How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two Jon Knowles,2019-03-31 The ghosts that haunt our sexual pleasure were born in the Stone Age Sex and gender taboos were used by tribes to differentiate themselves from one another These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city states and empires For the early Christians all sex play was turned into sin instilled with guilt and punished severely With the invention of sin came the construction of women as subordinate beings to men Despite the birth of romance in the late middle ages Renaissance churches held inquisitions to seek out and destroy sex sinners all of whom it saw as heretics The Age of Reason saw the demise of these inquisitions But it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime degeneracy and sickness The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists such as Alfred Kinsey and Margaret Sanger sought to carve out a place for sexual freedom in society However strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence Book Two of this two part publication traces the history of sex from the Victorian Era to present day Interspersed with personal hauntings from his own life and the lives of friends and relatives Knowles reveals how historical discourses of sex continue to haunt us today This book is a page turner in simple and plain language about how sex got screwed up for millennia For Knowles if we know the history of sex we can get over it

The United Daughters of the Confederacy Magazine ,2004 *Ladies' Home Journal* Edward William Bok,1916 *The United Daughters of the Confederacy Magazine* United Daughters of the Confederacy,1999 *Confederate Exceptionalism* Nicole Maurantonio,2022-09-30 Along with Confederate flags the men and women who recently gathered before the Virginia Museum of Fine Arts carried signs proclaiming Heritage Not Hate Theirs they said was an open and visible protest against

those who attacked us ours flags our ancestors or our Heritage How Nicole Maurantonio wondered did not hate square with a heritage grounded in slavery How do so called neo Confederates distance themselves from the actions and beliefs of white supremacists while clinging to the very symbols and narratives that tether the Confederacy to the history of racism and oppression in America The answer Maurantonio discovers is bound up in the myth of Confederate exceptionalism a myth whose components proponents and meaning this timely and provocative book explores The narrative of Confederate exceptionalism in this analysis updates two uniquely American mythologies the Lost Cause and American exceptionalism blending their elements with discourses of racial neoliberalism to create a seeming separation between the Confederacy and racist systems Incorporating several methods and drawing from a range of sources including ethnographic observations interviews and archival documents Maurantonio examines the various people objects and rituals that contribute to this cultural balancing act Her investigation takes in official modes of remembering the Confederacy such as the monuments and building names that drive the discussion today but it also pays attention to the more mundane and often subtle ways in which the Confederacy is recalled Linking the different modes of commemoration her work bridges the distance that believers in Confederate exceptionalism maintain while situated in history from the Civil War through the civil rights era the book brings much needed clarity to the constitution persistence and significance of this divisive myth in the context of our time

Family Life in 19th-Century America James M. Volo, Dorothy Volo, 2007-08-30 Nineteenth century families had to deal with enormous changes in almost all of life s categories The first generation of nineteenth century Americans was generally anxious to remove the Anglo from their Anglo Americanism The generation that grew up in Jacksonian America matured during a period of nationalism egalitarianism and widespread reformism Finally the generation of the pre war decades was innately diverse in terms of their ethnic backgrounds employment social class education language customs and religion Americans were acutely aware of the need to create a stable and cohesive society firmly founded on the family and traditional family values Yet the people of America were among the most mobile and diverse on earth Geographically socially and economically Americans and those immigrants who wished to be Americans were dedicated to change movement and progress This dichotomy between tradition and change may have been the most durable and common of American traits and it was a difficult quality to circumvent when trying to form a unified national persona Volumes in the *Family Life in America* series focus on the day to day lives and roles of families throughout history The roles of all family members are defined and information on daily family life the role of the family in society and the ever changing definition of family are discussed Discussion of the nuclear family single parent homes foster and adoptive families stepfamilies and gay and lesbian families are included where appropriate Topics such as meal planning homes entertainment and celebrations are discussed along with larger social issues that originate in the home like domestic violence child abuse and neglect and divorce Ideal for students and general readers alike books in this series bring the history of everyday people to life **We Are What We Eat**

Donna R. Gabaccia, 2000-04-14 Ghulam Bombaywala sells bagels in Houston Demetrios dishes up pizza in Connecticut The Wangs serve tacos in Los Angeles How ethnicity has influenced American eating habits and thus the make up and direction of the American cultural mainstream is the story told in *We Are What We Eat* It is a complex tale of ethnic mingling and borrowing of entrepreneurship and connoisseurship of food as a social and political symbol and weapon and a thoroughly entertaining history of our culinary tradition of multiculturalism The story of successive generations of Americans experimenting with their new neighbors foods highlights the marketplace as an important arena for defining and expressing ethnic identities and relationships *We Are What We Eat* follows the fortunes of dozens of enterprising immigrant cooks and grocers street hawkers and restaurateurs who have cultivated and changed the tastes of native born Americans from the seventeenth century to the present It also tells of the mass corporate production of foods like spaghetti bagels corn chips and salsa obliterating their ethnic identities The book draws a surprisingly peaceful picture of American ethnic relations in which Americanized foods like Spaghetti Os happily coexist with painstakingly pure ethnic dishes and creative hybrids Donna Gabaccia invites us to consider If we are what we eat who are we Americans multi ethnic eating is a constant reminder of how widespread and mutually enjoyable ethnic interaction has sometimes been in the United States Amid our wrangling over immigration and tribal differences it reveals that on a basic level in the way we sustain life and seek pleasure we are all multicultural

The Blue & Gray Almanac Albert Nofi, 2017-08-19 Help s readers to examine this period in history with a more cultural perspective than other books have clear concise and crisp fascinating San Francisco Book Review During the final days of the war some Richmond citizens would throw Starvation Parties soirees at which elegantly attired guests gathered amid the finest silver and crystal tableware though there were usually no refreshments except water Union Rear Admiral Goldsborough was nicknamed Old Guts not so much for his combativeness as for his heft weighing about three hundred pounds he was described as a huge mass of inert matter 30 6 percent of the 425 Confederate generals but only 21 6 percent of the 583 Union generals had been lawyers before the war In 1861 J P Morgan made a huge profit by buying five thousand condemned US Army carbines and selling them back to another arsenal taking the army to court when they tried to refuse to pay for the faulty weapons Major General Loring was reputed to have so rich a vocabulary that one of the men remarked he could curse a cannon up hill without horses Many militia units had a favorite drink the Charleston Light Dragoons punch took around a week to make while the Chatham Artillery required a pound of green tea leaves be steeped overnight There were five living former presidents when the Civil War began and seven veterans of the war plus one draft dodger went on to serve as president These stories and many more can be found in this treasury of anecdotes essays trivia and much more including numerous illustrations that bring this historical period to vivid life
