Americana Norvegica, Volume 1 Sigmund Skard, Henry H. Wasser, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **Americana Norvegica,**

Volume 2 Sigmund Skard, 2017-01-30 American studies in the scholarly sense are old in Europe But academic chairs and research institutions were late in developing as they were in the United States themselves In most European universities the subject was firmly established only after the Second World War The University of Oslo in Norway in 1946 founded a full professorship of American literature the first of its kind in Scandinavia and in 1948 an American Institute In the following year the Institute started a series of book publications in cooperation with the University of Pennsylvania This is the second of two volumes titled Americana Norvegica *Norwegian-American Studies* Norwegian-American Historical

Association, 1962 **Norwegian-American Studies and Records** Norwegian-American Historical Association, 1992

Kate Chopin Per Seyersted, 1980-04-01 Kate Chopin was a nationally acclaimed short story artist of the local color school when she in 1899 shocked the American reading public with *The Awakening* a novel which much resembles *Madame Bovary* Though the critics praised the artistic excellence of the book it was generally condemned for its objective treatment of the sensuous independent heroine Deeply hurt by the censure Mrs Chopin wrote little more and she was soon forgotten For decades the few critics who remembered her concentrated on the regional aspects of her work In the Literary History of the United States where Kate Chopin is highly praised as a local colorist *The Awakening* is not even mentioned In recent years however a few critics have given new attention to the novel emphasizing its courageous realism In the present book Mr Seyersted carries out an extensive re-examination of both the life and work of the author basing it on her total oeuvre Much new Kate Chopin material such as previously unknown stories letters and a diary has recently come to light We can now see that she was a much more ambitious and purposeful writer than we have hitherto known From the beginning her special theme was female self-assertion As each new success increased her self-confidence she grew more and more daring in her descriptions of emancipated woman who wants to dictate her own life Mr Seyersted traces the author's growth as an artist and as a penetrating interpreter of the female condition and shows how her career culminated in *The Awakening* and the unknown story *The Storm* With these works which were decades ahead of their time Kate Chopin takes her place among the important American realist writers of the 1890s **Modern Christian Revivals** Randall Herbert Balmer, 1993 Beginning with the Great Awakening in the American colonies and continuing through contemporary Latin America where revolution and revivalism have been central to sociopolitical change *Modern Christian Revivals* demonstrates the enduring relevance of Christian revivalism Half of the contributors focus on the United States from Puritan New England through the Old South to

Billy Graham and Pat Robertson the others discuss revivalism in England Norway China and Canada chronicling influential as well as less frequently studied movements This volume explores long held assumptions about revivalism and illustrates its central role in the Christian tradition *Scando-Americana* Nordic Association for American Studies,1980 *News of Norway* ,1967 *The Red Badge of Courage* Stephen Crane,2014-12-19 The story of a young soldier Henry Fleming who flees a Civil War battle The Red Badge of Courage has been celebrated for its depiction of both the physical action of battle and the protagonist s internal struggle Despite the precise and vivid descriptions of the scenes of battle in his fiction Stephen Crane was not born until six years after the war had ended and never saw military service His novel altered the tradition of war literature in its naturalistic emphasis on a single ordinary man facing the horrors of battle This edition includes an important new introduction by James Nagel author of the book Stephen Crane and Literary Impressionism and former president of the Stephen Crane Society Historically significant reviews and commentary from the publication of the novel in 1895 are included along with the deleted Chapter 12 from the novel The short story The Veteran in which the protagonist appears as an elderly man is also included *Nobody's Home* Arnold L. Weinstein,1993 In this broad based study of American fiction canonical and otherwise Arnold Weinstein examines closely the strong ties between language history and culture with a particular focus on freedom of the self **The Scarlet Letter and Other Writings (Second International Student Edition) (Norton Critical Editions)** Nathaniel Hawthorne,2017-02 This perennially popular Norton Critical Edition has been revised to reflect the most current scholarly approaches to The Scarlet Letter Hawthorne s most widely read novel as well as to the five short prose works Mrs Hutchinson Endicott and the Red Cross Young Goodman Brown The Minister s Black Veil and The Birth mark that closely relate to the 1850 novel This Second Norton Critical Edition also includes Revised and expanded explanatory footnotes a new preface and a note on the text by Leland S Person Key passages from Hawthorne s notebooks and letters that suggest the close relationship between his private and public writings Seven new critical essays by Brook Thomas Michael Ryan Thomas R Mitchell Jay Grossman Jamie Barlowe John Ronan and John F Birk A Chronology and revised and expanded Selected Bibliography *From Norwegian Romantic to American Realist* Per Seyersted,Hjalmar Hjorth Boyesen,1984 *Fin(s) de Siècle in Scandinavian Perspective* Faith Ingwersen,Mary Kay Norseng,1993 Essays focusing on the artistic innovations of Scandinavian fin de si cles This collection of essays by eminent Scandinavists focusses on works and artistic movements prominent towards the ends of the last four centuries The last decade of each century has seen amazing innovations in Scandinavian arts especially in literature the flowering of genres in national languages in the 1600s the bawdy rococo voice of Carl Michael Bellman in the 1700s the rise of Scandinavian drama with August Strindberg and Henrik Ibsen and the neoromanticism of the premodernistic novels of Hamsun Each essay is a study from the unique perspective of one of the field s foremost European or American scholars and is inspired by the Renaissance interests of the Norwegian scholar Harlad S Naess The collection as a whole contributes to the creation of a
