

North Carolina Government And Politics

David Closson

North Carolina Government And Politics:

North Carolina Government & Politics Jack D. Fler,1994-01-01 North Carolina has been a leader in the South and the nation since 1775 when it became First in Freedom by calling for its independence from British rule Throughout its history the state has had a reputation as a progressive force This book offers both an assessment and an examination of the realities of the state s leadership Analyzing a wide range of political actors and organizations which includes the state legislature the governor and executive branch the judiciary political parties interest groups and the media Fler illuminates North Carolina s rich political history its evolving constitutional order and its changing political culture Although revealing a pattern of elitist paternalism in the state s political history the book illustrates a parallel pattern of popular participation and control Major forces of change are increasingly defining the state These transitional factors include a significant biracial electorate a stratified society a diverse electorate increasingly varied and mobilized political interest groups a competitive political party system and a more representative political leadership New challenges to the state s future development are its aging population the preparedness of its work force the globalization of its economy the protection of its natural resources and the education of its children for the next century Each new political debate policy choice and election reminds North Carolinians of their fundamental challenge establishing a government by enlightened and effective popular consent Jack D Fler is a professor of political science at Wake Forest University and the author of *North Carolina Politics An Introduction* *North Carolina Government & Politics* Jack D. Fler,1994-01-01 North Carolina has been a leader in the South and the nation since 1775 when it became First in Freedom by calling for its independence from British rule Throughout its history the state has had a reputation as a progressive force This book offers both an assessment and an examination of the realities of the state s leadership Analyzing a wide range of political actors and organizations which includes the state legislature the governor and executive branch the judiciary political parties interest groups and the media Fler illuminates North Carolina s rich political history its evolving constitutional order and its changing political culture Although revealing a pattern of elitist paternalism in the state s political history the book illustrates a parallel pattern of popular participation and control Major forces of change are increasingly defining the state These transitional factors include a significant biracial electorate a stratified society a diverse electorate increasingly varied and mobilized political interest groups a competitive political party system and a more representative political leadership New challenges to the state s future development are its aging population the preparedness of its work force the globalization of its economy the protection of its natural resources and the education of its children for the next century Each new political debate policy choice and election reminds North Carolinians of their fundamental challenge establishing a government by enlightened and effective popular consent **The New Politics of North Carolina** Christopher A. Cooper,H. Gibbs Knotts,2012-09-01 Political scientist V O Key in 1949 described North Carolina as a progressive plutocracy He argued that in the areas of industrial development public education and race

relations North Carolina appeared progressive when compared to other southern states Reconsidering Key s evaluation nearly sixty years later contributors to this volume find North Carolina losing ground as a progressive leader in the South The new politics of the state involves a combination of new and old new opportunities and challenges have forced the state to change but the old culture still remains a powerful force In the eleven essays collected here leading scholars of North Carolina politics offer a systematic analysis of North Carolina s politics and policy placed in the context of its own history as well as the politics and policies of other states Topics discussed include the evolution of politics and political institutions the roles of governors the judicial branch interest groups and party systems and the part played by economic development and environmental policy Contributors also address how geography affects politics within the state region and nation Designed with students and interested citizens in mind this collection provides an excellent introduction to contemporary North Carolina politics and government Contributors Hunter Bacot Elon University Christopher A Cooper Western Carolina University Thomas F Eamon East Carolina University Jack D Fler Wake Forest University Dennis O Grady Appalachian State University Ferrel Guillory University of North Carolina at Chapel Hill Sean Hildebrand Western Carolina University Jonathan Kanipe Town Manager Catawba North Carolina H Gibbs Knotts Western Carolina University Adam J Newmark Appalachian State University Charles Prysby University of North Carolina at Greensboro Ruth Ann Strickland Appalachian State University James H Svava Arizona State University Timothy Vercellotti Rutgers University

