Love Songs Of Lennon McCartney With Something By George Harrison:

The Beatles on the Charts Michael A. Ventrella, 2023-03-15 Billboard magazine named The Beatles the greatest performing musical act of all time and their albums continue to chart to this day This is no surprise to the author who combed through nearly 60 years of the magazine week by week to compile a list of every song and album that charted The end result is an intriguing look at the band's influence including their solo efforts The author assigns points to the positions of songs and albums on the charts in order to create a list ranging from the least successful to the most successful Each entry includes a picture of the album cover or single sleeve along with an analysis of the song or album Also provided are introductory chapters about the Beatles and an explanation of how the Billboard charts have been tabulated and changed over the years

The Beatles , The Science of The Beatles Mark Brake, Jeff Brake, 2025-05-27 An In Depth Analysis of The Beatles Music and the Theory Techniques and Technology That Made It Possible When people look back in two hundred years time at our culture whose music will have survived from today Who will be our equivalent of Bach Mozart and Beethoven The big story of contemporary popular music has been The Beatles They were the chief architects of the fusion of classical and popular music to create a new musical mainstream From the time we humans first made our art music and technology have been inseparable And that symbiotic relationship has never been so excitingly orchestrated than with the musical history of The Beatles They absorbed many other styles around them in an extraordinary and unprecedented melting pot of music And they embraced new technologies with enthusiasm and imagination As pioneers of recording tech and artistic presentation making American music with a British twist The Beatles revolutionized many aspects of music tech and became leaders of the era's youth and sociocultural movements Their music was both genuinely sophisticated and hugely popular For a generation they were the most important composers in the world and became the most influential band of all time Putting the band's thirteen legendary studio albums under a microscope The Science of The Beatles looks at the science poetry and raw power in the music that started a revolution

The Beatles through a Glass Onion Mark Osteen, 2019-03-11 The Beatles the 1968 double LP more commonly known as the White Album has always been viewed as an oddity in the group's oeuvre Many have found it to be inconsistent sprawling and self-indulgent The Beatles through a Glass Onion is the first ever scholarly volume to explore this seminal recording at length bringing together contributions by some of the most eminent scholars of rock music writing today It marks a reconsideration of this iconic but underappreciated recording and reaffirms the White Album's significance in the Beatles career and in rock history This volume treats the White Album as a whole with essays scrutinizing it from a wide range of perspectives These essays place the album within the social and political context of a turbulent historical moment locate it within the Beatles' lives and careers taking into consideration the complex personal forces at play during the recording sessions investigate the musical as well as pharmaceutical influences on the record reveal how it reflects new developments in the Beatles songwriting and arranging revisit the question of its
