North Korea Country Studies:

Origins of North Korea's Juche Chae-jöng Sö, 2013 For over five decades North Korea has outlived many forecasts of collapse despite defects in its system *Origins of North Korea's Juche Colonialism War and Development* edited by Jae Jung Suh argues that it has survived because of Juche a unique political institution built on the simple notion of self determination whose meanings and limits have been shaped by Koreans experiences with colonialism war and development amidst surrounding superpowers that have complicated their aspirations and plans The authors in this volume collectively provide an historical institutionalist account of North Korean politics organized around the concept of Juche commonly translated as self reliance but best understood as subjecthood or being a master of one's own fate focusing on its role as a response to North Korea's experiences with colonialism the Korean War and economic development The contributors further discuss how Juche circumscribes the evolutionary path that North Koreans can take as they negotiate contemporary challenges North Korea as it is now is best understood in terms of Juche which embodies the cumulative effect of its historical experiences and responses and its future potential and trajectory as enabled and constrained by its conception of Juche This collection provides fascinating insights into the politics and history of one of the world's most mysterious nations **North Korea** Library of Congress Federal Research Division, 2013-07 North Korea A Country Study Federal Research Division Library of Congress This volume is one in a continuing series of books prepared by the Federal Research Division of the Library of Congress under the Country Studies Area Handbook Program formerly sponsored by the Department of the Army and revived in FY 2004 with congressionally mandated funding under the sponsorship of the Joint Chiefs of Staff Strategic Plans and Policy Directorate J 5 Most books in the series deal with a particular foreign country describing and analyzing its political economic social and national security systems and institutions and examining the interrelationships of those systems and the ways they are shaped by historical and cultural factors Each study is written by a multidisciplinary team of social scientists The authors seek to provide a basic understanding of the observed society striving for a dynamic rather than a static portrayal Particular attention is devoted to the people who make up the society their origins dominant beliefs and values their common interests and the issues on which they are divided the nature and extent of their involvement with national institutions and their attitudes toward each other and toward their social system and political order North Korea, 1995

Handbook for Asian Studies Specialists Noriko Asato, 2013-10-08 An indispensable tool for librarians who do reference or collection management this work is a pioneering offering of expertly selected print and electronic reference tools for East Asian Studies Chinese Japanese and Korean *Handbook for Asian Studies Specialists A Guide to Research Materials and Collection Building Tools* is the first work to cover reference works for the main Asian area languages of China Japan and Korea Several leading Asian Studies librarians have contributed their many decades of experience to create a resource that gathers major reference titles both print and online that would be useful to today's Asian Studies librarian Organized by

language group it offers useful information on the many subscription based and open source electronic tools relevant to Asian Studies This book will serve as an essential resource for reference collections at academic libraries Previously published bibliographies on materials deal with China or Japan or Korea but none have coalesced information on all three countries into one work or are written in English And unlike the other resources available this work provides the insight needed for librarians to make informed collection management decisions and reference selections

Countries and Territories of the World , *North Korea's Foreign Policy Under Kim Jong Il* Tae-Hwan Kwak,Seung-Ho Joo,2009 North Korea under the leadership of Kim Jong il remains as unpredictable and mysterious as ever This comprehensive study brings together leading scholars in the field to examine the country s current foreign policy under Kim Jong il as well as its bilateral relations with the USA China Russia Japan and South Korea Examining the Plight of Refugees United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Immigration,2003

North Korea's Women-led Grassroots Capitalism Bronwen Dalton,Kyungja Jung,2023-12-01 North Korea is in the throes of economic and social if not political transition These changes have a pronounced gender dimension the crisis of the command economy and the gradual emergence of an informal market economy where remarkably the vast majority of North Korea s traders and merchants are women This book examines the complex relationship between gender roles and economic and social changes in North Korea The book based on extensive original research provides rich details of this development considers how women s roles in North Korea have developed over time and highlights how women are driving change in other areas of North Korean life too including family relationships women s sexuality and reproductive issues and women s cultural identity

