Love Rules Silent Hollywood And The Rise Of The Managerial Class:

Love Rules Mark Garrett Cooper,2003 Arguing for a sweeping new consideration of the shift from print to cinema as a governing system for organizing modern American social relations this book uncovers an intimate connection between Hollywood romances of the silent era and the empowerment of a managerial class During the 1910s and 1920s American movies told love stories through what rapidly became ubiquitous images Again and again silent features showed lovers separated by seeming happenstance and reunited as if by magical forces Mark Garrett Cooper argues that this magic implies the expertise of the corporate movie studio with its hierarchies of professional experts In other words the Hollywood love story amounts to a managerial technique Through close study of such films as Birth of a Nation Enoch Arden The Crowd Why Change Your Wife and The Jazz Singer Love Rules shows how cinematic romance offers an object lesson in how to arrange American society a lesson that implies that such work can be accomplished only by a managerial class Love Rules offers a boldly original account of how the Hollywood feature film supplanted the imagined community of print culture and in doing so played a key role in the transformation of American mass culture *Love Rules* Mark Garrett Cooper,2003 Hard

Hats, Rednecks, and Macho Men Derek Nystrom,2009-10-21 Everywhere you look in 1970s American cinema you find white working class men They bring a violent conclusion to Easy Rider murdering the film s representatives of countercultural alienation and disaffection They lurk in the Georgia woods of Deliverance attacking outsiders in a manner that evokes the South s recent history of racial violence and upheaval They haunt the singles nightclubs of Looking for Mr Goodbar threatening the film s newly liberated heroine with patriarchal violence They strut through the disco clubs of Saturday Night Fever dancing to music whose roots in post Stonewall homosexuality invite ambiguity that the men ignore Hard Hats Rednecks and Macho Men argues that the persistent appearance of working class characters in these and other films of the 1970s reveals the powerful role class played in the key social and political developments of the decade such as the decline of the New Left and counterculture the re emergence of the South as the Sunbelt and the rise of the women s and gay liberation movements Examining the youth cult film the neo Western southern and the new nightlife film Nystrom shows how these cinematic renderings of white working class masculinity actually tell us more about the crises facing the middle class during the 1970s than about working class experience itself Hard Hats thus demonstrates how these representations of the working class serve as fantasies about a class Other fantasies that offer imaginary resolutions to middle class anxieties provoked by the decade s upheavals Drawing on examples of iconic films from the era Saturday Night Fever Cruising Five Easy Pieces and Walking Tall among others Nystrom presents an incisive evocative study of class and American cinema during one of the nation s most tumultuous decades **Screen Ages** John Alberti,2014-11-27 Screen Ages is a valuable guide for students

Happy Endings in Hollywood Cinema James MacDowell, 2013-07-22 Hollywood happy ending has long been considered among the most famous and standardised features in the whole of narrative filmmaking Yet while ceaselessly invoked this notorious device has received barely any detailed attention from the field of film studies This book is thus the first in depth examination of one of the most overused and under analysed concepts in discussions of popular cinema What exactly is the happy ending Is it simply a cliché as commonly supposed Why has it earned such an unenviable reputation What does it or can it mean Concentrating especially on conclusions featuring an ultimate romantic union the final

couple this wide ranging investigation probes traditional associations between the happy ending and homogeneity closure unrealism and ideological conservatism testing widespread assumptions against the evidence offered by a range of classical and contemporary films

[Twilight of the Idols](#) Mark Lynn Anderson,2011-04-18 Twilight of the Idols revisits some of the sensational scandals of early Hollywood to evaluate their importance for our contemporary understanding of human deviance By analyzing changes in the star system and by exploring the careers of individual stars Wallace Reid Rudolph Valentino and Mabel Normand among them Mark Lynn Anderson shows how the era s celebrity culture shaped public ideas about personality and human conduct and played a pivotal role in the emergent human sciences of psychology anthropology and sociology Anderson looks at motion picture stars who embodied various forms of deviance narcotic addiction criminality sexual perversion and racial indeterminacy He considers how the studios profited from popularizing ideas about deviance and how the debates generated by the early Hollywood scandals continue to affect our notions of personality sexuality and public morals

The Movies as a World Force Ryan Jay Friedman,2019-02-04 Throughout the silent feature era American artists and intellectuals routinely described cinema as a force of global communion a universal language promoting mutual understanding and harmonious coexistence amongst disparate groups of people In the early 1920s film industry leaders began to espouse this utopian view in order to claim for motion pictures an essentially uplifting social function The Movies as a World Force examines the body of writing in which this understanding of cinema emerged and explores how it shaped particular silent films and their marketing campaigns The utopian and universalist view of cinema the book shows represents a synthesis of New Age spirituality and the new liberalism It provided a framework for the first official written histories of American cinema and persisted as an advertising trope even after the transition to sound made movies reliant on specific national languages

