Not by Accident Isabel Fleece,1987-03-01 **I Want My Son Back** Robert Carey,Rusty Fischer,2003-03-25 Ask Yourself What if it Happened to YOU According to the U S Census Bureau there were nearly 2 000 000 divorces performed in 1999 Nearly half of those divorces involved children We ve all heard the heart rending stories of bitter divorce proceedings and child custody hearings that tear families apart and pit husband against wife child against parent But now comes the shocking true story of a woman who would go too far and a man who was willing to go even farther to get his son back I WANT MY SON BACK The Harrowing True Story of a Father s Fight for Custody is the shocking tale of widower Robert Carey and his ongoing struggle to regain legal and physical custody of his highly functioning autistic son Michael From undeniable source documentation including DA files police reports and county records I Want My Son Back tells the riveting true story of how the legal system stole the rights of the biological parent and named an ex stepparent as custodian to young Michael and turned both of their lives into a living hell For additional information check the author s website www.iwantmysonback.net

were sent to more than sixty bereaved parents of adult children who died and many anonymous examples from these questionnaires are used throughout the book

Congressional Record United States. Congress,2000 **An Exposition of the Old and New Testaments** George Burder,Joseph Hughes,1833 Carnal Society Randal R. Chance,2013-05 The intent of his book is to improve the management and operation of the criminal justice systems through public awareness of the dark and corruptive insides of these massive systems A major goal of his work is to improve the daily treatment of young incarcerated Americans with the hope of preventing these young people from entering into the adult criminal justice system Another goal is to improve the training for managers and administrators of these programs so that employees can be better selected trained and treated and so that they can serve as better role models and supervisors for the youth of America Most criminal misbehavior can be altered and turned in a positive direction with decent personal treatment and adequate programs for their individual problems To allow the continued mistreatment of these individuals is to throw away their future and the future of America Chance has discovered a multitude of problems within these systems through his investigations inquiries and handling of thousands of complaints about the sexual abuse mistreatment neglect and exploitation of both the inmates in these systems and the employees who work under unbearable conditions Odessa American Why? Why Did My Children Die? Bob Seaver BSEE MBA ThM,2022-08-13 In a tragic instant in 1998 my relatively normal world as a mature man family provider and wage earner Christian husband and father changed drastically but also my God changed or at least my perceptions and expectations of God and life in general were severely shaken The world I went to bed with was not the world I awakened to early the next morning to learn that my only daughter was dead The emotions that engulfed me were then and are to this day unfathomable emotions pain doubt anger and many other religious and interpersonal struggles that I ve called bitter grief The faith and religion that I had depended on and expected to provide strength understanding and comfort for most of my fifty four years in such a situation were now very quickly major parts of my problem Simplistic efforts to console and explain to ease my pain to answer my questions just angered me and aggravated my bewilderment Eventually this book emerged at first from the relentless conflagration of emotions and distress that first started their expression as a journal stressing my need for meaningful support and empathy following the open surprise bewilderment and guilt ridden feelings of divine betrayal that gripped me after my only daughter was killed in a tragic one vehicle accident The total impact that my daughter s death had on me was finally confirmed sixteen years later following the unexpected death of my eldest son This book recalls and reflects my personal experiences of dealing with bitter grief and as a whole describes my feelings actions and even my very questionable thinking from that traumatic beginning the sometimes dark and unthinkable emotions and reasoning that followed my child s death not as I had expected that I should have or would have felt or thought but as I actually did feel and think triggering the overwhelming need to ask endless questions and then seek to understand I had to ask and continue to ask why until I understood well enough to again be at peace with God Why is perhaps the most

fundamental question of life Why does anything exist And especially Why does life exist If there is a Creator God who loves us why do pain and suffering exist And I now realized that if one s religion and faith don t satisfactorily address the problem of severe human suffering and horrific tragedy then they must lack the capacity to interpret the human experience or to provide a realistic or adequate world view Thus I had to ask why questions that reached well beyond the deaths of my children For the first time I had to step outside of my now crumbling former religious comfort zone to consider my tragic and bitter losses and God s role in my losses and His role in all the other terrible pain suffering and death that exists in the world I had to ask myself very difficult questions and try to understand Why the harsher and horrific things of life happen but more specifically Why Jodi Why me and Why now I ve tried to honestly consider why life often seems so unfair but this was a surprisingly difficult thing to do to seriously question the things I had come to believe and to expect from life and from God And then sixteen years later by God s sovereign choice I got a second chance to look at and reassess Why following the death of my eldest son Brian This book is also in some sense a lament and a chronicle though somewhat topical and not strictly chronological of my life as a distraught bereaved parent transitioning by means of bitter grief and sorrow to some new more stable normal under the sovereign leading of God as must others who also suffer bitter grief This book is the story of my life since April 23 1998 my experiences successes and disappointments and I hope they will be of value to you as you deal with your own bitter grief and or try to help others cope with theirs

Passage to the Real Self Inn Sook Lee,2009-05-15 Asian women both in Asia and the United States are in search of the courage to find and integrate their authentic real selves in a multicultural milieu This book makes the argument that since Asian American women live in the periphery of the multicultural West they need to strengthen the psychological process of self integration assimilating neither to traditional cultural demands or those of the larger society They desire self reliance search for meaning in practicing love and justice for others while living in a permanent pilgrimage between worlds The passages identified in the self integration process are conscientization introspection and integration After much suffering under patriarchy hierarchy and rejection Asian American women launch into conscientization and incorporate their evolving selves in introspection They engage in self analysis sociocultural analysis and healing their codependent selves The women finally achieve autonomous synergetic selves and realign psychological aspects develop inner strength and a deep spirituality at their core selves thus embodying peace in their hearts

British Journal of Children's Diseases ,1905 **Upper Room Bulletin** Ann Arbor. Upper Room Bible Class,1918 Soviet Life ,1968-07 **Learn to Lose A LITTLE to GAIN MUCH MORE IN RETURN** Pierre Fenelon,2025-08-06 The Bible teaches us that life is a journey there is a beginning and certainly there is an ending In this life s journey for everyone the pathways seem different and sometimes the journey itself becomes a struggle and different as we go along It was not supposed to be that way something had happened unfortunately which made everything change both in the visible and in the invisible about this life For each generation since the beginning of human existence we have seen

people being born and people who were dying not in a specific time only but also of all ages We seem to understand the paradigm of birth among humanity because in many ways it propels the idea of living of something to look forward to and it raises up our hopes our expectations throughout the journey but we still grapple with the mystery of death and it scares us a lot because generally its effect has left us with unanswered questions In this book Learn to lose a little to gain much more in return Understand the law of reciprocity The author intends to remove any doubt you might have concerning life itself and of course concerning the mystery of death There is not going to be a formula that can take away your struggles but this book will help you understand your struggles and help you with some principles to know how to navigate through life in spite of all the struggles it brings For everyone the journey may have been different when it began and along the way life may have been totally unfair but the destination can be rewarding if each individual seeks to apply God s principles of this life s journey The struggles the chaos of this life at last will not bother anybody anymore once you reach that glorious destination The fact is we all can get there safely but only if each one of us meets the requirements Would you like to go there Aren t you curious to know how to get there Come start reading the book right away to find out
