Becker,2007 The Four Aces of Hearts In 1860 Ellen has to give her 4 son s away after her husband was murdered and a mysterious bill of sale showed up she and her son s were evicted On a cold rain filled day laying in the muddy street Short fat bald headed Charlie finds Ellen praying for God to take her life They become partners in the Bull saloon Ellen knew who killed her husband for the gold that was discovered near their ranch It was Fulton After sixteen years Fulton wants to transfer the gold he has taken out of Ellen s ranch He has desires of building his own town Ellen decides to find her four son s and bring them back to Hardin Montana to steal that gold She decides to run a poker tournament to find four men to go after her son s Charlie has kept track of there where abouts She finds two fast guns a dynamite expert and a horse man stage driver She gives each one A PIECE OF PAPER WITH A HEART DRAWN ON IT AND two bags of gold containing 100 00 One for the boy s and one for them with the promise of a lot more If the boy s want to know what the heart drawing is all about they will have to come with you to see me **Passings** Carole A Travis-Henikoff,2010-02-01 From dream research and global belief systems to such unexplained phenomena as bright lights prescient dreams near death and out of body experiences Passings delves into every aspect of the end of life Taking a scientific and anthropological approach Carole A Travis Henikoff looks at how other cultures deal with death how diverse kinds of death are treated differently and how belief systems set the tone for grieving In addition to the use of science and anthropology Travis Henikoff includes both her own personal experiences with the end of life as well as the stories of others who help illustrate the striking realities of passing Beginning with the many deaths that occurred during Travis Henikoff s childhood Passings moves into an up close and personal look at the tragic three and a half year period when Travis Henikoff lost her father husband grandmother mother and daughter By combining the personal the scientific and the unexplained

Passings offers a comprehensive investigation into the end of life that allows readers to both examine their own individual beliefs about the subject and to gain a better understanding about how we as a species cope with death and dying *The Re-Enchantment of the West* Christopher Partridge, 2005-03-04 As a book about emergent spirituality in the contemporary West it focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West Chris Partridge argues that Western Society is permeated by a broad occulture by which he means a reservoir of ideas beliefs theories and practices to which new religions unorthodox spiritualities film and popular music all draw attention This re enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity In many ways it is a religious phenomenon in its own right Partridge s arguments in this regard are well put and I warmly welcome this timely book Mikhael Rothstein University of Copenhagen Denmark

Dynamism and the Ageing of a Japanese 'New' Religion Erica Baffelli, Ian Reader, 2018-12-13 This book is available as open access through the Bloomsbury Open programme and is available on www.bloomsburycollections.com This book

examines the trajectory and development of the Japanese religious movement Agonshu and its charismatic founder Kiriya Seiyu. Based on field research spanning 30 years, it examines Agonshu from when it first captured attention in the 1980s with its spectacular rituals and use of media technologies through its period of stagnation to its response to the death of its founder in 2016. The authors discuss the significance of charismatic leadership, the democratisation of practice, and the demands made by movements such as Agonshu on members while examining how the movement became increasingly focused on revisionist nationalism and issues of Japanese identity. In examining the dilemma that religions commonly face on the deaths of charismatic founders, Erica Baffelli and Ian Reader look at Agonshu's response to Kiriya's death, looking at how and why it has transformed a human founder into a figure of worship. By examining Agonshu in the wider context, the authors critically examine the concept of new religions. They draw attention to the importance of understanding the trajectories of new religions and how they can become old even within their first generation. **He Comes!** James

Brown, 2006-06 [A Visitor in Time](#) Sam I Hamm, 2011-05-11 Time doesn't exist but timing is everything. Sam I Hamm, Nostradamus' Third Anti Christ, the same Anti Christ as predicted in the Bible, is learning this the hard way. It's 1998 and he's supposed to be famous as an author by the year 2000 to ring in the new millennium. What to do? It's the Central Intelligence Agency and Albert Einstein to the rescue. President Clinton sends Albert Einstein and C.I.A. Agent Carl Baxter forward in time to 1998 to help the befuddled Hamm, studying at Harvard's John F. Kennedy School of Government. After Einstein becomes acquainted with Hamm and his friends from Brazil, China, South Africa, and Northern Ireland, Hamm takes Einstein, Baxter, and his friends to Mardi Gras aboard a used New York City bus. Hamm's two racist New Orleans friends show this group a good time in the Big Easy, after which the group continues on to the International UFO Museum and Research Center in Roswell, NM. There the group learns why the UFO phenomenon is classified and something else that Hamm is: Hitler reincarnated. Now what? Hamm and Einstein decide to meet Eva Braun reincarnated as the Gen X bombshell actress Laura Harman and go back in time with her. Baxter and Hamm's friends interview Hitler living on an Argentine in 1968. Does all this result in a novel and also a speech to be delivered at Harvard in 1999 to ring in the new millennium? Read this screenplay and find out.

Where God Was on 9/11 Oluwole J. Odeyemi, 2005-08-18 The book is a classic piece that revealed critically and comprehensively on the mysteries and the spiritual underpinnings of the world-changing terror events of 9/11. It promises to be a point-by-point, blow-by-blow biblical analysis that is reality-related and which cannot be doubted by even the most agnostic. The book also endeavoured to shed light on many other topical issues which have remained bizarre or ever since been shrouded in mystery, viz. biblical accounts and humanity. Such other issues include the truth about the Jewish Holocaust, the angelically induced human breeding experiments in the pre-Deluvian age, the unseverable umbilical cord that tied the USA with Israel, and as well the denial by God of all the omni principles that had been fraudulently ascribed unto Him by man and his reckless philosophy. It promises to be a most intriguing journey ever made in the world of knowledge. Please visit one