Flickers of Desire Jennifer M. Bean, 2011 Today we are so accustomed to consuming the amplified lives of film stars that the origins of the phenomenon may seem inevitable in retrospect But the conjunction of the terms movie and star was inconceivable prior to the 1910s Flickers of Desire explores the emergence of this mass cultural phenomenon asking how and why a cinema that did not even run screen credits developed so quickly into a venue in which performers became the American film industry's most lucrative mode of product individuation Contributors chart the rise of American cinema's first galaxy of stars through a variety of archival sources newspaper columns popular journals fan magazines cartoons dolls postcards scrapbooks personal letters limericks and dances The iconic status of Charlie Chaplin's little tramp Mary Pickford's golden curls Pearl White's daring stunts or Sessue Hayakawa's expressionless mask reflect the wild diversity of a public's desired ideals while Theda Bara's seductive turn as the embodiment of feminine evil George Beban's performance as a sympathetic Italian immigrant or G M Anderson's creation of the heroic cowboy outlaw character transformed the fantasies that shaped American filmmaking and its vital role in society

Universal Women Mark Garrett Cooper, 2010-03-10 Between 1912 and 1919 the Universal Film Manufacturing Company credited eleven women with directing at least 170 films but by the mid 1920s all of these directors had left Universal and only one still worked in the film industry at all This book explores how corporate movie studios interpret and act on institutional culture in deciding what it means to work as a man or woman In focusing on issues of institutional change

the author challenges interpretations that explain women's exile from the film industry as the inevitable result of a transhistorical sexism or as an effect of a broadly cultural revision of gendered work roles. He examines the relationship between institutional organization and aesthetic conventions during the formative years when women filmmakers such as Ruth Ann Baldwin, Cleo Madison, Ruth Stonehouse, Elise Jane Wilson, and Ida May Park directed films for Universal.

Lubin, 2025-08-12 For readers of Sam Wasson and Glenn Frankel a cultural history about the making and lasting significance of *Sunset Boulevard* whose piercing and in many ways prophetic critiques of fame continue to resonate today Great films are born of great collaborations and *Sunset Boulevard* represents one of the most extraordinary confluences of cinematic talent in film history but its production was surprisingly fraught filled with unexpected twists Why was William Holden who had never caught fire as a leading man hired to play Joe Gillis after the fastest rising star in the business dropped out at the last minute After Mae West and Mary Pickford turned down the now iconic role of Norma Desmond how did Billy Wilder convince Gloria Swanson who had long been absent from Hollywood at this point to leave her low paying job as a TV talk show host to join the cast From the writers room during Billy Wilder and Charles Brackett's final collaboration to the moment when the film won three Academy Awards scholar and former Rolling Stone staffer David M. Lubin takes readers on a fascinating journey through film history that proves once and for all why *Sunset Boulevard* is one of the most iconic films in cinematic history Just in time for the film's 75th anniversary *Ready for My Closeup* breathes life into a beloved masterpiece of American cinema *Ashcan Art, Whiteness, and the Unspectacular Man* Alexis L. Boylan, 2017-04-20 Arriving in New York City in the first decade of the twentieth century six painters Robert Henri John Sloan Everett Shinn Glackens George Luks and George Bellows subsequently known as the Ashcan Circle faced a visual culture that depicted the urban man as a diseased body under assault Ashcan artists countered this narrative manipulating the bodies of construction workers tramps entertainers and office workers to stand in visual opposition to popular political and commercial cultures They did so by repeatedly positioning white male bodies as having no cleverness no moral authority no style and no particular charisma crafting with consistency an unspectacular man This was an attempt both radical and deeply insidious to make the white male body stand outside visual systems of knowledge to resist the disciplining powers of commercial capitalism and to simply be with no justification or rationale Ashcan Art Whiteness and

the Unspectacular Man maps how Ashcan artists reconfigured urban masculinity for national audiences and reimagined the possibility and privilege of the unremarkable white male body thus shaping dialogues about modernity gender and race that shifted visual culture in the United States **Americanizing the Movies and Movie-Mad Audiences, 1910-1914**

Richard Abel, 2006-08-28 This engaging deeply researched study provides the richest and most nuanced picture we have to date of cinema both movies and movie going in the early 1910s At the same time it makes clear the profound relationship between early cinema and the construction of a national identity in this important transitional period in the United States Richard Abel looks closely at sensational melodramas including westerns cowboy cowboy girl and Indian pictures Civil War films especially girl spy films detective films and animal pictures all popular genres of the day that have received little critical attention He simultaneously analyzes film distribution and exhibition practices in order to reconstruct a context for understanding moviegoing at a time when American cities were coming to grips with new groups of immigrants and women working outside the home Drawing from a wealth of research in archive prints the trade press fan magazines newspaper advertising reviews and syndicated columns the latter of which highlight the importance of the emerging star system Abel sheds new light on the history of the film industry on working class and immigrant culture at the turn of the century and on the process of imaging a national community
