Northern Australia Patterns And Problems Of Tropical Development In An Advanced Country:

Northern Australia Percy Philip Courtenay,1982 **Northern Australia** Don Parkes,2013-09-24 Northern Australia The Arenas of Life and Ecosystems on Half a Continent provides a geographical study of the interplay of environmental challenge and human endeavor in the vast arena of Northern Australia This book is organized into three parts Part A presents the contextual setting for Parts B and C It includes a historical geographer s perspective on the ecological impact of 200 years of European settlement a description of the use of satellite imagery and discussion of some of the interactions among natural subsystems as they impinge on human activities especially in the extensive rangelands Part B discusses some of the human ecosystems which extend over a very large geographical territory In these ecosystems the human population is small in terms of absolute number and relative to the population of other living things These include the tropical marine ecosystems and their growing utilization for mariculture and rangeland ecosystems dominated by cattle and the overlapping semi arid grasslands Part C discusses intensive ecosystems where the human population is dominant in number *An Historical Geography of Modern Australia* Joseph Michael Powell,1991-04-04 This is a substantial study immediately established itself as essential reading for all those with a serious interest in Australian studies **Northern Australia** P. P. Courtenay,1983 **Mountain Movers** Daniel M. Franks,2015-09-16 The products of mining are everywhere if it wasn t grown it was mined or drilled But the mining industry has a chequered past Pollution human rights abuses and corruption have tarnished the reputation of the industry across the globe Over a decade ago the major mining companies embraced the concept of sustainable and equitable development and embarked on an explicit process of reform but has the industry actually changed This book explores the dynamics of change making for sustainable development in the resources sector specifically the mining of mineral and energy resources The author recounts the stories and insights of over forty change makers both inside and outside the industry from anti mining activists to the professionals charged with the task of reform introducing the people who are moving an industry that moves mountains The book takes stock of what has worked and what has not analyzing the relative influence and dynamics of the key corporate civil society and government actors with a view to developing new approaches for improving environmental and social outcomes from mineral and energy development Illustrated with case studies from Angola Australia Brazil Canada Chile Colombia El Salvador Guinea Peru The Philippines Romania Sierra Leone South Africa and The United States of America and brimming with the backstories to the major sustainability initiatives Mountain Movers reveals where progress has been made and where reform is still needed towards a more sustainable and equitable mining industry **The Role and Future of Australia's North** Percy Philip Courtenay,1990 Textbook for years 11 and 12 written by a professor of geography at James Cook University Examines geographic issues relating to Northern Australia with particular emphasis on resources development options Aborigines and conservation Includes inquiry sections activity suggestions and bibliographic information Part of the TAustralian

Geographical Issues series **Rural Research in Northern Australia** Commonwealth Council for Rural Research and Extension (Australia),1981 **Australia: Too Many People? - The Population Question** Erik Paul,2017-11-01 This title was first published in 19 11 2001 This text addresses important questions about Australia s population size and distribution which are likely to dominate the country s politics in the 21st century The book s approach to the population question begins with a broad analysis of Australia s wellbeing A decline in the quality of life for many Australians growing inequality and conflict suggest that Australia is overpopulated Population size however does not explain Australia s problems These are considered in the following chapters in the context of the shortcomings of Australia s democracy the costs of maldevelopment in the distribution of the population the mismanagement of resources and the level of foreign ownership The book then focuses on the changing external milieux and Australia s engagement with Asia This analysis provides an understanding of building pressures for Australia to accept more migrants as well as the desirability for migration to promote Australia s integration with its Asian neighbours In the last two chapters the book examines the main domestic forces at work for a bigger or smaller population It argues that Australia should be more generous and accept many more people than it presently does Australia has room for many more people Population distribution however is a critical issue in Australia s quest for a better future and population growth needs to be diverted away from the eastern seaboard and the main cities of Melbourne and Sydney to regional Australia The book makes a case for population growth in coastal cities as part of northern Australia s regional development The Industrial Geography of Australia D. C. Rich,1987 Outlines the evolution of the Australian economy since the beginning of white settlement in 1788 and explores the modern development and restructuring of mining and manufacturing **The Politics of Northern Frontiers in Australia, Canada, and Other 'first World' Countries** Peter Jull,Australian National University.
