Northwest Legacy Sail Steam And Motorships:

Northwest Legacy Jeremy S. Snapp, 1999 This fascinating unique book spans nearly a century of Pacific Northwest maritime history. Stunning never before published photos cover Puget Sound and the Pacific Coast from Oregon to Alaska made from 1910 to the present by Jeremy Snapp and his grandfather John Snapp. Here are views of working ships the last of commercial sail the passenger steamers of the Mosquito Fleet and the inland freighters tugs barges and lightships that were all a part of the Northwest Legacy.

Baychimo Anthony Dalton, 2011-02-01 No vessel that sailed the Arctic seas has raised so much speculation or triggered imaginations as has the legendary Hudson's Bay Company ship Baychimo. In the 1920s Baychimo set up trading posts in eastern Canada sailed on fur trading expeditions to Siberia during the turbulent years of the Russian civil war and made dangerous annual voyages around Alaska to Canada's western Arctic coast shouldering her way through ice floes to resupply the HBC's remote trading posts. Anthony Dalton digs deep to unveil the incredible tale of the hardy ship and her sometimes irascible captain Sydney Cornwell bringing to life the larger story of the community of northern traders hunters and sailors of which Baychimo was a part. This ship's story had a remarkable twist. Caught in 1931 in an ice floe that refused to let go her crew expected her to sink at any moment and abandoned ship. But Baychimo was as stubborn as the ice and she floated away unharmed to begin what would prove to be the longest phase of her seemingly charmed career for the next four decades she would appear on the horizon at unexpected times and places always defiantly upright and afloat becoming the legendary ghost ship of the Arctic.

Destiny by Design Jeremy Sherman Snapp, 2000 Author photographer Jeremy Snapp has produced a dramatic photo essay of rare images that depict events in the decade preceding the opening of the Panama Canal in 1914. Original photos taken by Snapp's great grandfather Gerald Sherman a respected mining engineer of the day deliver a technical perspective of this undertaking unlike anything previously published. Finally as the U.S. ceded authority over the canal to the Panamanian government in 1999 Jeremy Snapp travelled to the canal zone with an antique camera to capture images of the original buildings and construction relics that remained.

Last Letters from Attu Mary Breu, 2009-11-05 Etta Jones was not a World War II soldier or a war time spy. She was a school teacher whose life changed forever on that Sunday morning in June 1942 when the Japanese military invaded Attu Island and Etta became a prisoner of war. Etta and her sister moved to the Territory of Alaska in 1922. She planned to stay only one year as a vacation but this 40 something year old nurse from back east met Foster Jones and fell in love. They married and for nearly twenty years they lived worked and taught in remote Athabascan Alutiiq Yup'ik and Aleut villages where they were the only outsiders. Their last assignment was Attu. After the invasion Etta became a prisoner of war and spent 39 months in Japanese POW sites located in Yokohama and Totsuka. She was the first female Caucasian taken prisoner by a foreign enemy on the North American Continent since the War of 1812 and she was the first American female released by the Japanese at the end of World War II. Using descriptive letters that she penned herself her unpublished manuscript historical documents

and personal interviews with key people who were involved with events as they happened her extraordinary story is told for the first time in this book *Pacific Northwest Quarterly* ,1999 **American Book Publishing Record** ,2001