Government and Politics in North Carolina Robert Bartlett Harmon,1979 **Anatomy of a Purple State** Christopher A. Cooper,2024-10-09 North Carolina represents a perfect distillation of the promise and peril of modern American democracy hyperpartisanship gerrymandering dissatisfaction with the two party system the urban rural divide these issues are all brought into sharp relief in the Tar Heel State For that reason North Carolina politics and government are increasingly of interest not just to North Carolina citizens but to journalists political observers and people across the country Political scientist Christopher A Cooper to whom the national media go when they need a quote about North Carolina politics offers a primer made for all people no matter their political leanings Readers will be introduced to everything that has made North Carolina the most purple of purple states from the state constitution and the influence of think tanks to the growing racial diversity of the state and the limitations on the governor s power By explaining how we came to be in the political situation we are in Cooper shows us where we might go next And as many have said As North Carolina goes so goes the nation

Political Encyclopedia of U.S. States and Regions Donald P. Haider-Markel,Michael A. Card,2009 Providing expert analysis of government and politics in all 50 states and the U S territories this innovative two volume reference fills the critical need for information and analysis of the roles and functions of state government through accessible state by state and regional overviews of government and politics

Southern Politics in the 1990s Alexander P. Lamis,1999-08-01 During the 1990s the Republican party surged to majority status in the South after two decades of struggling unevenly to become established in

the formerly one party Democratic section of the country In this comprehensive up to date study seasoned observers tell the fascinating story of the GOP s remarkable advance at the regional level and in each of the eleven states of the former Confederacy effectively capturing the current partisan dynamics at work throughout Dixie In *Southern Politics in the 1990s* eleven teams of political scientists and journalists all of them long time observers of the political scene in their own states offer individual chapters that closely examine partisan and electoral developments in each southern state Alexander P Lamis frames the state discussions with introductory and concluding chapters that highlight the evolution of the two party South and the political transformation the region as a whole underwent during the decade of the 1990s Together the authors show that the amazing Republican spurt was fueled by many factors including the ongoing entrenchment of the partisan competition begun three decades earlier the national Republican sweep of 1994 that affected all regions of the country equally and the successful efforts of Republicans to paint the Democrats as hopelessly mired in a corrupt political system and themselves as untainted reformers who represent the future However as the separate state chapters illustrate the pace of change differed from state to state For example South Carolina was an early Dixie leader in the GOP s growth in the 1990s but Arkansas caught the wave only in the middle of the decade Offering in depth political analysis on both the state and the regional level *Southern Politics in the 1990s* reveals that the 1990s revolution in southern politics gave the country for the first time since the 1850s a truly national party system The book will prove essential to anyone interested in southern politics at the dawn of the twenty first century **Government and Politics in North Carolina** Robert Bartlett Harmon,1990

The Executive Branch of State Government Margaret R. Ferguson,2006-04-21 This volume offers both historical and contemporary perspectives on the office of the governor covering all 50 states and providing a comprehensive examination of the executive branch at the state level One of three titles in ABC CLIO s *About State Government* set this work offers comprehensive coverage of contemporary American politics at the state level It explores the critical roles played by the governorship and state level bureaucracies both in managing the state s business and as a component of the overall national system of government Written by some of the nation s foremost authorities on state politics *The Executive Branch of State Government* chronicles the evolution of the state level executive apparatus from colonial times to the present emphasizing its current importance on the local and national political stage Chapters examine the structure and function of the governorship and state agencies the people who serve as governor and in those agencies and the multitude of forces that impact their work A separate chapter examines the particular characteristics of executive branches state by state **Life After Roe** David Closson,2025-04-01 *Life After Roe* equips believers with the knowledge and tools needed to navigate the evolving landscape surrounding abortion after the *Dobbs v Jackson* decision **The Political Career of W. Kerr Scott** Julian M. Pleasants,2014-11-25 This biography will find its place among a growing literature on post war Southern politics Charles Holden author of *The New Southern University Academic Freedom and Liberalism at UNC When W Kerr Scott 1896 1958*

