

Letter From God to Woman

If you ever look at yourself & feel

that you don't measure up, read this & your outlook
will change before you finish reading it!

This is good to keep, not just to read from time to time,
but to also keep stored in your heart!

Enjoy, & remember who you are!!!

When I created the heavens and the earth,
I spoke them into being.

When I created man, I formed him and
breathed life into his nostrils.

But you, I fashioned
after I breathed the breath of life into man
because your nostrils are too delicate.
I allowed a deep sleep to come over him so
I could patiently and perfectly fashion you.

Man was put to sleep so that
he could not interfere with the creativity.

From one bone, I fashioned you.

I chose the bone that protects man's life.

I chose the rib,
which protects his heart and lungs and supports him,
as you are meant to do.

Around this one bone, I shaped you
I modelled you.

I created you perfectly and beautifully.

Your characteristics are as the rib,
strong yet delicate and fragile.

You provide protection for
the most delicate organ in man, his heart.

His heart is the centre of his being;
his lungs hold the breath of life.

Enlightenment In her discussion however Bingemer demonstrates that we as humans have not lost our innate desire to believe in a higher power and that even in our world of instant satisfaction we still need to fill the void left by religion Through well researched analysis of the modern era and discussion of some of the mystics of more recent times she reveals to readers how our religious belief whilst changed is not dead and is still an important aspect of our existence Love Letters from Jesus RosAnne C. Johnson,2013-08-28 Urban God Talk Constructing a Hip Hop Spirituality edited by Andre Johnson is a collection of essays that examine the religious and spiritual in hip hop The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false From its beginning hip hop has had a profound spirituality and advocates religious views and while not orthodox or systemic nevertheless many in traditional orthodox religions would find the theological and spiritual underpinnings in hip hop comforting empowering and liberating In addition this volume demonstrates how scholars in different disciplines approach the study of hip hop religion and spirituality Whether it is a close reading of a hip hop text ethnography a critical studies approach or even a mixed method approach this study is a pedagogical tool for students and scholars in various disciplines to use and appropriate for their own research and understanding Urban God Talk will inspire not only scholars to further their research but will also encourage publishers to print more in this field The contributors to this in depth study show how this subject is an underrepresented area within hip hop studies and that the field is broad enough for numerous monographs edited works and journal publications in the future Man Up with God Brian E.
