North Irish Horse A Hundred Years Of Service:

The North Irish Horse Richard Doherty, 2002 The North Irish Horse was created after the Boer War and first saw action in the early days of the Great War fulfilling divisional or corps cavalry duties although one of its officers earned the VC with the newly created Tank Corps During the Second World War the Horse was a tank regiment that gained distinction in Tunisia and Italy Post war it was reformed as an armoured car TA regiment that survives to this day Its story is one of courage and dedication in the face of danger and difficulties

The North Irish Horse in the Great War Phillip Tardif, 2015-06-30 A long overdue account of the first non regular unit of the British Expeditionary Force actively engaged in fighting in the First World War Sent to France in August 1914 the North Irish Horse NIH was the first British reservist regiment to see action at Le Cateau before fighting as rearguard on the long retreat to the outskirts of Paris Over the next four years they fought with distinction playing a role in many of the major battles including Ypres Somme Passchendaele and Cambrai and were heavily involved in the final Advance to Victory How fitting that this the first history of this famous cavalry Regiment s superb record in The Great War should be published to coincide with the centenary of the conflict It not only describes the Regiment s actions by squadron but concentrates on the officers and men their backgrounds motivation and courageous deeds and sacrifices The author places the Regiment s achievement in the context of the overall war and reflects on the effect that unfolding political events in Ireland had on the Regiment and its members The North Irish Horse in the Great War draws on a wealth of primary source material much unpublished including war diaries personal accounts letters and memoirs In addition to compiling this long overdue account of the NIH the author succeeds in painting a valuable picture of The Great War at the fighting end

The Irish amateur military tradition in the British Army, 1854-1992 William Butler, 2016-10-30 Covering the period from the re establishment of the Irish militia during the Crimean War until the disbandment of the Ulster Defence Regiment in 1992 this book examines the Irish amateur military tradition within the British Army distinctive from a British amateur military tradition Irish men and women of both religions and political persuasions made a significant contribution to these forces and in so doing played an important role within the British Empire whilst also providing a crucial link between the army and Irish society Utilising new source material this book demonstrates the complex nature of Irish involvement with British institutions and its Empire It argues that within this unique tradition two divergent Protestant and Catholic traditions emerged and membership of these organisations was used as a means of social mobility for political patronage and crucially to demonstrate loyalty to Britain and its Empire

The Disparity of Sacrifice Timothy Bowman, William Butler, Michael Wheatley, 2020 During the First World War approximately 200 000 Irish men and 5 000 Irish women many from Catholic and Nationalist communities served in the British armed forces This book provides a comprehensive analysis of Irish recruitment patterns These varied notably between North East Ulster and the rest of Ireland and between urban and rural areas

In the Ranks of Death Richard Doherty, 2010-06-15

When war broke out in 1939 over 20 000 Irishmen were serving in the Royal Navy Army and Royal Air Force with the greatest proportion in the Army During the war this rose to over 120 000 suggesting that about 100 000 enlisted during the war Nine earned the Victoria Cross three members of the Royal Navy including a Fleet Air Arm pilot four soldiers including a member of the Australian forces and two RAF pilots The author looks at the seven Irish regiments in campaigns across the globe at Irish soldiers across the Army at Irish sailors from the Battle of the River Plate to the final actions against Japan and at Irish airmen from the first bombing raids of the war to the closing days of war Included are outstanding personalities such as the Chavasse brothers who earned three DSOs three DSCs and two MiDs Bala Bredin Corran Purden Brendan Paddy Finucane Blair Mayne and Roy Farran the latter pair highly decorated SAS officers There are also Irish generals such as Paddy Warren who died while commanding 5th Indian Division in Burma and Frederick Loftus Tottenham who commanded 81st West African Division not to mention giants such as Alexander Auchinleck Montgomery and McCreery Irish women are not forgotten in the book which also takes a brief look at the Irish in other Allied forces including a most unusual volunteer for the US Navy whose application to serve had to be approved by President Roosevelt He was William Patrick Hitler a nephew of Germany's Führer

