Peacemaking and Religious Violence

Roger A. Johnson, 2009-09-01 From its very beginning Christian faith has been engaged with religious violence The first Christians were persecuted by their co religionists and then by imperial Rome Jesus taught them in such circumstances not to retaliate but to be peacemakers to love their enemies and to pray for their persecutors Jesus s response to religious violence of the first century was often ignored but it was never forgotten Even during those centuries when the church herself persecuted Christian heretics Jews and Muslims some Christians still struggled to bear witness to the peace mandate of their Lord In the thirteenth century Thomas Aquinas wrote a theology to help his Dominican brothers persuade Cathar Christians to return to their Catholic faith peacefully Ramon Lull a Christian student of Arabic and the Qur an sought to help his fellow Christians recognize the elements of belief they shared in common with the Muslims in their midst In the fifteenth century Nicholas of Cusa a Church Cardinal and theologian expanded Lull s project to include the newly discovered religions of Asia In the seventeenth century Lord Herbert an English diplomat and lay Christian began to identify the political union of church and government as a causal factor in the religious warfare of post Reformation Christendom One and a half centuries later Thomas Jefferson a lay theologian of considerable political stature won a political struggle in the American colonies to disestablish religion first in his home colony of Virginia and then in the new nation he helped to found All five of these theologians reclaimed the peace mandate of Jesus in their response to the religious violence of their own eras All of which points us to some intriguing Christian responses to religious violence in our own century as recounted in the epilogue

The Implicit Theology of the Lord's Prayer Jan Muis,2021-01-15 The postmodern and secular culture of the West requires a new reflection on God The Implicit Theology of the Lord s Prayer A Biblical and Theological Investigation reflects on God on

the basis of an original and central expression of the Christian faith the Lord's Prayer First Jan Muis interprets the divine names central to this prayer in their biblical contexts Next Muis understands the divine attributes implied by these names from the biblical narrative of God's self-revealing actions and explains them in a contemporary framework God's Name indicates his particular personal presence and encounter with human beings The holiness of God's Name and the justice of his Kingship are more than just aspects of the love of the Father the Son and the Spirit The Creator is not a human blown large in his companionship with humans he remains the Exalted who lives both within and beyond created temporal reality In the context of a secular age Muis discusses in what sense this God exists **Ephesians** Ernest Best,2003-07-01 An abbreviated edition in paperback of the commentary in the ICC series For those who lack the linguistic and historical grounding or the time to deal with the ICC volume this Shorter Commentary retains all the important elements of the introduction and commentary but excludes foreign language material technical notes and excursuses Passionate Embrace Elisabeth Gerle,2018-01-01 Protestant ethics has often been associated with work and duty excluding sensuality sexuality and other pleasures In an age of body worship as well as body loathing Elisabeth Gerle explores new paths embarking on a conversation with Martin Luther in dialogue with contemporary theologians on attitudes towards desire ethics and politics She draws on Eros theology to challenge traditional Lutheran stereotypes such as the dichotomies between different forms of love as well as between spirit and body Gerle argues that Luther's spiritual breakthrough where grace and gifts of creation became central provides new meaning to sex and desire as well as to work body and ordinary life Women are seen in a new light as companions autonomous ethical agents part of the priesthood of all This had revolutionary consequences in Europe at the time and it represents a challenge to contemporary theologies with a nostalgic appetite for austerity asceticism and female submission Luther's erotic and genderfluid language is a healthy challenge to oppressive political structures centred on greed profit and competition A revised Scandinavian creation theology and a deep sense of the incarnational mystery are resources for contemporary theology and ethics The Law of Love & Its Fabulous Frequency of Freedom Jasmuheen,2007-08-01 An extensive manual filled with powerful life transforming meditations which also details the Ancient Taoist Masters techniques for Immortality plus Futuristic Science tools of Inter Dimensional Matrix Mechanics for Jasmuheen's Freedom from Human Limitation Agenda This research covers freedom from the need to age or create dis ease freedom from the need to take food or liquid as we learn how to create a self sustaining bio system freedom to express our Divine nature and all its gifts and glories plus tested methods for determining our personal readiness levels for these freedoms **Words of Faith** Byrne, Brendan J., SJ,2023 This work offers over 100 concise discussions of key Pauline words and concepts Its primary focus lies on the seven undisputed letters though material in the remaining letters traditionally attributed to Paul especially Ephesians and Colossians while treated separately is not neglected While accuracy has required reference to the relevant Greek words in each case the use of transliteration renders the work accessible to nonspecialists

The Screenwriters Taxonomy Eric R. Williams,2017-09-05 In The Screenwriters Taxonomy award winning screenwriter and educator Eric R Williams offers a new collaborative approach for creative storytellers to recognize discuss and reinvent storytelling paradigms Williams presents seven different aspects of storytelling that can be applied to any fictional narrative film from super genre macrogenre and microgenre to voice and point of view allowing writers to analyze existing films and innovate on these structures in their own stories Moving beyond film theory Williams describes how this roadmap for creative decision making can relate to classics like Sunset Boulevard The Wizard of Oz and Butch Cassidy and the Sundance Kid as well as such diverse modern favorites like 12 Years a Slave Anomalisa and Shrek **Virtue Ethics, Old and New** Stephen Mark Gardiner,2005 There are grounds for saying that contemporary work in virtue ethics is if not quite in its theoretical infancy at least not far out of diapers And this suggests that we should be gentle and nurturing allowing it time to

flourish before coming to any definitive verdict on its merits However it is hard to deny that modern day virtue ethics is part of a long sophisticated and fairly continuous tradition Not only does the approach have origins almost as ancient as philosophy itself but its history also includes extensive work by such philosophical luminaries as at least Socrates Plato Aristotle the Stoics Aquinas and perhaps Hume and Nietzsche And this suggests that we should already be in a good position to assess its appeal from the Introduction In Virtue Ethics Old and New ten philosophers seek to enrich the contemporary understanding and development of virtue ethics through a detailed examination of some key contributions from its past Their essays demonstrate the continuing relevance of the history of moral philosophy to contemporary debates *Infinite Love: a meditation.
