Love That Works, 2009 This original highly readable book poses a clear distinction between our customary form of love which almost guarantees failure and higher more generous ways of loving that can succeed and enrich both individuals and society as a whole Love That Works draws on history psychology and the theology and science of love to offer a proposal on how to be successful in love and romance It starts by showing why love fails to meet expectations often ending sadly or even tragically

Poems about Art, Science, Love and Life, 2010-10 These poems came out of the love Dr Yadusky has for his wife Margaret and his children The will to create and the will to love are one Poems make love visible and by doing so they uplift and heal because in the presence of love everything is healed Poetry at its essence depicts a spiritual world because the mind seeks truth the heart seeks love and the spirit seeks goodness and God Poems awaken something in the reader's heart that is beyond knowledge We can define poetic creation in the same way that we define art itself namely spirit expressed into matter Poets say tangibly what they feel intangibly to give finite form to the infinite When Dr Yadusky depicts this creative spirit of love he shows us the face of God

Give Us This Day Devotionals, Volume 6 Charles Erlandson, 2023-06-29 Give Us This Day is a unique daily devotional commentary for the entire New Testament based on the ancient method called *lectio divina* *Lectio divina* or divine reading is the method used by the early church and countless Christians through the centuries to read the Scriptures to form and transform the soul more than merely to inform the mind Give Us This Day deals in depth with entire passages and their contexts Rather than selecting only certain portions of the New Testament to write about Fr Charles has written a devotional for each and every passage of the New Testament Fr Charles writes for the whole person he is not afraid to use his sense of humor and he carefully relates the Bible not only to the individual's life but also to the life of the Church At the end of each day's devotional an appropriate Prayer is offered as well as Points for Further Reflection on the day's lesson Each devotional concludes with a suggested Resolution to put into effect what the Spirit has stirred up in the heart of the reader during the course of his reading meditation and prayer

Love Or Greatness (Routledge Revivals) Roslyn Wallach Bologh, 2009-12-15 This work first published in 1990 reissues the first thorough examination of the essentially masculine nature of Max Weber's social and political thinking Through a detailed examination of his central texts the author demonstrates Weber's masculine reading of social life and shows how his work advocates a masculine form of life that poses a challenge to contemporary women and to feminism In particular she addresses the patriarchal implications of Weber's belief in the need to relegate the ethic of brotherly love to a private sphere in order to make possible rational action and the achievement of greatness in the public

sphere **What is Love?** Vijay Shankar Sharma, 2018-06-27 Love plays an important part in our lives. Countless books and relationship experts talk about love as the panacea for all ills in the world. With the entire existing knowledge on the subject of love painstakingly researched for this book, it is clear that no one really knows what love is, how it happens, or how it can be given or taken. All that is known are the chemical changes that happen inside people in love or how they feel, and other non-specific things. Do you know what is love? Do you think it is possible to define love in a definitive and actionable manner? Do you think there can be actionable guidelines on how to give and get love in any relationship? Do you think love between Parents, Children, Siblings, Friends, Pets, Causes, and Objects cannot be compared? Do you think love will work in business and leadership? Do you think love will work in all human interactions? Do you think love can be measured? Prepare to be pleasantly surprised.
