**The North Carolina Filmography** Jenny Henderson, 2017-07-21 In recent years North Carolina has been recognized as a popular filming location for feature films and television series such as *Last of the Mohicans* and *Dawson's Creek*. Few people probably realize that the first feature film in the state was shot in 1912. This comprehensive reference book provides a complete listing of every film, documentary, short, television program, newsreel, and promotional video in which at least some part was filmed in North Carolina through the year 2000. The entries contain the following information: alternate titles, the type of film, feature film, television episode, etc., studio, cities, counties, scenes, Biltmore House, for example, comments, short synopses of the movies, director, producer, co-producer, executive producer, cinematographer, writer, music, and casting credits, additional crew, and cast.

**Fade In, Crossroads** Robert Jackson, 2017-05-23 How did the US South contribute to the development of film? And how did film shape the modern South? In *Fade In, Crossroads*, Robert Jackson tells the story of the relationships between southerners and motion pictures from the silent era through the golden age of Hollywood. Jackson reveals the profound consequences of the coincidence of the rise and fall of the American film industry with the rise and fall of the South's most important modern product and export: Jim Crow segregation. He considers southern historical legacies on film from popular Civil War films and comparably popular lynching films emerging in a time of prolific lynching in the South to the resilient race film industry whose African American filmmakers forged an independent cinematic movement in defiance of the racial restrictions of both the South and Hollywood. He also traces the influence of film on future participants in the Civil Rights Movement from prominent leaders such as Martin Luther King and Thurgood Marshall to film industry veterans like Lena Horne and Paul Robeson to the millions of ordinary people, black and white, who found themselves caught up in the struggle for racial equality in the modern United States.

Many entries are new to this edition. Each listing provides birth and death dates, a brief summary of the subject's claim to fame, and their burial site location or, as much as is known, grave location within a cemetery. In many cases, as well as places of cremation and sites where ashes were scattered, source information is provided.
