Love Sexuality And Matriarchy About Gender:

Love, Sexuality, and Matriarchy Erich Fromm, 1997 One of the world's most widely read psychoanalysts Erich Fromm was a groundbreaking thinker on gender and sex issues which have come to have a profound impact on psychology in recent years He believed that a state of war has existed between the sexes for some six thousand years a guerrilla war which followed the triumph of men over women and reorganized society on the basis of male domination turning women into the property of men As long as we fail to acknowledge this state of war dating back to the dawn of history Fromm said we will never understand the psychology of men and women In Love Sexuality and Matriarchy About Gender his most significant contributions about the problematic relations between men and women some never before available in English are brought together for the first time They reveal Fromm as a pioneer of many of today s most challenging ideas about gender BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Erich Fromm's Critical Theory Kieran Durkin, Joan Braune, 2020-04-16 Interest in Fromm is increasing as a prominent Marxist sociologist psychoanalytic theorist and public intellectual the unique normative humanist thrust of his writings provides a crucial critical reference point for those seeking to understand and transcend the societal pathologies of our age The essays in this volume retrieve revive and expand upon Fromm's central insights and contributions. They offer a critical theory of culture the self psychology and society that goes beyond what is typical of the narrower concerns of the fragmented and isolated disciplines of today demonstrating the pan disciplinary potential of Fromm s work But this book does not simply reassert Fromm s ideas and rehash his theories but rather reconstructs them to bring them into meaningful dialogue with contemporary ideas and cultural political and economic developments Providing new approaches to Fromm's ideas and work brings them up to date with contemporary problems and debates in theory and society and helps us understand the challenges of our times

Dunayevskaya-Marcuse-Fromm Correspondence, 1954-1978 Kevin Anderson, Russell Rockwell, 2012-01-01 This volume

contains the correspondence during the years 1954 to 1978 between Marxist Humanist and feminist philosopher Raya Dunayevskaya 1910 87 and the Hegelian Marxist philosopher and social theorist Herbert Marcuse 1898 1979 and the psychologist and social critic Erich Fromm 1900 80 The exchanges show the deeply Marxist and humanist concerns of these theorists while also highlighting their significant differences on key issues in philosophy politics and psychology during the turbulent decades of the 1950s 1960s and 1970s Utopia and Education. Studies in Philosophy, Theory of Education and Pedagogy of Asylum Rafał Włodarczyk, 2022-01-01 Utopia and Education is an original contribution of the philosophy and theory of education which also enters the fields of disciplines other than pedagogy and uses their approaches and achievements The work is part of utopian studies and complements its discourse with a less marked path of philosophy and theory of education Moreover in the context of pedagogy and education it takes up a number of issues whose significance goes beyond the conventional framework of a single discipline utopia ideology social criticism fundamentalism democracy populism translation transdisciplinarity and knowledge transfer socialisation school as one of the social institutions etc The work not only reconstructs knowledge about specific phenomena relevant to education and pedagogy but also proposes an original solution to educational problems in the form of the concept of asylum pedagogy. The approach to these phenomena is well reflected in the division of the book into two parts The book apart from references to researchers associated with utopian studies addresses ideas of such figures of the humanities and social sciences as Emmanuel Levinas and Erich Fromm their concepts were earlier used by the Author in two monographs Besides there are references to Bronis aw Baczko George Steiner Jacques Derrida Michael Walzer Hannah Arendt Janusz Korczak and Ilan Gur Ze ev Throughout the work the Author attempts to combine the perspectives of critical pedagogy and dialogue finds inspiration in the achievements of the Warsaw School of the History of Ideas and draws on Jewish thought and tradition Amazons in America Keira V. Williams, 2019-03-06 With this remarkable study historian Keira V Williams shows how fictional matriarchies produced for specific audiences in successive eras and across multiple media constitute prescriptive solution oriented thought experiments directed at contemporary social issues In the process Amazons in America uncovers a rich tradition of matriarchal popular culture in the United States Beginning with late nineteenth century anthropological studies which theorized a universal prehistoric matriarchy Williams explores how representations of women centered societies reveal changing ideas of gender and power over the course of the twentieth century and into the present day She examines a deep archive of cultural artifacts both familiar and obscure including L Frank Baum s The Wizard of Oz series Progressive era fiction like Charlotte Perkins Gilman's utopian novel Herland the original 1940s Wonder Woman comics midcentury films featuring nuclear families and feminist science fiction novels from the 1970s that invented prehistoric and futuristic matriarchal societies While such texts have at times served as sites of feminist theory Williams unpacks their cyclical nature and in doing so pinpoints some of the premises that have historically hindered gender equality in the United States Williams also delves into popular works from

the twenty first century such as Tyler Perry s Madea franchise and DC Comics Warner Bros globally successful film Wonder Woman which attest to the ongoing presence of matriarchal ideas and their capacity for combating patriarchy and white nationalism with visions of rebellion and liberation Amazons in America provides an indispensable critique of how anxieties and fantasies about women in power are culturally expressed ultimately informing a broader discussion about how to nurture a stable equitable society Erich Fromm and Critical Criminology Kevin Anderson, Richard Quinney, 2000 Linking the writings of the great humanist psychologist Erich Fromm to criminology this collection shows how viewing crime patterns and the criminal justice system from Fromm's humanist perspective opens a path to more effective and more humane ways of understanding and dealing with crime and criminals Contributors to Erich Fromm and Critical Criminology draw on Fromm s writings on alienation sadomasochism and patriarchal matriarchal values to assess the kinds of crimes being committed and the kinds of people committing them They explore the spiritual and intellectual sources of Fromm's thought including Jewish theology Freudian psychoanalysis Marxism and Buddhism and demonstrate how his socialist humanism points toward a society free of crime and violence This volume also includes translations of two of Fromm's early articles on criminal justice never before available in English in which he develops a psychoanalytic Marxist critique of the role of criminal justice in a class society At a time when American society seems bent to an unprecedented degree on imprisonment executions and other violent responses to the problem of crime Fromm s humanist critique offers a unique vantage point from which to renew and develop a critical criminology Erich Fromm and the Quest for Solidarity Lawrence Wilde, 2016-04-30 Erich Fromm and the Quest for Solidarity argues that Fromm's humanistic ethics provides a framework for the analysis of alienation in affluent societies and his exploration of the social forces capable of challenging that alienation It examines his work on authoritarianism the experience of work the struggle against patriarchy the dangers of consumerism and the manipulation of needs the urgent need to revive democracy and the challenge of the emerging one world Never losing sight of the ancient dream of human solidarity Fromm's explicitly ethical approach exerts a compelling relevance to a range of issues in contemporary social and political theory Conversing on Gender G. G. Bolich, 2007-08 Conversing on Gender is as its subtitle indicates a primer for entering the broad conversation on gender that can be found both inside and outside of academic circles The book considers the relation of gender to sex and sexuality reviews prominent theories of gender and The Radical Humanism of Erich Fromm K. Durkin, 2014-09-04 This book shortlisted for the covers basic gender issues British Sociological Association's Philip Abrams Memorial Prize 2015 argues that Fromm is a vital and largely overlooked contribution to twentieth century intellectual history and one who offers a refreshingly reconfigured form of humanism that is capable of reintegrating explicitly humanist analytical categories and schemas back into social theoretical and scientific considerations The War of Ideas Walid Phares, 2025-04-16 From Afghanistan and Iraq to Europe and the United States we are engaged in one of the most heated wars of all time In this incisive new book the man that has been called the only one to