began his campaign for the North Carolina gubernatorial seat in 1948 his opponents derided his candidacy as a farce However the plainspoken dairy farmer quickly gathered loyal supporters and mobilized a grassroots attack on the entrenched interests that had long controlled the state government winning the race in a historic upset In this meticulously researched book Julian M Pleasants traces Scott s productive and controversial political career from his years as North Carolina commissioner of agriculture through his governorship 1949 1953 to his brief tenure as a U S senator 1954 1958 Scott was elected at a time when southern liberals were on the rise in post World War II America McCarthyism and civil rights agitation soon overwhelmed progressivism but the trend lasted long enough for the straight talking Squire from Haw River to enact major reforms and establish a reputation as one of the more interesting and influential southern politicians of the twentieth century This long overdue look at his political career illuminates the spirit that transformed an introspective segregated society dependent on tobacco and textiles into a vibrant diversified economy at the center of the industrial banking and information revolution in the South Pleasants writes with clarity and authority Jeffrey J Crow Deputy Secretary North Carolina Department of Cultural Resources ret

Tar Heel Politics 2000 Paul Luebke, 2000-11-09 Offering an insightful analysis of North Carolina political trends and personalities Paul Luebke moves beyond the usual labels of Republican and Democrat conservative and liberal In *Tar Heel Politics 2000* he argues that North Carolina s real political battle is between two factions of the state s political and economic elite modernizers and traditionalists Modernizers draw their strength from the bankers developers news media and other urban interests that support growth he says Traditionalists in contrast are rooted in small town North Carolina and fundamentalist Protestantism tied to agriculture and low wage industries and threatened by growth and social change Both modernizers and traditionalists are linked with politicians who represent their interests An updated and revised version of Luebke s *Tar Heel Politics Myths and Realities 1990* *Tar Heel Politics 2000* highlights the resurgence of the southern Republican Party for the first time in a century and discusses a number of significant changes that have occurred over the last decade These include the institutionalization of a viable two party system in the General Assembly the further shift of native born whites throughout the South into the Republican voting column and ideological conflict in North Carolina that parallels to some extent the post 1994 battles between the Republican Congress and the Clinton White House In addition the book provides a detailed analysis of the political appeal of Senator Jesse Helms and draws on Luebke s insights as a member of the North Carolina State House since 1991

The Decline of Representative Democracy Alan Rosenthal, 1998 Based on a leading scholar s firsthand observations of legislatures as well as extensive interviews with legislators legislative staff and lobbyists this important work describes and analyzes the contemporary state of legislatures and the legislative process in the fifty states It explores the principal elements of legislatures including the processes by which legislation is enacted the impact of the media political competition and partisanship lobbyists and lobbying the challenge of ethics the role of leadership and the linkage between legislators and their constituencies

Thematically Alan Rosenthal argues that despite the popular perception that legislatures are autocratic arbitrary isolated unresponsive and up for sale legislatures are in fact extraordinarily democratic and becoming more so He concludes furthermore that the dangers to representative democracy today are substantial *The Decline of Representative Democracy* builds on the growing literature in state politics and state legislatures It also relies on the author's participant observer research interviews conducted especially for this book and his years in the field Many illustrative examples help to clarify the theoretical points made throughout the book which in turn provide provocative sources of debate for students of the legislative process

Library of Congress Subject Headings Library of Congress, Library of Congress. Office for Subject Cataloging Policy, 2004

The Best Job in Politics: Exploring How Governors Succeed as Policy Leaders Alan Rosenthal, 2013 Governors both in and now out of office see the job as the best in politics Why is that This title shows students how and why governors succeed as policy leaders and makes a case as to why some governors are better at leveraging the institutional advantages of the office