Eighth Army in Italy, 1943-45 Richard Doherty, 2007-10-18 Eighth Army Britain's most famous field army of the twentieth century landed in Italy in September 1943 and fought continuously until the defeat of the Germans in early May 1945 This book studies the experience of Eighth Army in the Italian campaign examining how a force accustomed to the open spaces of North Africa adjusted to the difficult terrain of Italy where fighting became much more a matter for the infantry than for the armour It also compares the qualities of the commanders of Eighth Army in Italy Montgomery Leese and finally McCreery The book uses official records at various levels personal accounts some never before published and published material to present a picture of an army that although defined as British was one of the war's most cosmopolitan formations Its soldiers came from the UK Canada India Ireland Nepal New Zealand Poland and South Africa as well as from Palestine the Jewish Brigade and from Italy itself

The Siege of Derry 1689 Richard Doherty, 2016-09-14 The Protestant war cry of No Surrender was first used in 1689 by the Mayor of Londonderry as James II's army laid siege to the city for 105 days during which half the city's population died There were many acts of courage from the heroic death of Captain Browning to the anonymous apprentice boys who played signal roles in the defence of the city The book examines how the Jacobites might have achieved success and the far reaching impact of the siege as a crucial event in the second British civil war This is a military study of one of the most iconic episodes in Irish history based on contemporary accounts official records of the day and published works on the siege With an understanding of seventeenth century warfare especially siegecraft the author probes many of the myths that have grown up around the siege and sets it in its proper context Its ramifications for the consequent history of Ireland cannot be over emphasised

Victory in Italy Richard Doherty, 2015-01-30 A detailed history of the final Allied offensive in Italy during World War II While the main focus

in early 1945 was on the advance to the Fatherland 15 Army Group's 5th US and 8th British Armies were achieving remarkable results in Northern Italy Superb generalship Truscott 5th Army and McCreery 8th Army under General Mark Clark's 15 Army Group planning preparation and training outweighed the diversion of major formations to Northwest Europe the appalling terrain harsh climate and general battle fatigue Equipment was improvised and air ground operations coordinated to a very high level In April the Allied offensive surprised the Germans with its speed and brilliance As a result the Germans capitulated on 2 May before the surrender in Germany Churchill wrote to Field Marshal Alexander on 29 April 1945 I rejoice in the magnificently planned and executed operations of 15th Group of Armies Praise indeed This is a masterly description and analysis of this victorious campaign

Royal Artillery in the Second World War Richard

Doherty,2016-07-22 During the Second World War the Germans considered the Royal Artillery to be the most professional arm of the British Army British gunners were accurate effective and efficient and provided fire support for their armoured and infantry colleagues that was better than that in any other army However the Royal Artillery delivered much more than field and medium artillery battlefield support Gunner regiments manned antitank guns on the front line and light anti aircraft guns in divisional regiments to defend against air attack at home and abroad The Royal Artillery also helped to protect convoys that brought essential supplies to Britain and AA gunners had their finest hour when they destroyed the majority of the V 1 flying bombs launched against Britain from June 1944 Richard Doherty delves into the wide ranging role of the Royal Artillery examining its state of preparedness in 1939 the many developments that were introduced during the war including aerial observation and self propelled artillery the growth of the regiment and its effectiveness in its many roles Royal Artillery in the Second World War is a comprehensive account of a British Army regiment that played a vital role in the ensuing Allied victory

