortable Faith* Lauren F. from those dominated by men What can we learn from them about the special ways in which women experience their unique reality In this fascinating and pathbreaking work the first comparative study of women s religions Susan Starr Sered seeks answers to these compelling questions Looking for common threads linking groups as diverse as the ancestral cults of the Black Caribs of Belize Korean shamanism Christian Science and the Feminist Spirituality movement Sered finds that motherhood and motherly concerns play a vital role in these female dominated groups Nurturing and concern for others are at the center as are healing arts and ways of dealing with illness and the death of children Religion not only enables women to find sacred meaning in their daily lives from the preparation of food to caring for their families but an offer intense and personal relationships with deities and spirits often through ecstatic possession trance as well as opportunities to celebrate and mourn with other women By examining the shared experiences of women across great cultural divides Priestess Mother Sacred Sister offers a new understanding of the role gender plays in determining how individuals grapple with the ultimate questions of existence In the process it not only highlights the profound differences between men and women but the equally important ways in which we are all alike