Race and Education in North Carolina John E. Batchelor, 2015-12-16 The separation of white and black schools remained largely unquestioned and unchallenged in North Carolina for the first half of the twentieth century yet by the end of the 1970s the Tar Heel State operated the most thoroughly desegregated school system in the nation In *Race and Education in North Carolina* John E. Batchelor a former North Carolina school superintendent offers a robust analysis of this sea change and the initiatives that comprised the gradual and often reluctant desegregation of the state's public schools In a state known for relative racial moderation North Carolina government officials generally steered clear of fiery rhetorical rejections of *Brown v Board of Education* in contrast to the position of leaders in most other parts of the South Instead they played for time staving off influential legislators who wanted to close public schools and provide vouchers to support segregated private schools instituting policies that would admit a few black students into white schools and continuing to sanction segregation throughout most of the public education system Litigation primarily initiated by the NAACP and the Civil Rights Act of 1964 created stronger mandates for progress and forced government officials to accelerate the pace of desegregation Batchelor sheds light on the way local school districts pursued this goal while community leaders school board members administrators and teachers struggled to balance new policy demands with deeply entrenched racial prejudice and widespread support for continued segregation Drawing from case law newspapers interviews with policy makers civil rights leaders and attorneys involved in school desegregation as well as previously unused archival material *Race and Education in North Carolina* presents a richly textured history of the legal and political factors that informed obstructed and finally cleared the way for desegregation in the North Carolina public education system

Governors Speak Jack D. Fleer, 2007 Governors in the United States are becoming prime policy makers in state and national politics They preside over vast and increasingly important administrative structures through numerous appointments of key personnel and the management of growing budgets Governors provide leadership for state

legislatures by advocating their policy agendas and by mobilizing public opinion and political resources Through these roles governors have far reaching influence in citizen s daily lives This work examines these major political leaders by closely examining the careers of five recent governors 1960D2001 Terry Sanford 1961D1965 Robert Bob W Scott 1969D1973 James E Jim Holshouser Jr 1973D1977 James G Jim Martin 1985D1993 James B Jim Hunt Jr 1977D1985 1993D2001 and compares their performances in office with governors in other states No other book has looked as closely at the persons who serve as governors during this time period **The Third House** Alan Rosenthal,2000-10-01 The book which has drawn praise for its inviting and accessible style thoroughly examines the lobbying scene the settings in which lobbying takes place the types and styles of lobbyists the broad range of approaches and techniques used by lobbyists and the role and influence of lobbying in our system of representative democracy A favorite among professors and students alike The Third House is a great choice as a supplement for courses on state politics or interest groups Writing Southern Politics Robert P. Steed,Laurence W. Moreland,2021-12-14 Scholars journalists writers and pundits have long regarded the South as the nation s most politically distinctive region Its culture history and social and economic institutions have fostered unique political ideas that intrigue observers and have had profound political consequences for the nation s citizens politicians and policymakers Writing Southern Politics is the most comprehensive review of the large body of post World War II literature on southern politics Since the publication of V O Key Jr s landmark work Southern Politics in State and Nation 1949 scholars have produced an astounding number of books monographs professional journal articles and research papers addressing elements of continuity and change in southern politics The contributors to this book sort through the literature identifying major themes examining areas of scholarly disagreement and making the key dimensions and contours of the region s politics understandable Individually the essays in this volume identify and clarify the key writing and research in selected subfields of southern politics including religion race women and political parties Collectively the essays identify and discuss the major components of and trends in southern politics over the past half century The contributors some of the foremost scholars in the field have been heavily involved in researching and writing about southern politics during the past three decades and have observed the development of many of the research projects that form the foundation of southern political literature In many instances their own writings are included in the body of literature they discuss bringing unique skills research and perspectives to their original essays In addition to reviewing existing literature Writing Southern Politics also includes suggestions for a future research agenda Not all aspects of the region s dramatic fifty year transformation have been fully explored and the continuation of this development ensures new avenues to examine The discussion of past research and writing is an invaluable tool for understanding the trends in southern politics over the past half century By examining these trends and developing an agenda for future research the authors provide a roadmap for identifying the changes that will likely shape the region over the next half century **Dictionary of North Carolina Biography** William S. Powell,2000-11-09 The most

comprehensive state project of its kind the Dictionary provides information on some 4 000 notable North Carolinians whose accomplishments and occasional misdeeds span four centuries Much of the bibliographic information found in the six volumes has been compiled for the first time All of the persons included are deceased They are native North Carolinians no matter where they made the contributions for which they are noted or non natives whose contributions were made in North Carolina
