Handbook of Children and the Media Dorothy G. Singer, Jerome L. Singer, 2012 Handbook of Children and the Media brings together the best known scholars from around the world to summarize the current scope of the research in this field

'Manufactured' Masculinity J. A. Mangan, 2014-01-02 Manufactured Masculinity should be considered essential reading for scholars in the humanities and social sciences at every level and in all parts of the academic world It weaves together brilliantly the elements of the manufacture of masculinity in the period world famous public school system for the privileged which serviced the largest empire the world has ever known at the zenith of its control and which has had a significant influence in the formation of the modern world This authoritative study of the making of British imperial masculinity shines light on the period of Muscular Christianity Social Darwinism and Militarism as meshed ideological instruments of both power and persuasion This magisterial study reveals the extraordinary and paramount influence of games fields as the machine tools in an industrial process with the schools as workshops containing cultural conveyor belts for the production of robust committed and confident servants of empire and templates for imperial reproduction in imperial possessions Mainly on efficient production belt playing fields of the privileged minds were moulded attitudes were constructed and bodies shaped for imperial manhood Earlier manliness was metamorphosed morality was redefined and militarism at the high point of imperial grandeur was an adjunct Professor Mangan outlines this unique process of cultural conditioning with a unique range of evidence and analysis This book was published as a special double issue of the International Journal of the History of Sport

Warriors and Worriers Joyce F. Benenson, 2014-01-08 The question of exactly what sex differences exist and whether they have a biological foundation has been one of our culture's favorite enduring discussions It should After a baby is born a parent's first concern is for its physical health The next concern is its sex Only in the most modern societies does sex not virtually guarantee the type of future life a new human being will have Even in modern societies one's sex usually plays a large role in the path a life follows Scientists have published thousands of papers on the subject with the general conclusion being that men and women are mostly the same whatever differences exist have been socialized and what differences exist have to do with women bearing children and men being physically stronger In Warriors and Worriers psychologist Joyce

Benenson presents a new theory of sex differences based on thirty years of research with young children and primates around the world Her innovative theory focuses on how men and women stay alive Benenson draws on a fascinating array of studies and stories that explore the ways boys and men deter their enemies while girls and women find assistants to aid them in coping with vulnerable children and elders This produces two social worlds for each sex which sets humans apart from most other primate species Human males form cooperative groups that compete against out groups while human females exclude other females in their quest to find mates female family members to invest in their children and keep their own hearts ticking In the process Benenson turns upside down the familiar wisdom that women are more sociable than men and that men are more competitive than women **Children's Charities** ,1912 Millennium Girls Sherrie A. Inness,1998

Riding the wave of a booming girl culture worldwide this collection of girls voices from across the globe invites the reader to learn more about their varied girlhoods From coming of age rituals in South Africa to the impact of computers and popular magazines on girls in Japan and Germany the book offers a vision of girlhood from around the world Though a universal experience girlhood is not always carefree Instead as this book documents many girls are not valued for who they are whether culturally socially or intellectually **Boys' Life** ,1990-01 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting Mapping an Empire of American Sport Mark Dyreson,J.A. Mangan,Roberta J. Park,2013-09-13 Since the mid nineteenth century the United States has used sport as a vehicle for spreading its influence and extending its power especially in the Western Hemisphere and around the Pacific Rim but also in every corner of the rest of the world Through modern sport in general and through American pastimes such as baseball basketball and the American variant of football in particular the U S has sought to Americanize the globe s masses in a long series of both domestic and foreign campaigns Sport played roles in American programs of cultural economic and political expansion Sport also contributed to American efforts to assimilate immigrant populations Even in American games such as baseball and football sport has also served as an agent of resistance to American imperial designs among the nations of the Western hemisphere and the Pacific Rim As the twenty first century begins sport continues to shape American visions of a global empire as well as framing resistance to American imperial designs Mapping an Empire of American Sport chronicles the dynamic tensions in the role of sport as an element in both the expansion of and the resistance to American power and in sport s dual role as an instrument for assimilation and adaptation This book was published as a special issue of the International Journal of the History of Sport

Longing and Belonging Allison Pugh,2009-03-04 Even as they see their wages go down and their buying power decrease many parents are still putting their kids material desires first These parents struggle with how to handle children s consumer wants which continue unabated despite the economic downturn And indeed parents and other adults continue to spend billions of dollars on children every year Why do children seem to desire so much so often so soon and why do parents capitulate so readily To determine what forces lie behind the onslaught of Nintendo Wiis and Bratz dolls Allison J Pugh spent three years observing and interviewing children and their families In Longing and Belonging Parents Children and Consumer Culture Pugh teases out the complex factors that contribute to how we buy from lunchroom conversations about Game Boys to the stark inequalities facing American children Pugh finds that children s desires stem less from striving for status or falling victim to advertising than from their yearning to join the conversation at school or in the neighborhood Most parents respond to children s need to belong by buying the particular goods and experiences that act as passports in children s social worlds because they sympathize with their children s fear of being different from their peers Even under financial constraints families prioritize children feeling normal Pugh masterfully illuminates the surprising similarities in the fears and hopes of parents and children from vastly different social contexts showing that while corporate marketing and materialism play a part in the commodification of childhood at the heart of the matter is the desire to belong

Muscular Christianity and the Colonial and Post-Colonial World John J. Macaloon,2013-09-13 This Volume explores the enormous impact the ethos of Muscular Christianity has had an on modern civil society in English speaking nations and among the peoples they colonized First codified by British Christian Socialists in the mid nineteenth century explicitly religious forms of the ideology have persistently re emerged over ensuing decades secularized essentialized and normalized versions of the ethos the public school spirit the games ethic moral masculinity the strenuous life came to dominate and to

spread rapidly across class status and gender lines These developments have been appropriated by the state to support imperial military and colonial projects Late nineteenth and early twentieth century apologists and critics alike widely understood Muscular Christianity to be a key engine of British colonialism This text demonstrates the need to re evaluate the entire history of Muscular Christianity comes chiefly from contemporary post colonial studies The papers explore fascinating case materials from Canada the U S India Japan Papua New Guinea the Spanish Caribbean and in Britain in a joint effort to outline a truly international post colonial sport history This book was published as a special issue of the International Journal of the History of Sport

The Video Game Explosion Mark J. P. Wolf, 2007-11-30 The Video Game Explosion A History from PONG to PlayStation and Beyond traces the growth of a global phenomenon that has become an integral part of popular culture today All aspects of video games and gaming culture are covered inside this engaging reference including the leading video game innovators the technological advances that made the games of the late 1970s and those of today possible the corporations that won and lost billions of dollars pursuing this lucrative market arcade culture as well as the demise of free standing video consoles and the rise of home based and hand held gaming devices In the United States alone the video game industry raked in an astonishing 12.5 billion last year and shows no signs of slowing Once dismissed as a fleeting fad of the young and frivolous this booming industry has not only proven its staying power but promises to continue driving the future of new media and emerging technologies Today video games have become a limitless and multifaceted medium through which Fortune 50 corporations and Hollywood visionaries alike are reaching broader global audiences and influencing cultural trends at a rate unmatched by any other media