North Korea: A Country Study Robert L. Worden,2011-04-21 NOTE NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT OVERSTOCK SALE Significantly reduced list price This edition of North Korea A Country Study replaces the previous edition published in 1994 Like its predecessor this study attempts to review the history and treat in a concise manner the dominant social political economic and military aspects of contemporary North Korea Sources of information included books scholarly journals foreign and domestic newspapers official reports of governments and international organizations and numerous periodicals and Web sites on Korean and East Asian affairs A word of caution is necessary however Even though more information is forthcoming from and about North Korea since it became a member of the United Nations in 1991 the government of a closed society such as that of North Korea controls information for internal and external consumption limiting both the scope of coverage and its dissemination A chronology of major historical events is provided at the front of the book see table A Chapter bibliographies appear at the end of the book and brief comments on some of the more valuable and enduring sources recommended for further reading appear at the end of each chapter A glossary also is included Spellings of place names in the book are in most cases those approved by the U S Board on Geographic Names BGN spellings of some of the names however cannot be verified as the BGN itself notes Readers of this book are alerted that because the

BGN recognizes the Sea of Japan as the formal name of the body of water to the east of the Korean Peninsula this book also uses that term Similarly the Yellow Sea is identified as the West Sea The McCune Reischauer system of transliteration has been employed except for the names of some prominent national and historical figures Thus Kim Il song is rendered as Kim Il Sung and Kim Chong il is rendered as Kim Jong Il The names of Korean authors writing in English are spelled as given in the original publication Measurements are given in the metric system A conversion table see table B is provided to assist readers who are unfamiliar with metric measurements Other related items Foreign Countries collection can be found here <https://bookstore.gpo.gov/catalog/international/foreign-affairs/foreign-country-studies> The body of the text reflects information available as of August 1 2007 Certain other parts of the text however have been updated the Chronology and Introduction discuss significant events that have occurred since the completion of research and the Country Profile and portions of some chapters include updated information as available

Capitalist in North Korea Felix Abt, 2014-05-28 Business in North Korea a paradoxical and fascinating situation is interpreted by a true insider In 2002 the Swiss power company ABB appointed Felix Abt its country director for North Korea The Swiss Entrepreneur lived and worked in North Korea for seven years one of the few foreign businessmen there After the experience Abt felt compelled to write *A Capitalist in North Korea* to describe the multifaceted society he encountered North Korea at the time was heavily sanctioned by the UN which made it extremely difficult to do business Yet he discovered that it was a place where plastic surgery and South Korean TV dramas were wildly popular and where he rarely needed to walk more than a block to grab a quick hamburger He was closely monitored and once faced accusations of spying yet he learned that young North Koreans are hopeful signing up for business courses in anticipation of a brighter more open future In *A Capitalist in North Korea* Abt shares these and many other unusual facts and insights about one of the world's most secretive nations

The Journal of Korean Studies, Volume 12, Number 1 (Fall 2007) John Duncan, Gi-Wook Shin, Stanford University, 2007-12-07 The University of Washington Korea Studies Program in collaboration with Rowman Littlefield Publishers is proud to publish the Journal of Korean Studies

Why Communism Did Not Collapse Martin K. Dimitrov, 2013-07-31 Addresses the durability of communist autocracies in Eastern Europe and Asia the longest lasting type of non democratic regime to emerge after World War I

Country Studies BPI Information Services, DIANE Publishing Company, 1994-01-01 Describes and analyzes the economic military political and social systems and institutions of the country

The 2011 Guide to Free Or Nearly-Free E-Books, 2011 One of the problems which face all librarians adding e books to their collections is that of bibliographic control there is no legal deposit for e books and consequently there is no single place from which new titles can be found If this is true of commercially published e books it is most certainly also true of free e books and there are many thousands of free e books available over the Internet many of which are of a quality such that librarians might wish to have them in their collections The 2011 Guide to Free or Nearly Free e Books is offered as a tool for librarians and others involved in book selection e g

teachers in schools in all sectors school further and higher education public and special libraries to facilitate easy access to free e books and e book collections which can enhance their digital library North Korea Frederica M Bunge,1982

