

Poems On Love

Love adorns itself;
it seeks to prove inward joy by outward beauty.

Love does not claim possession,
but gives freedom.

Love is an endless mystery,
for it has nothing else to explain it.

Love's gift cannot be given,
it waits to be accepted.

Poems of Rabindranath Tagore Rabindranath Tagore, 2005. The poems included in this book have been composed over a period of as many as sixty years, the first as early as 1881 and the last barely a week before the poet's death in 1941. The poems illustrate an astounding variety of interests and a great imaginative sweep. An enduring icon of India, Rabindranath Tagore made extraordinary contributions as an artist, nationalist, educationist, and philosopher. Deeply aware of the historical significance of his times, he built on the heritage of nineteenth century Indian renaissance to become one of the makers of the modern Indian mind. In this first of its kind intellectual biography, historian Sabyasachi Bhattacharya sketches a compelling portrait of a Tagore who was innately sceptical, self-critical, and tormented by conflicts in his inner life. He draws on letters, autobiographical accounts, and literary works, some translated for the first time, to explore Tagore's chief dilemmas. He reveals how, despite Tagore's apparently contradictory ideas on patriotism and international humanism, modernity and traditional practices, secularism and religious influence, there was a unified vision that tied together his diverse oeuvre. Thoroughly researched and evocatively written, *Rabindranath Tagore: An Interpretation* offers profound insights into Tagore's life and multiple influences that shaped his genius. **East Asian Literatures**, 2006. This volume discusses the past, present, and future perspectives of literature in Japan, China, and South Korea and its interface with India. Since this being a largely unexplored area, an attempt has been made to present a true picture of the literature and cultural milieu of the East Asian countries to the readers through well researched, thought provoking, and enlightening papers contributed by eminent scholars from India, Japan, China, and Korea. It is a historical fact that India maintained strong cultural ties with East Asian countries, directly or indirectly, through religion and culture since ancient times. This cultural bond has become all the more significant and meaningful in this age of information technology and globalization. In this context, literature has a great role to play. To be precise, it is only through literature that this existing bond of cultural affinity among India and East Asian countries could be nurtured and strengthened. This book gives a vivid picture of the state of the past and present literary trends in Japan, China, and South Korea, the influence of Indian literary trends and thought on their literatures, and the general perception and assimilation of

Of Criticism To Understand The Way In Which The World Expresses Itself In The Body Of Tagore S Poetic Creation He Examines How The Awareness Of Evil Grows In Tagore S Work Until It Becomes Pervasive In His Final Phase The Critic Shows How The Poet Moves From Romantic Effusion And Melancholy To The Self Processed Tranquillity Of Divine Love And From There Towards Western Humanism On The One Hand And To A Realisation Of The Gracious Aspect Of The Terrible On The Other

A Companion to Pablo Neruda Jason Wilson, 2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self By focussing on the poet s apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda s debt to reading and books is studied in depth and the change in poetics re examined by concentrating on the early work up to *Residencia en la tierra* I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his true biography Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London
