The Nurture of Nature Sharon Wall, 2010-01-01 Thousands of children attended summer camps in twentieth century Ontario Did parents simply want a break or were broader developments at play The Nurture of Nature explores the history of summer camps and sheds light on a wider phenomenon the divided consciousness that informs modern assumptions about nature technology and identity Wall examines how two competing tendencies antimodern nostalgia and modern sensibilities about the landscape child rearing and identity played out in the camp s interaction with nature its class and gendered dimensions its engagement with emerging ideologies of childhood and in the politics of race inherent in its Indian programming The Nurture of Nature offers a fascinating discussion of the summer camp s contribution to modern social life that will appeal to students and practitioners of the history of childhood the natural environment and recreation or anyone who has been packed off to camp and wants to explore why

*A Manufactured Wilderness* Abigail Ayres Van Slyck, 2006 Since they were first established in the 1880s children s summer camps have touched the lives of millions of people Although the camping experience has a special place in the popular imagination few scholars have given serious thought to this peculiarly American phenomenon Why were summer camps created What concerns and ideals motivated their founders Whom did they serve How did they change over time What factors influenced their design To answer these and many other questions Abigail A Van Slyck trains an informed eye on the most visible and evocative aspect of camp life its landscape and architecture She argues that summer camps delivered much more than a simple encounter with the natural world Instead she suggests camps provided a man made version of wilderness shaped by middle class anxieties about gender roles class tensions race relations and modernity and its impact on the lives of children Following a fascinating history of summer camps and a wide ranging overview of the

factors that led to their creation Van Slyck examines the intersections of the natural landscape with human built forms and social activities In particular she addresses changing attitudes toward such subjects as children s health sanitation play relationships between the sexes Native American culture and evolving ideas about childhood Generously illustrated with period photographs maps plans and promotional images of camps throughout North America *A Manufactured Wilderness* is the first book to offer a thorough consideration of the summer camp environment

*Folk Nation* Simon J. Bronner, 2002 This lively reader traces the search for American tradition and national identity through folklore and folklife from the 19th century to the present Through an engaging set of essays *Folk Nation* shows how American thinkers and leaders have used folklore ranging from Paul Bunyan and Davey Crockett to quilts cowboys and immigrants to express the meaning and mystique of their country Simon Bronner has carefully selected statements by public intellectuals and popular writers as well as by scholars all chosen for their readability and significance as provocative texts during their time The common thread running throughout is the value of folklore in expressing or denying an American national tradition

*In Pursuit of Satan* Robert D. Hicks, 2010-12-31 Mutilated animals Defaced tombstones Sexual abuse in daycare centers Is America threatened by a satanic conspiracy In this book Robert D Hicks exposes law enforcement s obsessive preoccupation with satanism as a model for criminal behavior While satanic belief has played a part in crimes ranging from petty vandalism to serial murders Hicks avows that there is no substantial evidence for the existence of a nationwide satanic crime continuum Hicks points out that the satanic criminal model is expedient largely due to its simplicity and economy reducing to simple formulas such complex

problems as drug abuse teen suicide and sexual molestation His research utilizes a unique blend of law enforcement methodology anthropology folklore history sociology psychology and psychiatry He attributes the cult conspiracy theory to beliefs fueled by Christian fundamentalist sects and to the ungovernable mechanisms of rumor panics subversive mythology and urban legend In Pursuit of Satan documents examples of rumor panics in which the police have fomented fear by attributing crimes to satanists indulging in sheer speculation and promulgating misinformation through the sensationalist news media Hicks examines the construction of the satanic ideology among law enforcement officials focusing on the exploitation of satanism as a new scapegoat for public fears and addressing the phenomenon of credulity among police forces and allied professionals in social work psychiatry and psychology

The Indians of Central and South America James S. Olson, 1991-06-17 At a juncture in history when much interest and attention is focused on Central and South American political ecological social and environmental concerns this dictionary fills a major gap in reference materials relating to Amerindian tribes This one volume reference collects important information about the current status of the indigenous peoples of Central and South America and offers a chronology of the conquest of the Amerindian tribes a list of tribes by country and an extensive bibliography of surviving American Indian groups Historical as well as contemporary descriptions of approximately 500 existing tribes or groups of people are provided along with several bibliographic citations at the conclusion of each entry The focus of the volume is on those Indian groups that still maintain a sense of tribal identity For the vast majority of his entries James S Olson draws material from the Smithsonian Institution's seven volume Handbook of South American Indians as well as other classic resources of a broad general nature Much attention is also focused on the complicated question of South American languages and on the definition of what constitutes an Indian Olson's introduction cites dozens of valuable reference works relating to these topics Following the introduction this survey of surviving Amerindians is divided into sections that contain entries for each existing tribe or group an appendix listing tribes by country the Amerindian conquest chronology and a bibliographical essay This unique reference work should be an important item for most public college and university libraries It will be welcomed by reference librarians historians anthropologists and their students

**Southern Folklore**, 1993 Anthropos, 1990 *Not Just Child's Play* Felicia R. McMahon, 2009-10-20 Winner of the 2008 Chicago Folklore Prize Felicia R McMahon breaks new ground in the presentation and analysis of emerging traditions of the Lost Boys a group of parentless youths who fled Sudan under tragic circumstances in the 1990s With compelling insight McMahon analyzes the oral traditions of the DiDinga Lost Boys about whom very little is known Her vibrant ethnography provides intriguing details about the performances and conversations of the young DiDinga in Syracuse New York It also offers important insights to scholars and others who work with refugee groups The author argues that the playful traditions she describes constitute a strategy by which these young men proudly position themselves as preservers of DiDinga culture and as harbingers of social change rather than as victims of war Drawing ideas from folklore linguistics

drama and play theory the author documents the danced songs of this unique group Her inclusion of original song lyrics translated by the singers and descriptions of conversations convey the voices of the young men Well researched and carefully developed this book makes an original contribution to our understanding of refugee populations and tells a compelling story at the same time     Thai Cultural Newsletter ,1988     *Resources in Education* ,1990     **Tribes of Mizoram** Sipra Sen,1992 An informative document a base for future research work that present a multi dimensional picture of the land of Mizoram its people and their aspirations The author has focused her mind mainly on these tribes Chakma Gangte Hmar Kuki Lakhermara Lus     **Monthly Catalog of United States Government Publications** ,1990     **Monthly Catalogue, United States Public Documents** ,1990-07     Indian Book Industry ,1989