New Religious Movements in Modern Asian History David W. Kim,2020-09-30 This book provides evidence that the emergence of Asian new religious movements NRMs was predominantly the result of anti colonial ideology from local religious groups or individuals The contributors argue that when traditional religions were powerless to maintain their cultural heritage the leadership of NRMs adduced alternative principles and the new teachings of each NRM attracted the local people enough for them to change their beliefs The contributors argue that as a whole the Asian new religious movements overall were very ardent and progressive in transmitting their new ideologies The varied viewpoints in this volume attest to the consistent development of Asian NRMs from domestic and international dimensions by replacing old traditional religions *Nuclear Endgame* Jacques L. Fuqua Jr.,2007-07-30 Despite the volatility and unpredictability North Korea has come to symbolize in international diplomacy and security issues it represents only half of the potential danger on the Korean peninsula In a notable departure from its past role as guarantor of stability on the Korean peninsula the United States has under the stewardship of the Bush administration come to be regarded as at best an obstacle to peace and security and at worst a potential trigger for hostility The most immediate result of this shift on the Korean peninsula has been the US failure to undertake an effective policy formulation process which has manifested itself on both sides of the 38th parallel in more reactive and convulsive responses to challenges from the North Korean regime Without such understanding there is little hope of advancing discussions or resolving North Korea s nuclear program Fundamental to understanding North Korea s endgame is realizing that its nuclear weapons program while menacing is unlikely to be used offensively without major provocation it functions as a tool of its diplomacy missile diplomacy to ensure survival of the regime Working closely with South Korea the United States must ensure that any potential resolution reached on North Korea s nuclear program does not undermine its longer term objectives for securing broader peace and security on the Korean peninsula Ideally any resolution brokered over the North s nuclear weapons program will provide a synergistic effect in addressing the conventional war threat posed by North Korea on the Korean peninsula In short the United States must undertake constructive engagement Steadfast unwillingness to engage with North Korea only provides more fodder for the regime to stall any action and as part of its endgame makes U S behavior the issue the issue which is part of its endgame *Energy Assistance to North Korea* Yoon-Young Angela Choe,2012-02-27 On February 13th 2007 North Korea agreed to dismantle its nuclear program in exchange for security guarantees and energy assistance As a part of the strict give and take denuclearization process the February 13th agreement stipulates energy assistance up to the equivalent of one million tons of heavy fuel oil Noting the critical phrase equivalent of this study analyzes the various energy assistance options available through domestic and international politics analysis and economic cost benefit analysis it includes health and environmental

externalities in the economics thus incorporating the latent social costs The research finds that a comprehensive energy assistance package that consists of renewable energy assistance including wind small hydro and tidal power combined with the rehabilitation of hydro power plants and the grid system in place of heavy fuel oil would benefit the North Korean energy sector and its economy in a sustainable manner In the medium term light water nuclear reactors emerge as an unfortunate imperative in putting a definite end to the dismantlement process In the longer South North Korea economic cooperation however as the benefits of renewable energies increase over time a diverse portfolio of renewable energies would contribute to reviving the economy while allowing for the health of the people and of the environment To shed light on an example of a country aligning itself toward a sustainable trajectory the Cuban example of overcoming a food and energy crisis is introduced to grant lessons for policymakers

Southeast Asia-North Korea Relations Chiew-Ping Hoo, Shine Choi, Brian Bridges, 2024-09-18 *Southeast Asia North Korea Relations* reveals the genesis and evolution of Southeast Asian countries diplomatic relations with the Democratic People's Republic of Korea DPRK North Korea by unpacking the underlying political economic and security connections In this book chapters analyse in detail the individual bilateral linkages of the ten states of the Association of Southeast Asian Nations ASEAN with the DPRK that vary in intensity and visibility Bringing together an international group of experts including uniquely authors representing every individual ASEAN state this edited volume dissects the parameters of the bilateral relationships as well as the multi faceted regional level interactions and the roles of certain key external actors especially South Korea and China This book is a path breaking addition to the study and analysis of regional inter linkages in Asia and will be of interest to students and scholars working on North Korean studies Southeast Asia including ASEAN and also on Korean Peninsula topics as well as international relations and security studies especially considering the role of small states

Gender-Biased Sex Selection in South Korea, India and Vietnam Laura Rahm, 2019-07-18 This book provides an in depth analysis of the influence of public policy on sex selection Three Asian countries were chosen for the comparative policy analysis namely South Korea India and Vietnam that share in common a historical legacy of son preference high levels of sex imbalances and active policy response to curbing the growing demographic masculinization of their nations The research based on the data collected from field work in the three countries shows that despite the adoption of very similar anti sex selection policies the outcomes have been markedly different for each of the three countries These unexpected diverse outcomes are explained partly by their different historical and cultural contexts and partly to the different social political and economic institutions and dynamics This monograph offers careful and detailed explanations of both within and across country diversities in policy outcomes pointing to the importance and the limits of cross national policy learning and adoption and raising questions about the efficacy of international organizations current approaches to global policy and knowledge transfer

North Korea Country Studies Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the capability to inspire, provoke, and ignite change. Such is the essence of the book **North Korea Country Studies**, a literary masterpiece that delves deep to the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall impact on readers.