Helmand Mission Richard Doherty,2010-03-10 After celebrating St Patricks Day 2008 1st Royal Irish Battlegroup deployed to Afghanistans Helmand province as part of 16 Air Assault Brigade For six months the Royal Irish fought the Taliban in Helmand in some of the most difficult country on earth At the same time the Battlegroup was training the nascent Afghan National Army ANA and many of its engagements were alongside Afghan soldiers Well trained and with an operational maturity gained from deployments in every year but one since 1998 they were considered the unit in 16 Air Assault Brigade best suited to the critical task of mentoring the ANA One company deployed with 2 PARA Battlegroup in the Sangin valley Its soldiers saw intense action against the Taliban especially through the latters use of IEDs Improvised Explosive Devices Another company was given the task of ensuring the safe passage of an additional generator for the Kajaki dam and was involved in heavy fighting while so doing TA soldiers from 2 R Irish formed Imjin Company which provided security but also deployed on wider tasks Professionalism high levels of trust and the unique humor of Irish soldiers ensured that they had a successful tour and accomplished their missions This is the stirring story of a regimental family at war and of those who sustained them including their remarkable chaplain Padre Albert Jackson and the rear party which supported the

families especially those whose fathers or sons suffered injury or death Above all it is the story of a highly professional unit demonstrating its skills to the world and helping make Afghanistan a better place for its people [The Thin Green Line](#) Richard Doherty,2005-03-19 Formed out of the Royal Irish Constabulary at the time of Partition the RUC s history is predictably a turbulent one right through to its replacement in 2001 by the Police Service of Northern Ireland Few police forces in the world have suffered so grievously as the RUC and this book is a fitting memorial to the sacrifices made in the interests of the civil population it was determined to protect Throughout its history it has not only had to perform normal police duties but contain the ever present IRA threat In 1969 the climate changed and ushered in a new and even more violent era of sectarian strife The emergence of extreme nationalist organizations posed grave problems and with the RUC in a prime role the position of the Chief Constable was hugely important This book tells the story of a remarkable police force without fear or favor Ironically its reward for containing a hugely challenging internal security situation and at the same time policing the community traditionally was its disbandment *Monte Cassino* Peter Caddick-Adams,2013 Waged deep in the Italian mountains beneath a mediaeval monastery the battle of Monte Cassino was an astonishingly brutal encounter grinding up ten armies in conditions as bad as the Eastern Front at its worst This book provides a vivid account of how an array of men from across the globe fought the most lengthy and devastating engagement of the Italian campaign in an ancient monastery town **Hobart's 79th Armoured Division at War** Richard Doherty,2012-02-29 This WWII history chronicles the remarkable career of a brilliant British Army commander and the innovative armored vehicles he created Joining the Royal Tank Corps in 1923 Major General Percy Hobart quickly established himself as one of the foremost thinkers on armored warfare By 1938 he was GOC Mobile Division later 7th Armored Division in Egypt He was also known for not suffering fools a tendency that got him briefly relieved of his command But during World War II Winston Churchill called Hobart back to Army service with orders to train the now legendary 11th Armored Division He was then tasked with designing specialist armored fighting vehicles capable of breaching the Atlantic Wall Known as Hobart s Funnies these unique vehicles included mine clearing tanks bridge carrying tanks flamethrowers swimming tanks and amphibious assault vehicles Operated by Hobart s 79th Armored Division they played a major part in the D Day landings and the subsequent European campaigns Hobart s skills played a significant part in the final Allied victory and the specialized funnies he introduced to modern warfare have since been adopted by all armies all over the world Drawing on official records and personal recollections historian Richard Doherty tells the incredible story of Percy Hobart and his 79th Armored Division **Churchill's Greatest Fear** Richard Doherty,2015-11-30 The Battle of the Atlantic Churchill s term was arguably the pivotal campaign of the Second World War it was certainly the longest starting with the sinking of RMS Athenia on 3 September 1939 and ending with the torpedoing of SS Avon Dale on 7 May 1945 This superbly researched work covers all the major aspects of The Battle balancing the initial advantages of Admiral Doenitz s U Boat force the introduction of the

convoy system the role of the opposing surface fleets and air forces relative strengths and the all important technical developments Intelligence particularly the Bletchley Park intercepts played an increasingly important part in the final outcome The author concludes that May 1943 was the moment when the Allies seized the initiative and despite desperate German efforts never lost their advantage Using official records personal accounts and a wealth of historical research this work gives the reader a splendidly concise yet broad account of the course of the campaign the men who fought it on both sides and the critical moments and analysis of the outcome

