Opelz, W.A. Buurman, J.P. van Hooff, P. MacMaster, J. Wallwork, 2013-11-11 This supplement to *Transplant International*  
contains the Proceedings of the successful 5th Congress of the European Society for Organ Transplantation held in  
Maastricht from 7-10 October 1991. Of 827 abstracts submitted to the congress 548 were selected by the Scientific  
Committee for either oral or poster presentation. Of these 548 presentations the guest editors selected 212 full papers for  
publication in this book. Two aspects are important where proceedings are concerned: the quality of the papers and the speed  
of publication. I thank our authors and guest editors whose combined expertise has given us a guarantee of quality. I also  
thank our editorial and production teams for their tremendous efforts to hasten editing, proofreading, printing and publication.  
In particular, I would like to express my gratitude to Maurits Booster M.D. and Sylvia van Roosmalen for their assistance and  
support in seeing this supplement through to completion. As a concession to time, we have waived some of our stringent rules  
of style and limited our correspondence with authors by, for example, page proofs being reviewed and corrected in-house only.  
This enables us to publish two months earlier but has the disadvantage that given the allotted time we have not been able to  
ensure that each and every article has an abstract nor that every item has been dotted in the reference lists or in the addresses  
and institute affiliations of all the authors.      Ecology and Management of the Mourning Dove Thomas S. Baskett, 1993. Nicely  
published, apparently with subsidy by the Wildlife Management Institute, Washington D.C. Comprehensively deals with the  
most numerous, widespread and heavily hunted of North American gamebirds. Among the topics covered in 29 contributions:  
classification and distributions, migration, nesting, reproductive strategy, growth and maturation, feeding habits, diseases,  
survey procedures, population trends, care of captive mourning doves and hunting. The final chapter identifies research and  
management needs. Annotation copyright by Book News Inc, Portland, OR.
