Nostradamus Denis Crouzet, 2018-03-16 One of the most enigmatic figures in history Nostradamus apothecary astrologer and soothsayer is a continual source of fascination Indeed his predictions are so much the stock in trade of the wildest merchants of imminent Doom that one could be forgiven for forgetting that Michel de Nostredame 1503 1566 was a figure firmly rooted in the society of the French Renaissance In this bold new account of the life and work of Nostradamus Denis Crouzet shows that any attempt to interpret his Prophecies at face value is misguided Nostradamus was not trying to predict the future He saw himself rather as prophesying i e bringing the Word of God to humankind Like Rabelais for whom laughter was a therapy to help one cope with the misery of the times Nostradamus thought of himself as a physician of the soul as much as of the body His unveiling of the menacing and horrendous events which await us in the future was a way of frightening his readers into the realisation that inner hatred was truly the greatest peril of all to which the sole remedy was to live in the love and peace of Christ This inspired interpretation penetrates the imaginative world of Nostradamus a man whose life is as mysterious as his writings It shows him in a completely new dimension securing for him a significant place among the major thinkers of the Renaissance

Nostradamus Stéphane Gerson, 2012-10-30 We all know the name Nostradamus but who was he really Why did his predictions become so influential in Renaissance Europe and then keep resurfacing for nearly five centuries And what does Nostradamus s endurance in the West say about us and our own world In *Nostradamus* How an Obscure Renaissance Astrologer Became the Modern Prophet of Doom historian St phane Gerson takes readers on a journey back in time to explore the life and afterlife of Michel de Nostredame the astrologer whose Prophecies have been interpreted adopted by successive media and eventually transformed into the Gospel of Doom for the modern age Whenever we seem to enter a new era whenever the premises of our worldview are questioned or imperiled Nostradamus offers certainty and solace In 1666 guests at posh English dinner parties discussed his quatrain about the Great Fire of London In 1942 the Jewish writer Ir ne N mirovsky latched her hopes for survival to Nostradamus prediction that the war would soon end And on September 12 2001 teenagers proclaimed on the streets of Brooklyn that this guy Nostradamus had seen the 9 11 attacks coming Through prodigious research in European and American archives Gerson shows that Nostradamus a creature of the modern West rather than a vestige from some

antediluvian era tells us more about our past and our present than about our future In chronicling the life of this mystifying figure and the lasting fascination with his predictions Gerson's book becomes a historical biography of a belief the faith that we can know tomorrow and master our anxieties through the powers of an extraordinary but ever more elusive seer