Journal of the Society for Army Historical Research
Society for Army Historical Research (London, England),2010 *Aspects of Arnhem* Richard Doherty,David

Truesdale,2023-09-30 Almost 80 years on the battle for the Arnhem Rhine crossing remains controversial Opinion on its justification and success differs widely This superbly researched book written by two acknowledged experts takes a wide ranging examination of Operation Market Garden from the strategic operational and tactical level The role of the Allied commanders involved is scrutinized with surprising results For example US General Brereton s pivotal role has seldom been mentioned yet he is revealed as responsible for choosing landing and drop zones The record of airborne forces both German and Allied prior to September 1944 raises questions and the doubt that many senior commanders including Eisenhower had as to their effectiveness is highlighted The parts played by VIII and XII Corps of Second Army and General Dempsey its Commander are scrutinized as are the actions of local commanders and troops on the ground Both those with a deep interest in military history and the layman will find much to inform and satisfy them in this valuable and at times provocative account

Strick Tim Strickland,2021-07-07 A biography on the unique military career and decorations of the British general Strick He commanded no fewer than three armored regiments in World War II Major General Eugene Vincent Michael Strickland CMG DSO OBE MM CStJ Star of Jordan Strick rose from penniless hardship to great military distinction He was a tank man a war hero who fought in France North Africa and Italy during World War II and whose name is revered even today among regiments that he commanded His is the extraordinary tale of a man who gained a Regular Commission in the Indian Army from Sandhurst but resigned soon afterwards After a series of intriguing adventures he then enlisted as a private soldier in the Royal Tank Corps In May 1940 he played a major part in the counterattack at Arras where two British infantry tank battalions held up the German advance for three days enabling the success of the Dunkirk evacuation and perhaps saving Britain from ultimate defeat in the process Strick s outstanding success as a troop sergeant in France saw him immediately re commissioned and his rise to high command was then swift He commanded the leading Squadron of North Irish Horse in Tunisia 1943 and then commanded the North Irish Horse in its greatest battle the breaking of the Hitler Line in Italy in 1944 He served in seven regiments and had four regimental commands This book focuses on his experience during World War II drawing out the unique qualities required of leaders in close combat battle the particular demands of armored infantry cooperation and how an individual can make a success of such a rapid rise through the ranks during wartime This fine story

of adventure and achievement is brought alive by Strick's remarkable correspondence he wrote home to his family every second or third day throughout the war except when action was too fierce to write supplemented by the recollections of his comrades and years of archival research More than a portrait of a gifted and morally courageous man this biography also offers an insight into the arts of command and tactical control and the difficulties of a family life fragmented by war

Normandy 1944 Richard Doherty, 2004 The greatest military operation in history the invasion of France on June 6 1944 has become immortalized as D Day or The Longest Day This massive land sea and air operation led to an 11 month campaign that concluded with the surrender of Hitler's Germany in May 1945 But nothing that came after D Day equaled the achievement of that day in terms of planning preparation and logistics It was an achievement that only four years before might have seemed like a flight of fancy Normandy 1944 looks at the planning and preparation for the invasion the launching of the greatest military operation of all time and the campaign that followed in the summer of 1944 until the Allied armies closed the Falaise Gap and the Germans began their retreat from France The book looks at the personalities involved the innovations employed and the experiences of those who fought in Normandy The greatest military operation in history the invasion of France on June 6 1944 has become immortalized as D Day or The Longest Day This massive land sea and air operation led to an 11 month campaign that concluded with the surrender of Hitler's Germany in May 1945 But nothing that came after D Day equaled the achievement of that day in terms of planning preparation and logistics It was an achievement that only four years before might have seemed like a flight of fancy Normandy 1944 looks at the planning and preparation for the invasion the launching of the greatest military operation of all time and the campaign that followed in the summer of 1944 until the Allied armies closed the Falaise Gap and the Germans began their retreat from France The book looks at the personalities involved the innovations employed and the experiences of those who fought in Normandy
