Making The Eucharist Matter:

Making the Eucharist Matter Frank Andersen, 1999-10 How can it be that many find the celebration at the heart of Christian faith merely routine or even meaningless What can we do about it Anderson addresses these questions head on exploring how the liturgy s meaning can come alive for us how it can ennoble and involve us He explores the extraordinary possibilities that the Eucharist affords us **The Eucharist and World Hunger** Izunna Okonkwo, 2011-12-21 Hunger is a menace in different parts of the globe It has more unnatural than natural causes Though efforts have been made towards alleviating its causes and consequences more actions still need to be taken for its genuine alleviation and eventual eradication in the world For Joseph Grassi painful hunger is a daily occurrence that must be countered by ongoing effective programs that enter into the lives of every Christian Such position not only recognises the frequency and excruciating nature of hunger but also suggests that Christians and other religious groups have a very important role to play in order to eradicate hunger and its devastating effects This book explores the nuances of hunger its causes dimensions and approaches as well as its connection to the Eucharist It argues that hunger can be eradicated and that the Eucharist stands out as a veritable model

As Pilgrims Progress - Learning how Christians can walk hand in hand when they don't see eye to eye Stephen John March, David E. Bjork, 2015-05-29 This book is for Roman Catholic and Evangelical Protestant lay people who wonder what relationship if any they might have with their friends who come from a different Christian faith tradition than their own The authors aim to address that question in a practical way They believe that while disagreements remain it is possible to preserve the integrity of the faith while relating positively to Christians who cherish other beliefs The opinions expressed in this book grew out of nearly thirty years of experience as evangelical protestant missionaries ministering in catholic parish communities in France The goal of the book is to move the readers beyond simply understanding each other to a place where they might begin using their diversity to stimulate and encourage each other in our common pursuit of obedient discipleship We know of no other book which targets ecumenical lay relations in this way The Eucharist: Mystery of Presence, Sacrifice, and Communion Lawrence Feingold, 2018-04-01 The Eucharist Mystery of Presence Sacrifice and Communion explores the three ends of the Sacrament of Sacraments God s true presence His redemptive sacrifice and spiritual nourishment through communion with Him In this follow up to his groundbreaking work *Faith Comes From What Is Heard* Lawrence Feingold constructs a biblical vision of the Eucharist from its prefigurement in the Old Testament to its fulfillment in the New and presents the Eucharistic theology of the Church Fathers St Thomas Aquinas and magisterial teaching from centuries past through today The Eucharist is a masterful text both challenging and spiritually rich that comprehensively examines the unspeakable mystery that is the Eucharist *An exposition of the Thirty-nine articles of the Church of England. with notes by J.R. Page* Gilbert Burnet (bp. of Salisbury.), 1837 **An Exposition of the Thirty-nine Articles of the Church of England** Gilbert Burnet, 1842 God Matters Herbert McCabe, 2005-01-01 Seldom have God matters been

treated with such verve sense rigour and humour as in this collection of writings by Herbert McCabe The book demonstrates the depth and clarity of his theology and philosophy of God his appetite for controversy both political and theological as well as a traditional Catholic concern for prayer liturgy Mary and St Dominic The articles which range widely and represent over twenty years of characteristically dominican enterprise reveal a personality that is itslef clear evidence that God matters

An Exposition of the Thirty-Nine Articles of the Church of England Bishop Of Sarum Gilbert,2010-02-01 This facsimile reprint of the first edition of An exposition of the Thirty nine articles of the Church of England includes an appendix containing the Augsburg Confession the Creed of Pope Pius IV and more

The Eucharist, Poetics, and Secularization from the Middle Ages to Milton Shaun Ross,2023 The Eucharist Poetics and Secularization from the Middle Ages to Milton explains the astonishing centrality of the eucharist to English poets writing from the fourteenth to the seventeenth centuries

Teilhard de Chardin on the Eucharist Savary, Louis M.,2021 Reinterprets and reenvisions traditional Eucharistic theology and related prayer forms to fit an evolving universe and introduces some of Teilhard s evolutionary perspectives showing how the Eucharist is a living symbol of the ongoing incarnation or transubstantiation of the entire cosmos

The Future of the Sacrament of Penance Frank O'Loughlin,2009 Calls for a change in attitude toward and a renewal in understanding the use of the sacrament of penance

The Eucharist in Modern Philosophy Xavier Tilliette,2022-12-27 The Eucharist in Modern Philosophy is one of the last books written by the renowned Jesuit philosopher Xavier Tilliette 1921 2018 and the first to be translated into English Jonathan Martin Ciraulo the translator also provides an introduction to the thought of Tilliette and the content of this book while Cyril O Regan provides the foreword noting the particular intellectual characteristics of Tilliette and his analysis of eucharistic philosophies In addition to being known as one of the foremost experts on the German Idealist Friedrich Schelling Tilliette wrote voluminously on the relationship between modern philosophy and theology particularly concerning the way in which Christology is central to the development of modern philosophy In this volume he extends that project to look at how various philosophers such as Descartes Leibniz Hegel Blondel and Marion as well as poets and mystics such as de Chardin Simone Weil and Paul Claudel thought extensively about the question of the Eucharist The result is an enormous diversity of Eucharistic thought from Descartes attempt to justify transubstantiation in light of his philosophical revolution to Feuerbach s supposed exposure of the contradiction inherent to sacramentality to Antonio Rosmini s eucharistic piety and speculation to Maurice Blondel s recovery and expansion of Leibniz s notion of the substantial bond Tilliette shows that this philosophical conversation about the Eucharist is a living tradition as the aporias and failures of one generation provide stimulus for all that follows Much of the work is largely historical showing in great detail the context of each particular eucharistic philosophy but Tilliette also evaluates the relative fruitfulness of the various eucharistic theories for philosophy theology and the life of the Church This book demonstrates that the Eucharist has been and will likely continue to be a major impetus for philosophical reflection
