**Testament: Wisdom, Poetry & Writings** Tremper Longman III, Peter Enns, 2008-06-06 Tremper Longman III and Peter E Enns edit this collection of 148 articles by over 90 contributors on Job Psalms Proverbs Ecclesiastes Song of Songs Lamentations Ruth and Esther *Love and Poetry in the Middle East* Atef Alshaer, 2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian ancient Egyptian Classical and Modern Standard Arabic Persian Hebrew Turkish and Kurdish including literary materials that have been discovered and highlighted for the first time Together the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities styles and techniques used to convey it They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times Offering a snapshot of the diverse literary languages and their relationship to the theme of love the book will be of interest to scholars of Near and Middle Eastern Literature and Culture **A History of Ancient Egypt, Volume 3** John Romer, 2023-05-25 The final chapter in the definitive three volume history of the world s first known state Archaeologist John Romer has spent a lifetime chronicling the history of Ancient Egypt and here he tells the epic story of an era dominated by titans of the popular imagination the radical iconoclast Akhenaten the boy king Tutankhamun and the all conquering Ramesses II But heroes do not forge history by themselves This was also a time of international trade cultural exchange and sophisticated art even in the face of violent change Alongside his visionary new history of this the most famous period in the long history of Ancient Egypt Romer turns a critical eye on Egyptology itself Paying close attention to

the evidence he corrects prevailing narratives which cast the New Kingdom as an imperial state power in the European mould. Instead he reveals through broken artefacts in ruined workshops or preserved letters between a tomb builder and his son a culture more beautiful and beguiling than we could have imagined. Romer carefully reconstructs the real story of the New Kingdom as evidenced in the archaeological record and the result the final volume of a life long project secures his status as Ancient Egypt's finest chronicler.

**Romantic Love in Cultural Contexts** Victor

Karandashev, 2016-12-24 This volume presents a conceptual historical anthropological and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures. Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field. Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature. *Romantic Love in Cultural Contexts* delivers thought provoking insights to researchers in relationship scholarship, sociology, anthropology and cultural studies and all those interested in the universal human concept of love. Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology. In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures. Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years. The topic of this project concerns the deepest of our sentiments and pervades life from birth to death. This book contributes to better knowledge of this phenomenon across generations.
